Timber Vigil Inspected By Forest Assn. Group

Four buildings—including quarters and cook house and equipment buildings—were completed ready for use this year. With this new modern unit in use, plans are to abandon the South Myrtle station and move the facilities to a location on the Pacific Highway between Azalea and Glendale. It is not yet certain when this move will be made, according to Fargeter. On their way south, the caravan of cars stopped at the Ford Lumber Co. mill at Dillard, where approximately 20,000,000 board feet of logs is stored in the pond and cold deck. A stop was also made at Harbor Plywood, where 12,000,000 feet of logs are stored ready for winter use. A noon meal was served to the group at the Gazley station dining room. In the afternoon they continued their trip to Bland Mountain look-out, which overlooks Days creek and the South Umpqua basin. The association now has 15 lookouts, all of which are accessible by car except one, White Rock, out of Myrtle Creek. The two latest lookouts are Chivigny and I Made mountains, both in operation for the first time this year. These were to be inspected today. All lookouts are equipped with the latest radio installations, as well as telephones, for quick reporting of fires. Today's inspection will be largely in the North Umpqua area, with luncheon at Ildleyd Park. An informal dinner was held for members on the tour last night at the Hotel Umpqua. Several members spoke briefly.

U. S. Scientists Linked With Communist Spies

The Blair House conference, bringing together high government and congressional leaders, was the first of two major conferences which have been held on atomic matters. The second was a meeting at the capitol yesterday, called by the Senate-House Atomic Energy committee. The second meeting appeared to have eased misgivings of some lawmakers that the president might act on his own to give Britain some A-bomb secrets. They said, after another top-level, hush-hush atomic conference yesterday, that they would not now press for a move to keep the president from acting by executive order in this field. Mr. Truman told reporters the subject of the Blair House meeting was important, as are all subjects on which he calls conferences. He said that newspaper accounts were exaggerated—there were no deep dark secrets at the meeting. As to the news "leaks" about the meeting, Mr. Truman said with warmth in his voice that it was the first occasion on which any persons invited to a White House meeting had leaked to the press. He did not like it, he added. Asked if he knew who it was that leaked, he said: "Yes, he did. He was asked if that person would attend a second White House conference. Mr. Truman said there had been no second conference. He would not comment further. Concluding his remarks, he asked the newspaper men to be patient until all the rumors are floored. There seemed no doubt that some of the concern which developed in congress had quieted down. Auctions will be at Eugene Aug. 16 and Salem and Bend Aug. 17.

Truman Decorates Aide In Mock Ceremony

Guatemala. Vaughan declined to comment on the congressional investigation of persons allegedly using influence to obtain government contracts. He expressed anger when a reporter asked about the financing of the vacation trip, and said each passenger paid his own fare. Mock Decoration Told Newsweek said that when Vaughan reported for duty last Monday Mr. Truman, looking severe, fished a pink-ribboned package from his desk and ordered the general front and center. "In recognition of your courage and intrepidity over and beyond the call of duty," Newsweek hereby decorate you with the medal operation union station." The President then pinned the medal on Vaughan's uniform. It consisted of a bar inscribed "operation union station, July 6, 1949, Maj. Gen. Harry H. Vaughan, U.S.A., From President Harry S. Truman." Suspended from the bar was a disc bearing a picture of a desolate stretch of railroad tracks. Newsweek said Vaughan was relieved to get off so easily. May Be Summoned Senator Hoey (D-N.C.) said today there is a possibility that Vaughan may be asked to testify in the Senate inquiry. Hoey is chairman of a Senate expenditures subcommittee which is completing plans for a public inquiry into allegations of the use of influence in the awarding of government contracts. The term "five percenters" has been applied to persons who help manufacturers get government contracts for a fee. There have been charges that some of those persons have claimed influence with government officials. The subcommittee's preliminary investigation already has resulted in the suspension of Maj. Gen. Alden H. Walt, chief of the army's chemical corps, and Maj. Gen. Herman Feldman, the quartermaster general.

Atom Bomb At Issue As Pact Vote Near

When the Senate convened today, Wherry brought the matter up again. "I ask the question," Wherry said, "are we to share the atomic bomb, its secrets, and the know-how? Will they (the other pact members) have the right to use it? Is there a moral or legal commitment to do that very thing?" Reservation Urged Wherry pleaded that the Senate adopt a reservation he and Senators Taft (R-Ohio) and Watkins (R-Utah) are sponsoring. It would say that the treaty does not commit the United States to give military aid to pact nations. By adopting it, Wherry declared, "the door is tightly, firmly closed against any moral or legal obligations upon the United States to furnish the atomic bomb or any of the materials or know-how in the making of it." The administration plans to submit a \$1,450,000,000 arms aid program to Congress later. The program is generally expected to go up soon after the treaty is ratified—perhaps tomorrow. The Senate vote on the treaty is to come late today. Would Recall MacArthur In his senate speech, Wherry demanded also that President Truman recall Gen. Douglas MacArthur from Japan. "The administration is long overdue in bringing General MacArthur back home so that he might appear before Congress and give Congress and the American people his advice and judgment on policies affecting the Pacific," Wherry said. "Certainly the American people should have a first-hand report on his accomplishments in Japan." Wherry said that if his reservation is rejected, he will vote against ratification of the treaty. Senator Donnell (R-Mo) suggested that Wherry revise his reservation to say specifically that the United States would be under no moral or legal obligation to furnish atomic bombs or information about it to the other 11

Band Concert To Be Given Tonight

Another in the series of summer band concerts will be held at 8 o'clock tonight in the library park on Rose street. Lem Bitner, municipal band director, announced the following program: "March, 'North Wind,'" Chambers. "Old Timers Waltz," Lake. Spanish march, "Valencia," Padilla. Songs by Spebaqua organization, composed of Emmet Meek, lead; Jack Gorthy, tenor; Dick Mechen, arranger; Cliff Kinch, bass. Overture, "Poet and Peasant," Suppe. Novelty, "Old Time Stuff." March, "Stein Song," Feustad. "Star Spangled Banner." Owing to the fact that several members of the band will be going on their vacations, there will be no concert next week. The concert will be resumed, however, on Aug. 4, said Bitner.

William Hugh Morris, Klan director and member of the board of governors, said he has accepted Dr. Pruitt's resignation "with reluctance." Morris made his announcement from a cell at county jail, where he is in the 14th day of an indefinite contempt of court sentence. He was ordered kept there until he produced Klan records for a grand jury. Meanwhile, attorney general Carmichael announced he will file suit in Birmingham to revoke the charter of the Federated Klans. He turned to the courts after the Jefferson county (Birmingham) legislative delegation refused to sponsor a local bill revoking the charter.

Forgery Charge Faced After Orgy Of Check Passing

APPLETON, Wis., July 21.—(AP)—A former Oregon resident was held in jail for a 1946 forgery here today and Sheriff Andrew Schiltz said the man had passed out a fortune in checks in recent weeks. Many of the checks, in amounts of \$1,000 to \$10,000, were gifts to friends and relatives. The sheriff said an investigator had run down about \$150,000 of the checks handed out by Edward B. Gallion, until recently of Eugene, Ore. He said Gallion had inherited about \$100,000 from an M. J. Miller, a Eugene construction superintendent. He said Gallion produced a newspaper clipping telling of the inheritance. Gallion was arrested for forging a \$54 bank note and has pleaded guilty to the 1946 crime. He is held under \$5,000 bond awaiting sentence. The sheriff said a Eugene bank reported Gallion's account held \$89,000 check which Gallion sent him with instructions to send a cashier's check for the amount to his sister. Gallion, arrested here Monday, was driving a 1948 automobile purchased from a Kimberly, Wis., dealer with a \$1750 check. The arrest on the 1946 forgery warrant followed a banker's complaint he had received a bogus \$1,000 check. Schiltz said Gallion quit his job here and left town in 1946 before the warrant could be served.

forth in the law. If their applications for increases are denied, they still have recourse to the rent advisory board. This board is composed of citizens who meet regularly to consider the appeals from rent control decisions. Clay said he never overrides the recommendations of these local boards. "There are many grounds on which rents may be increased," he commented. The city council committee, composed of Mayor Albert G. Flegel, Jack Hart, Chester Morgan, Percy Croft and Frank Ashley, was told that the local rent advisory board will be meeting next Wednesday. Mayor Flegel said his committee will be represented at the meeting. Should the city council feel that decontrols are necessary in this area, they must first hold a public hearing. Based on the findings of the hearing, they must recommend to the governor that rents be decontrolled. He in turn forwards the recommendation to the U. S. housing expediter, who then is required to put decontrols into effect. Roseburg is within the Douglas County Defense Rental area, which embraces the entire county. If rent controls are relaxed for Roseburg, then decontrols are likely to go into effect throughout the whole county, said Clay. Defense rental areas under Clay's jurisdiction include Marion, Polk, Benton, Linn, Lane and Douglas counties.

Guardsmen Maintain Order As Negroes Return to Homes

GROVELAND, Fla., July 21.—(AP)—Negroes began filtering back to their homes here today, their fears calmed by National Guard troops in fighting array. Some loafed on the lone business street of this tiny lumber and truck farming town. They seemed at ease for the first time since racial violence broke out last Saturday after the rape of a white housewife. Three Negroes were indicted for the crime late last night. Troops, 300 strong, lollied beside 50-caliber machine guns and weapon carriers. Not far away, two guard planes were ready to take to the air if needed. Some townsfolk hoped the guard would remain over the weekend, fearing another outbreak if they left. The guardsmen kept a weather eye out for trouble after noting a sudden influx of cars from Alabama and Georgia. One man was nabbed by guardsmen late last night and a pistol confiscated after he had been observed cruising near a Negro settlement at nearby Clermont. He was released. The indictment of the three Negroes for the rape of Mrs. Willie Padgett was returned almost on the stroke of midnight by a special grand jury convened at the Lake county seat of Tavares, 25 miles from here. Accused of the crime, a capital offense in Florida, were Charlie Greenlee, Samuel Shepherd and Walter Irvin, all about 20. Among the 18 jurors returning the indictment was a lone Negro, March Debose of Umatilla. Court attaches said it was the first time in their memory that a Negro had served on a grand jury though they have sat on juries in lesser cases.

It would say that the treaty does not commit the United States to give military aid to pact nations. By adopting it, Wherry declared, "the door is tightly, firmly closed against any moral or legal obligations upon the United States to furnish the atomic bomb or any of the materials or know-how in the making of it." The administration plans to submit a \$1,450,000,000 arms aid program to Congress later. The program is generally expected to go up soon after the treaty is ratified—perhaps tomorrow. The Senate vote on the treaty is to come late today. Would Recall MacArthur In his senate speech, Wherry demanded also that President Truman recall Gen. Douglas MacArthur from Japan. "The administration is long overdue in bringing General MacArthur back home so that he might appear before Congress and give Congress and the American people his advice and judgment on policies affecting the Pacific," Wherry said. "Certainly the American people should have a first-hand report on his accomplishments in Japan." Wherry said that if his reservation is rejected, he will vote against ratification of the treaty. Senator Donnell (R-Mo) suggested that Wherry revise his reservation to say specifically that the United States would be under no moral or legal obligation to furnish atomic bombs or information about it to the other 11

War On Hooded Mobs In Alabama Spurred

William Hugh Morris, Klan director and member of the board of governors, said he has accepted Dr. Pruitt's resignation "with reluctance." Morris made his announcement from a cell at county jail, where he is in the 14th day of an indefinite contempt of court sentence. He was ordered kept there until he produced Klan records for a grand jury. Meanwhile, attorney general Carmichael announced he will file suit in Birmingham to revoke the charter of the Federated Klans. He turned to the courts after the Jefferson county (Birmingham) legislative delegation refused to sponsor a local bill revoking the charter.

Forgery Charge Faced After Orgy Of Check Passing

APPLETON, Wis., July 21.—(AP)—A former Oregon resident was held in jail for a 1946 forgery here today and Sheriff Andrew Schiltz said the man had passed out a fortune in checks in recent weeks. Many of the checks, in amounts of \$1,000 to \$10,000, were gifts to friends and relatives. The sheriff said an investigator had run down about \$150,000 of the checks handed out by Edward B. Gallion, until recently of Eugene, Ore. He said Gallion had inherited about \$100,000 from an M. J. Miller, a Eugene construction superintendent. He said Gallion produced a newspaper clipping telling of the inheritance. Gallion was arrested for forging a \$54 bank note and has pleaded guilty to the 1946 crime. He is held under \$5,000 bond awaiting sentence. The sheriff said a Eugene bank reported Gallion's account held \$89,000 check which Gallion sent him with instructions to send a cashier's check for the amount to his sister. Gallion, arrested here Monday, was driving a 1948 automobile purchased from a Kimberly, Wis., dealer with a \$1750 check. The arrest on the 1946 forgery warrant followed a banker's complaint he had received a bogus \$1,000 check. Schiltz said Gallion quit his job here and left town in 1946 before the warrant could be served.

Landlords Get Advice On Rent Decontrol Aim

forth in the law. If their applications for increases are denied, they still have recourse to the rent advisory board. This board is composed of citizens who meet regularly to consider the appeals from rent control decisions. Clay said he never overrides the recommendations of these local boards. "There are many grounds on which rents may be increased," he commented. The city council committee, composed of Mayor Albert G. Flegel, Jack Hart, Chester Morgan, Percy Croft and Frank Ashley, was told that the local rent advisory board will be meeting next Wednesday. Mayor Flegel said his committee will be represented at the meeting. Should the city council feel that decontrols are necessary in this area, they must first hold a public hearing. Based on the findings of the hearing, they must recommend to the governor that rents be decontrolled. He in turn forwards the recommendation to the U. S. housing expediter, who then is required to put decontrols into effect. Roseburg is within the Douglas County Defense Rental area, which embraces the entire county. If rent controls are relaxed for Roseburg, then decontrols are likely to go into effect throughout the whole county, said Clay. Defense rental areas under Clay's jurisdiction include Marion, Polk, Benton, Linn, Lane and Douglas counties.

Guardsmen Maintain Order As Negroes Return to Homes

GROVELAND, Fla., July 21.—(AP)—Negroes began filtering back to their homes here today, their fears calmed by National Guard troops in fighting array. Some loafed on the lone business street of this tiny lumber and truck farming town. They seemed at ease for the first time since racial violence broke out last Saturday after the rape of a white housewife. Three Negroes were indicted for the crime late last night. Troops, 300 strong, lollied beside 50-caliber machine guns and weapon carriers. Not far away, two guard planes were ready to take to the air if needed. Some townsfolk hoped the guard would remain over the weekend, fearing another outbreak if they left. The guardsmen kept a weather eye out for trouble after noting a sudden influx of cars from Alabama and Georgia. One man was nabbed by guardsmen late last night and a pistol confiscated after he had been observed cruising near a Negro settlement at nearby Clermont. He was released. The indictment of the three Negroes for the rape of Mrs. Willie Padgett was returned almost on the stroke of midnight by a special grand jury convened at the Lake county seat of Tavares, 25 miles from here. Accused of the crime, a capital offense in Florida, were Charlie Greenlee, Samuel Shepherd and Walter Irvin, all about 20. Among the 18 jurors returning the indictment was a lone Negro, March Debose of Umatilla. Court attaches said it was the first time in their memory that a Negro had served on a grand jury though they have sat on juries in lesser cases.

Atom Bomb At Issue As Pact Vote Near

the comment that "Senator Wherry has a lot of ungrounded fears about the treaty which I'm not interested in." Wherry had raised questions yesterday about the A-bomb and the treaty. At that time, Senator McMahon (D-Conn) — chairman of the Senate-House atomic energy committee—said the treaty carried no obligation to share atomic secrets. He said the question should be considered when the arm-for-Europe program is taken up by Congress. When the Senate convened today, Wherry brought the matter up again. "I ask the question," Wherry said, "are we to share the atomic bomb, its secrets, and the know-how? Will they (the other pact members) have the right to use it? Is there a moral or legal commitment to do that very thing?" Reservation Urged Wherry pleaded that the Senate adopt a reservation he and Senators Taft (R-Ohio) and Watkins (R-Utah) are sponsoring. It would say that the treaty does not commit the United States to give military aid to pact nations.
