Preparedness Need Stressed By Adm. Blandy

SALEM, Ill., July 29.—(AP)—Admiral W. H. P. Blandy, commander of the Atlantic Fleet, Thursday called for more arms and war planning to prepare for "a possible enemy."

Blandy did not name the "possible enemy" but made clear that he meant a communist country.

He said in an address the time to arm is "while we still have a breathing spell before a possible enemy acquires atomic bombs and the long range planes for a world wide delivery service."

Blandy, the chief speaker at the 66th annual Marion county soldiers and sailors reunion day of American Veterans of World War II and Veterans of Foreign Wars, said this nation's fleet was unified to insure maximum security. Each member of the team predicated its planning on a common strategic concept for the conduct of the war against our most probable enemy.

Blandy, who was in charge of operations crossroads, a test of the atom bomb at Bikini, said that "our national course is clear."

"We must strike," he said "for international cooperation and understanding to the end that war as a means of settling international differences may some day be eliminated. But until that day comes . . . we must recognize and resolutely face the dangers which arise to threaten our way of life and our national existence. Today the threat is communism."

Those sending gifts and donations, but unable to attend were: Mr. and Mrs. J. W. McDonald, Mr. and Mrs. Herman Schosso, Mr. and Mrs. Ralph Emerson, Mr. and Mrs. Al Fouken, Mr. and Mrs. Jim Kidwell, Mr. and Mrs. LeRoy Churchill, Mr. and Mrs. Gail Steinman, Mr. and Mrs. Fred Cogswell, Mr. and Mrs. Elton Grass, Mr. and Mrs. Ed Lethland, Mr. and Mrs. Henry Byron, The Yoncalla Assembly of God church, The Yoncalla Christian church, and others.

Morse Neutral On New U. S. Judgeship In Oregon

PORTLAND, July 29.—(AP)—Senator Morse isn't going to take any part in recommending a candidate for the new federal judgeship in Oregon.

He told the Oregon Journal by telephone today that the bill creating the judgeship was now before the president for signature and that he was receiving a number of letters on suitable candidates.

Since the appointment is a democratic one, he is referring all recommendations to Sen. J. Howard McGrath, democratic national committeeman, he said.

Morse said he doubted that there would be early action on an appointment.

LA GRANDE, July 29.—(AP)—U. S. District Attorney Henry L. Hess had the backing of the Union County Bar association today for the new federal district judgeship in Oregon.

The association voted unanimously to support Hess, a former Le Grande attorney.

Newspaper Editors Condemn Scribes Holding Soft Jobs In Government Of Illinois

WASHINGTON, July 29.—(AP)—A board of 15 leading editors has condemned the acceptance of state government salaries by some newspapermen in Illinois, and said newspapermen in other regions should find out whether the same thing is happening there.

The 15 editors comprise the board of directors of the American Society of Newspaper Editors. The board made a unanimous report on the Illinois affair yesterday after sending a three-man investigating committee to travel over the state and interview people involved.

3 Nominated On War Claims Board

WASHINGTON, July 29.—(AP)—President Truman Thursday nominated Daniel J. Cleary of Illinois, Mrs. Georgia L. Lusk of New Mexico and David N. Lewis of New York as members of the War Claims commission.

The positions pay \$12,000 a year.

The three-member commission, established in 1948, is set up to pass on war claims involving internees, prisoners of war, religious organizations, the employees and contractors who were working on Wake, Guam and Caste islands at the outbreak of the war.

Mrs. Lusk, a member of the 80th Congress, was defeated in the New Mexico Democratic primary last year by Rep. John Miles.

Before coming to Congress, Mrs. Lusk twice served as New Mexico State Superintendent of Public Instruction.

She had three sons in the armed services during the war. One, Virgil, was killed in line of duty.

The three-man investigating committee was headed by Jenkin Lloyd Jones, editor of the Tulsa Tribune. The other members were A. Y. Aronson, managing editor of the Louisville Times, and John W. Hillman, editorial director of the Indianapolis News.

The 15-man board of directors is headed by B. M. McKelway, editor of the Washington Star, who is president of the ASNE.

The board said that of the 892 newspapermen in Illinois, fewer than 50 were involved in the payroll affair, and most of these were small, economically weak papers in small communities.

The board did not hold all of the 51 newspapermen to have acted improperly. It said some of them "held legitimate positions,

widely known to the public, performing services to the state against which there is no valid criticism."

But the board reported that in the opinion of the three-man investigating committee, a majority of the 51 newspapermen held state jobs that were either "outright sinecures" or jobs in which their duties were entirely or primarily political.

Gary Women Picket In War On Vice And Crime

GARY, Ind., July 29.—(AP)—The Gary Women's Citizens committee resorted to picketing yesterday in its fight on vice and crime. Pairs of women pickets wearing W.C.C. arm bands took posts in front of about a score of places suspected of being used for gambling and vice.

The women formed the committee last March after the slaying of a Gary high school teacher by a purse snatcher. Her slayer has never been caught.

In forming the committee the women contended that lax law enforcement contributed to the teacher's killing.

Mrs. Russell C. Griffith, chairman of the committee which arranged for the picketing, said the pickets would carry notebooks and jot down observations made at the places at which they were stationed.

Deaf-Mute Boy Tangles Up With Ball Bearing

BAKER, July 29.—(AP)—A little deaf-mute boy and a ball bearing got tangled up here Tuesday with nearly disastrous results.

Roxy Jones, 8, slipped a bearing over the middle finger of his right hand and was unable to communicate his trouble. Finally, at 8:30 p.m., when his hand was swelling dangerously, the firemen's first aid car was called and a doctor hammered and sawed at the self imposed manacle and managed to free the child after two hours of steady work. He was bruised but otherwise unharmed, but he couldn't promise never to do the same thing again.
