**Let's Talk Things Over**

Money doesn't go a long way in these days. That's what a friend said to me the other day. My reply was that it all depended on how he spent it, and I told him that I could put him in the way of securing a sizeable estate, say \$10,000, for a down payment of a few dollars. What is more, even if he were to die anytime soon after the first down payment, the whole estate of \$10,000 would belong

to his family without the spending of another penny.

And, let me tell you, many large estates of several thousand dollars have come to the rescue of Sun Life beneficiaries following a first and only payment of a few dollars by a husband and father who realized the uncertainty of the future but knew how to make the best use of savings.

Let's talk things over—today!
