

# U.S. To Buy Turkeys In Price Support

The U. S. Department of Agriculture recently announced a program for the support of producer prices of live turkeys at a national average price of about 31 cents a pound. The support price is expected to approximate 30 per cent of parity for the marketing season.

The program will operate for the period Aug. 1 through Dec. 31, 1949, in support of producer prices through purchases of frozen dressed turkeys. In addition, the program provides for the purchase from vendors, during the month of July 1950, of frozen dressed turkeys in storage which were purchased from producers in 1949. The program is being announced to encourage orderly marketing of the increased production expected this year as compared with output in 1948.

The purchase of dressed turkeys will be made on an offer-and-acceptance basis at announced prices intended to reflect a national average live weight price to producers of about 31 cents a pound. The announced support prices will provide a floor below which average farm prices should not fall. Last year, producers received a U. S. average live weight price of 47.4 cents per pound for turkeys sold from August through December—an all-time record level.

Purchases of turkeys during the month of July, 1950, have been arranged under the program to encourage the trade to

store turkeys during the normal marketing season. Purchases for that month will be confined to those turkeys in storage which were bought from producers during the period Aug. 1 through Dec. 31, 1949.

### Procedure Explained

Under the price support program the U. S. Department of Agriculture will purchase box-packed frozen dressed young turkeys in carlot quantities of Grade A and B only from producers, producers' agents, cooperative organizations, or processing firms. Purchases will be made only at public or private warehouses approved by the production and marketing administration of USDA.

The department will purchase turkeys only from those vendors who certify they have paid producers the announced support prices for each month for all live turkeys purchased from August 1 through their contract delivery date. Vendors offering turkeys during July, 1950, must certify that they have paid producers not less than support prices for each applicable month on all the turkeys they purchased from August 1 through December 31, 1949. The program requires that all dressed turkeys bought by the department meet federal grade specifications.

Four zones have been established in which producer support prices for live turkeys and prices for dressed turkeys have been

designated for each month of the 1949 marketing season—August 1 through December 31. Oregon is in zone 1 where the live weight prices that vendors must certify that they have paid for all grade A live weight turkeys obtained from producers in each of the months are as follows:

Weight Class	Aug. 1949	Sept. 1949	Oct. 1949	Nov. 1949	Dec. 1949
Under 18 lbs.	34.50	34.75	35.00	35.25	35.50
18 up to 22 lbs.	31.25	31.50	31.75	32.00	32.25
22 up to 24 lbs.	27.75	28.00	28.25	28.50	28.75
24 lbs. and over	25.00	25.25	25.50	25.75	26.00

Producer prices for grade B turkeys live weight will be three cents per pound lower than grade A prices.

The prices at which the Department of Agriculture will buy

Weight Class	Aug. 1949	Sept. 1949	Oct. 1949	Nov. 1949	Dec. 1949
Under 16 lbs.	45.75	46.00	46.25	46.50	46.75
16 up to 20 lbs.	41.75	42.00	42.25	42.50	42.75
20 up to 22 lbs.	37.75	38.00	38.25	38.50	38.75
22 lbs. and over	34.25	34.50	34.75	35.00	35.25

Grade B prices for dressed turkeys will be 3 cents below the prices for grade A dressed turkeys in each of the zones.

Purchase regulations provide that more than one grade and class of turkeys may be delivered in each carlot, but that each car may not contain more than 30 per cent of grade B birds. Deliveries must be made within 30 days of the date that turkeys are dressed, except for purchases during July, 1950, and offers are subject to cancellation by the vendor 10 days before date of delivery.

According to Miffleton, here's what happened near the end of the outing:

### Lightning Kills Three Ball Players; 50 Hurt

BAKER, Fla., Aug. 2.—(AP)—Three players were killed and 50 other persons were injured by a lightning bolt that ripped into a baseball game and scattered a crowd of 300.

The bolt plowed a ditch three inches deep and 20 feet long in the baseball diamond and spread flashes of electricity and sparks throughout the park.

The two semi-pro teams, Baker and Munson, La., were preparing to begin play when the lightning struck.

Baker is in northwest Florida about 50 miles east of Pensacola.

### War-time Excise Taxes Hold For This Session

WASHINGTON, Aug. 2.—(AP)—House Democratic leader McCormack (Mass.) said after a White House conference Monday he sees no prospect for repeal of any of the war-time excise taxes at this session of Congress.

Weight Class	Aug. 1949	Sept. 1949	Oct. 1949	Nov. 1949	Dec. 1949
Under 18 lbs.	34.50	34.75	35.00	35.25	35.50
18 up to 22 lbs.	31.25	31.50	31.75	32.00	32.25
22 up to 24 lbs.	27.75	28.00	28.25	28.50	28.75
24 lbs. and over	25.00	25.25	25.50	25.75	26.00

Grade A, box-packed frozen dressed young turkeys, f. o. b. any approved warehouse from vendors in zone 1 during each of the designated months and for July, 1950, are as follows:

Weight Class	Aug. 1949	Sept. 1949	Oct. 1949	Nov. 1949	Dec. 1949
Under 16 lbs.	45.75	46.00	46.25	46.50	46.75
16 up to 20 lbs.	41.75	42.00	42.25	42.50	42.75
20 up to 22 lbs.	37.75	38.00	38.25	38.50	38.75
22 lbs. and over	34.25	34.50	34.75	35.00	35.25

### Arrested For Kissing His Own Wife On Beach

WASHINGTON, Aug. 2.—(AP)—Roy Miffleton, 31, kissed his wife and was arrested for disorderly conduct.

Miffleton and his wife Eleanor joined some friends for an outing at Mayo beach, on Chesapeake bay, Sunday.

According to Miffleton, here's what happened near the end of the outing:

Mrs. Miffleton went into the bathroom and changed from her swim suit. When she came out, Miffleton kissed her lightly, on one cheek.

This was in full view of the two Miffleton children, Edward, 12, and Ariene, 6, who approved, and of Mrs. Mary Trabling, wife of the resort owner, who didn't.

No kissing on this beach, said Mrs. Trabling.

Then, said Mrs. Trabling, Miffleton told her he'd kiss his wife whenever he wanted to, and that this was one of the times he wanted to.

Argument. One of Miffleton's friends, John Cain, 28, defended him. More argument. Cops called.

Miffleton and Cain were arrested on a disorderly conduct charge, and each posted \$12.50 bond.

They'll appear before Trial Magistrate Norman Hazard at Gatesville, Md., and let the judge decide.

Can a man kiss his wife whenever he wants to?

# KDND DIAL-LOG

The meeting between the College All-Stars and the National Football league champions of 1948 will be broadcast exclusively over the coast-to-coast Mutual Don Lee network. The game will be played at Soldier field, Chicago, on Friday, Aug. 12, 3 p. m., PST to conclusion. Harry Wismer will handle the play-by-play description with Harold "Red" Grange, the famous "Gallop'n' Ghost" of football, doing the "color" and statistics for the broadcast. The All-Stars will be facing the powerful Philadelphia Eagles team, which won the championship last winter. MBS sports director Paul Jonas also announced that this year's game, the 16th in the annual series, will be shortwaved around the world to all military personnel in overseas stations or on the high seas via the Armed Forces Radio Services. The broadcast is being presented by the Wilson Sporting Goods company.

A regular feature of the week-day "Ladies First" program (11 to 11:30 a. m.) is the "shut-in salute," wherein all "shut-ins" on the West Coast have a song dedicated to them by singer Ken Carson. This week, Ken is a shut-in recuperating from a recent operation. But producer Larry Hays journeyed out to see Carson, took along a tape-recorder, and cut a "Shut-In Salute" song for "Ladies First" listeners.

Hear tell that the annual Oregon Shakespearean festival will open at Ashland today. Governor and Mrs. Douglas McKay are expected to be in the first night audience, to see "Romeo and Juliet" enacted. The festival's outdoor theater is an exact model of the Elizabethan stage used during Shakespeare's era. Student actors from 10 states will take part in the other Shakespearean plays—"Richard, the Second," "Midsummer Night's Dream," "Othello," and "Taming of the Shrew." The festival ends Aug. 24. And frankly, the drive from h'yar—to thar—to catch one of these performances—is well worth it!

### Mother Leaps From Auto With Baby As Train Hits

OREGON CITY, Aug. 2.—(AP)—A 24-year-old mother grabbed her 10-month-old daughter and jumped to safety Monday just before the Southern Pacific Shasta Daylight struck her stalled car.

The car had stalled on the railroad tracks here. Mrs. R. E. Tobin, 24, McLoughlin Heights, Vancouver, Wash., tried vainly to start it until the train was almost upon her.

The train shoved the car against a signal, knocking it over, and into a plate glass window in the Oregon City Banner-Courier business office.

### State Park Development Program Recommended

PORTLAND, Aug. 2.—(AP)—A thorough program of state park development was recommended Monday by State Highway Commission Chairman T. H. Banfield.

He asked the state highway parks superintendent, Sam Boardman, to prepare an over-all plan of what improvements should be made in Oregon state parks and what the work should cost.

The matter came up when Boardman requested \$10,000 to deepen the Wallowa lake channel to permit launching of motorboats. The commission agreed to call for bids on the work, but asked for the general survey.

"What we need and want," said Banfield, "is a complete program of what is planned so we will know just how much money we can spend each year on these parks. We can't just go along spending some money here and

there." The park superintendent also recommended construction of overnight parking in Wallowa lake, Emigrant Springs, Cove, Silver falls, Sunset bay, and Wallowa mountain parks.

### Raided Club Swept By \$100,000 Blaze

PORTLAND, Aug. 2.—(AP)—A three-alarm fire roared Monday through a club which had been raided by police Saturday, and caused an estimated \$100,000 damage.

Some 350 firemen fought the blaze in a two-story brick building in downtown Portland. The second-floor Sportsmen's club, where the fire started, was completely burned out, and eight ground floor shops were damaged by water.

The cause was not determined. The Sportsmen's club operator had been arrested last Saturday on a charge of operating a gambling establishment.

## "Activated" Shell Premium is the most powerful gasoline your car can use!

YES, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated." No other fuel can top its power in your car!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods!

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated" 3 ways!

- 1. Activated for knockless power!**  
Pulling hard in low gear or traveling at full throttle, Shell Premium delivers full, quiet power!
- 2. Activated for fast "getaway."**  
Shell Premium delivers the extra power you can feel—no "balking," no "stuttering"—you go!
- 3. Activated for full mileage.**  
Shell engineers "balance" Shell Premium so that every drop of fuel goes to work for you!

Activation makes the difference

Shell splits molecules: Shell scientists take the most available crude—activate the molecules by splitting them and rearranging the atoms according to Shell's formula for a perfectly balanced gasoline. The result—Shell Premium, the most powerful gasoline your car can use!
