Chiang Kai-shek, Filipino President Quirino Reach Agreement On Pacific Alliance To Oppose Communism Tide

BAGUIO, Philippines, July 12.—(P)—An informed diplomatic source said today President Elpidio Quirino and Generalissimo Chiang Kai-shek had reached agreement on a four-point anti-Communist program.

The points listed as having been agreed upon by the Philippines president and the "retired" president of nationalist China were:

Formation of a Pacific union, a united front against Communism, economic collaboration and further strengthening of ties between China and the Philippines.

The Philippines, China and Korea would form the nucleus of the proposed union. The plan is to get the union into working order as soon as possible and to extend invitations to other Pacific nations and Asiatic countries to participate.

The diplomatic source said an invitation to President Rhee of Korea to come to the Philippines for discussions was being prepared. Rhee voiced sentiment in favor of a Pacific pact recently.

Military aid was ruled out in the discussions between Quirino and Chiang.

There was no official statement on the military aspect of the two-day old talks which brought the Chinese nationalist leader from his Formosa retreat to Quirino's summer capital.

An informed source, however, said that, banded together, countries of the Western and Southwest Pacific could help each other politically and economically. But these nations, it was felt, do not have the armed might to justify a mutual military assistance pact.

Earlier, another source said it had been agreed tentatively that the Philippines, Nationalist China and American-occupied South Korea should initiate the anti-red front. Then invitations would be extended to such neighbors as Siam, Indonesia, India, Australia and New Zealand.

Chiang, with a party of 14, came by plane. He has set up his headquarters on Formosa since "retiring" as president of

China. Chinese Communists now occupy much of the country he ruled so long.

Quirino told newsmen he gathered from private talks with Chiang that the generalissimo intends to return to Formosa and fight on as best he can against the Communists.

One of Chiang's advisers, former information minister Shen Changhuan, indicated the question of Japan's participation in the Pacific alliance was "out of the picture for the time being."

Billy Haynes, Desperado, Still Eludes Pursuers

ALBUQUERQUE, N. M., July 12.—(P)—William "Billy" Haynes, 30-year-old desperado, gave a New Mexico posse the slip Sunday night.

Officers expressed belief the armed fugitive eluded police traps in the rain-soaked Manzano mountains, returned about here and stole an auto.

The auto taken was a 1941 blue Mercury sedan, Cyril Luker, regional Soil Conservation Service director, reported it stolen from his home at 1 a. m. Monday.

Half an hour later Ivan Foote, oil station attendant on U. S. Highway 85, said he gassed the auto.

From pictures, he later identified the driver as Haynes. The search now centers along the highway south of Albuquerque.

Through the night, cold and wet officers combed the mountains for Haynes, who has been hunted since Friday when the wrecked Cadillac he drove was found abandoned in a mountain ditch.

Haynes, alias Bill Brady, is wanted for auto theft, for questioning in a Utah postoffice robbery, and for helping Marshall Huff escape from the Benton County jail at Corvallis, Ore., last month. Huff is in jail here.

DIAL-LOG

The producers of "Favorite Story" asked Clyde Beatty, world famous circus impresario and animal trainer, to name his best-loved story. He chose the story that sold over 3,000,000 copies, General Lew Wallace's story of the Bible, "Ben Hur" . . . which is tonight's "Favorite Story" presentation at 7:30. John Beal, well-known American actor who appeared with Katherine Hepburn in "Little Minister" and on Broadway in "The Voice of the Turtle," will play the part of Ben Hur. Marvin Miller and Janet Scott will also be heard in tonight's presentation of "Ben Hur."

Stay tuned for Alan Ladd in "Box Thirteen" at 8 . . . "Jovin Jamboree" at 8:30 . . . and Don Douglas as "John Steele, Adventurer" at 10, whom you see pictured above.

Most of the Army men who protected the westward advance of the railroad in the U. S. served with credit. But "The Cisco Kid" episode Sunday night at 7:30 will tell of a man who did not receive the credit he deserved. The story is titled "The Cisco Kid—Cashiered." Harry Lang, by the way, who plays the part of "Pancho" in "The Cisco Kid" series, figures that in playing this part for over three-and-a-half years, he has consumed tortillas and frijoles at such a rate, that, laid end to end, they'd keep Olivera Street in Hollywood a couple of months.

Bob Moon, emcee of the week-day "Ladies First" series (11 to 11:30 a. m.), makes a guest appearance on the airing of "The Casebook of Gregory Hood" show tomorrow night at 10. Bob will play himself, as Gregory Hood (Elliott Lewis) shows the young emcee how scientific deduction makes for a solution to a seemingly clueless crime.

Truman Vetoes Bill To Compensate Mining Firms For Wartime Losses

WASHINGTON, July 12.—(P)—President Truman yesterday vetoed a bill to compensate mining companies for certain wartime losses resulting from production of scarce strategic minerals and materials.

"I do not believe that the mining industry as a whole wants to adopt the policy that the government should guarantee it against loss in time of emergency," the President said in a statement. He added:

"Regulation of industry and assistance to industry in time of war are necessary. They can be carried out without eliminating all risk of financial loss and opportunity for profit with the resulting incentive for greater efficiency and lower cost."

The President declared the measure would compensate the mining industry "for virtually all losses sustained during the war in connection with mining, or attempting to mine, strategic or critical metals and minerals," and provide compensation for losses including net capital expenditures.

"It would also provide compensation for losses which occurred in attempting to supply
