

## W. Common Dies At Garden Valley

William Common, 79, resident of this community for 29 years, died July 28 at his Garden Valley home. He was born Aug. 8, 1869, in Moreth, New Castle, England. He left England in 1889 moving to Canada, where he lived until 1920 and then came to Oregon settling in the Riverside district. He was a communicant of the Episcopal church of Roseburg.

Surviving are his widow, Ottilie, Garden Valley; a son, Melchor Common, San Francisco; a daughter, Mrs. Melville Davis, San Mateo, Calif.; two brothers, Thomas and Robert Common, both of Canada; and two sisters, Mrs. Sarah Pask, Canada, and Mrs. Mary Crow, of England.

Funeral services will be held in The Chapel of The Roses, Roseburg funeral home, Monday, Aug. 1, at 10 a. m., with Rev. A. S. Tyson officiating. Vault interment will follow in Masonic cemetery.

## Hawaii Will Set Up Its Own Dock Service

(Continued from page 1)

Legislators did not see eye to eye on the bill.

House Speaker Hiram Fong and Vice Speaker Heben Porteus, both republicans, said the measure would be equally hard on union and employers.

"The union will get no work and the stevedore firms will get no profits," Porteus said.

The ILWU call for west coast union support against Matson followed repeated threats by President Harry Bridges and other ILWU officials. They have said the strike would be carried to the mainland if the territory tried to break it with legislation. They want U. S. arbitration of the dispute.

## Arthur N. Denny Will Open Accounting Office

Arthur N. Denny will open an accounting office Aug. 1 at 112 N. Stephens St. He will be affiliated with the Grant Business college as an instructor in business administration.

Graduating at Elkton high school and furthering his education three years at Oregon State college, he entered the armed forces in the fall of 1941, serving four years in the Pacific theater, with the 41st division.

After this he completed his studies at Behnke Walker Business college, Portland, and for the last year and a half has been employed as instructor at Bremerton Business college.

## Japanese Pastor Tells Of Hiroshima Bombing

(Continued from page 1)

tened, he related. People began emerging with bleeding wounds. He got up from where he lay on the ground and ran up the hill for a panoramic view of the city. He could not comprehend the devastation he saw.

The whole city seemed flattened. Such destruction under ordinary bombing would have taken a whole squadron of planes all day. This took place in a moment.

The Rev. Mr. Tanimoto said he saw injured people with no expression of emotion in their faces. The shock had been too great. Cries of help came from those buried inside the leveled buildings.

Everywhere roads were blocked by fire. Mr. Tanimoto had to make extensive detours in order to reach the part of the city where his mission was located. There he worked for days, continuously giving aid to the injured people.

"I was exceptional in not being injured," he said.

## Radiation Also Fatal

Within a quarter-mile of the center of the explosion, people were instantly killed. Within a half-mile, people were buried under rubble or burned to death. Escapes gradually died from the effects of radiation.

Even country people, who visited the scene of the bombing weeks later, were affected by radiation. Doctors and nurses who came in contact with the victims did not escape.

Casualties numbered 200,000 of the city of 400,000, said Rev. Mr. Tanimoto.

## Japanese Not Bitter

The people of Hiroshima now wish to commemorate this catastrophe as "world peace day" each year, with the prayer that no such experience will ever befall any city anywhere again, he said.

A shrine of peace at Hiroshima could be supported by the government, and in the United States it could be sponsored by such groups as the Methodist organization for world peace. Prominent Americans could also lend their aid.

Rev. Mr. Tanimoto declared the Japanese are not "bitter" about the attack. "We were responsible," he said. "Our nation started the war first." Out of the bombing came a realization of spiritual needs and there has been a Christian awakening in Japan, he added. "Many thousands of Bibles are needed."

As a military target, Hiroshima had four major war industries, Mr. Tanimoto commented. These were located in the suburbs and, ironically, were not harmed in the attack.

The boyhood home of General Dwight D. Eisenhower at Abilene, Kansas was dedicated as a national shrine June 22, 1947.

## Visiting Traffic Violators Given Courtesy Cards

Out-of-state minor traffic violators, starting today, instead of being cited in court, will be presented a visitor's courtesy card, Chief of Police Calvin Baird announced.

Special traffic courtesy tickets, as an experimental measure, have been printed by authority of the city council.

They state: "This is not a summons but merely to call your attention to the fact that you have violated our traffic code in the following manner. We will appreciate your cooperation and invite you to visit Roseburg again."

It has been pointed out that too frequently a town receives unfavorable publicity by presenting out-of-state visitors with tickets for minor infractions, and many neglect to pay. The theory back of the courtesy card is to obtain the motorist's cooperation with a reminder, rather than a fine, and by such means encourage tourists to visit Roseburg.

## Choice Of Clark For High Court Approved

(Continued From Page One)

that he is ready to take the court post.

## Religion Ignored

In his announcement of choosing Clark and McGrath for the new appointments, President Truman made it clear that he does not believe that a man's religious faith has any place in consideration of appointments for membership on the high court, as long as the appointee is qualified for the work.

Clark, a Texan, is a Presbyterian.

The late Justice Frank Murphy was the only Roman Catholic on the high bench.

McGrath is a Roman Catholic. In connection with the selection of a Protestant for the court post, the President was asked if he had any feeling that the major minority groups should be represented on the high bench.

He said it made no difference whether a man was a Catholic, Baptist or Jewish, and the question of faith had nothing to do with his qualification.

## Confirmation Assured

Despite his position as Democratic national chairman, McGrath seemed likely to escape any serious criticism in Senate consideration of his appointment.

Whether Clark would get by without some harsh words remained in doubt. Chairman McCarran (D-Nev.) of the Senate judiciary committee, which will handle both nominations, has had some recent brushes with the attorney general.

Senator Kerr (D-Okla.) criticized Clark in the 80th Congress for what he said was the attorney general's failure to prosecute vigorously Kansas City vote fraud cases.

Kerr wouldn't comment on the possibility that he would renew his attack on the present cabinet member.

In any case, indications were the Senate will confirm the appointments within a relatively short time after they are sent to it officially.

Senator Kerr (D-Okla.) called them "fine appointments." "Both of them are good men," agreed Senator Sparkman (D-Ala.).

## Oakland Youth Fined On Shirt-Stealing Charge

David Crockett Lee, 19, of Oakland, was fined \$25 on a petty larceny charge, Justice of Peace A. J. Geddes reported. The youth, charged with taking a shirt from Joe Richard's Men's store, was arrested by city police. He was also required to pay for the shirt.

## Defense Chief Urges Foreign Arms Aid

(Continued From Page One)

program talked about countering with Bernard Baruch.

"I think it would be a splendid idea if we called in Mr. Baruch," said Rep. Jackson (R-Calif.). "Mr. Baruch recently toured Europe and looked into the general situation there and should be very helpful."

While Baruch's position with respect to the arms aid proposal for Atlantic pact and other nations is not known, he has been critical of the way some foreign countries have been handling the economic aid given them under the Marshall plan.

Johnson was followed at the hearing by General Omar Bradley, who declared that the rise of "a new aggressor bent upon absorbing the exhausted victors" of World War II has "given a sense of urgency to our plans" for defense.

The army chief of staff told the committee:

"In the place of the vanquished foe has arisen this new aggressor, bent upon absorbing the exhausted victors. The spectre of another world-war master attempting to enslave our presently allied peoples has given a sense of urgency to our plans."

He did not identify the new "aggressor."

As the army leader testified a plane waited to take him and other members of the joint chiefs of staff to Europe to start putting that plan into working form.

## CARNIVAL PLANNED

An old-fashioned carnival with free movie, carnival eats, fun and prizes for all, will be held in Gardiner Saturday, July 30, from 2 p. m., until midnight. Portrait sketching by an expert, and fortune telling by a rank amateur will feature the program, which is sponsored by the Lower Umpqua Progressives. Gus Frykman of Reedsport and Chet Skinner of North Bend will add their musical talent to the gala occasion. Everyone is invited to attend.

House speaker Rayburn, a fellow Texan, said Clark would make a "great justice."

On the Republican side, leader Wherry, of Nebraska, said he believes both will be confirmed. Similarly, Senator Jenner (R-Ind) said he knows of no senatorial objection either.

## School District Appeals Award Favoring Boyle

Notice of appeal to the supreme court of Oregon has been filed by Canyonville School district 8, defendant in a suit in which judgment was awarded favoring the plaintiff, Lawrence J. Boyle.

A trial jury June 3 awarded Boyle \$4,200, plus \$42.60 costs, as the amount of his contract for the 1948-49 fiscal year. Boyle, dismissed by the district board, had filed suit to collect his salary.

The appeal has been filed on the grounds, alleged by the defense, that Circuit Judge Carl E. Wimberly instructed the jury that the dismissal was wrongful, because the board did not give Boyle a hearing, which the law requires.

The defense takes exception, claiming that according to the facts and pleadings set forth in the new and separate answer of the defendant, there was a breach of contract and in this case the hearing was not necessary.

## "Five Percent" Probe Hears Rapid Talker

(Continued From Page One)

to find out whether any of commission men have attempted to influence government officials in the awarding of contracts, as has been alleged.

## "Never a Percenter"

A reporter asked: "Mr. Maragon are you a five percenter or a 50 percenter?" He shot back: "I have never been a five percenter, certainly never a 50 percenter—or any other kind of a percenter."

Maragon also was asked whether he is a good friend of General Vaughan, the President's aide.

"Undoubtedly General Vaughan has thousands of good friends," Maragon replied. "I am fortunate enough to be one of them."

He refused to say whether Vaughan was mentioned at a secret session. Vaughan has said he knows about 300 persons in Washington in contract operations.

Maragon did say his testimony

## U. S. Sells 3 Aluminum Plants To Kaiser Firm

WASHINGTON, July 29.—(AP)—Sale of three government-owned aluminum plants—one in Baton Rouge, La., and two in Spokane, Wash.—to the Permanente Metals Corp., for \$36,000,000 was announced today by the War Assets Administration.

The purchase price of \$36,000,000 represents 80 per cent of the fair value placed on the three properties by War Assets.

Permanente, a Henry J. Kaiser industry, has been operating the plants under lease since early 1946, with options to buy.

"dealt with my own business affairs and no one else." He refused to go into detail.
