**Yugoslav Troops Alerted Against "Provocations"**

BELGRADE, Yugoslavia, Aug. 5.—Yugoslav troops were in a state of alert today to guard against what Premier Marshal Tito called provocations and intimidation by his Soviet-dominated neighbors.

Tanjug, the official news agency, last night quoted Marshal Tito as saying bloody clashes already had taken place in Macedonia. The stormy Balkan region lies between Communist Bulgaria and Albania, with Greece on the southern border.

Tito said his troops were in a "state of alert in order to safeguard the peaceful construction of our Socialist country."

The premier, who defied Soviet dictation a year ago in a row with the Cominform (Communist International) in formation Bureau accused his eastern neighbors of trying to intimidate Yugoslavia by spreading rumors of a threatened Red army invasion.

Tito called them "nothing but ordinary rumors" but added: "Nevertheless, we are not unvigilant here either. . . we are prepared to prevent all provocations, to defend our country against everyone."

In a slap at Moscow, Tito added Yugoslavia would defend the principles of Marxism-Leninism even against the creators of these principles, should they go against them.

Tanjug reported the statements were made Wednesday in a speech to army and political leaders in Skopje, Macedonia. Tito repeated previous statements that Yugoslavia would not sacrifice its Marxist Communism for western friendship, then launched into his toughest talk to date against his Cominform neighbors.

Wolves may have five to fourteen young in a single litter.

**COHEN TESTIFIES IN HERBERT INQUEST**—Mickey Cohen (second from left), the well-shot-at Los Angeles gambling big wheel, tells a coroner's jury how he, Neddie Herbert and two others were shot as they left a Hollywood cafe. Herbert was fatally wounded. Cohen said he had no idea who did the shooting. (AP Wirephoto)

**SHE HAS A NAME FOR IT**—"I call it sculpture," says artist Jeannette Sherman, 24, of Detroit, as she explains to befuddled visitors to the Modern Art Exposition in Paris the symbolism of her decorative work. She explains, "It has in it the feeling of the sky, the sea, the mountains," and believes it contains all the forms used in sculpture.

**Two Vagrants Jailed, Third Asks Hearing**

James L. Cooper, California Negro, asked for a preliminary hearing when arraigned for justice court yesterday on an assault charge, according to Justice of the Peace A. J. Geddes.

Cooper was arrested Wednesday night by sheriff's deputies following a scuffle and alleged assault on J. F. Byrd, Roseburg, father of Deputy Sheriff Ira

Byrd. Cooper's two companions, Phelix Sims and Ernest Taylor Jr., were sentenced by Justice Geddes yesterday on vagrancy charges to the county jail for 10 days.

Steel pipes and tubes now are made in sizes ranging from hypodermic needles to pipes 150 inches or more in diameter.

Nearly half of most crude oil entering a refinery emerges as gasoline.

**Nudists Don Togs (No Sunlight) To Attend Drama**

DENVER, Aug. 5.—Nudists put on their clothes last night and attended a dramatic show at their annual convention.

"After all we're the American Sunbathing association, and there's no sun at night," explained Mary Kilgore. She's chairman for the convention in Deer Creek canyon, southwest of Denver. The nudists ignored a newspaper reader's suggestion they should have assembled in nearby Bear canyon.

Last night's affair was less so-called for some of the skinfolk than their clothesless frolics. The absence of clothes makes for a more sociable life, a pair of Topeka, Kans., girls, Mildred and Mary, told an interviewer. "You understand we mean all clothes off," Mildred said. "Just a wee bit of clothes is much worse than nothing at all. Take those new French bathing suits. They're simply horrible."

The people running around in their first birthday suits at the convention are perfectly at ease, a Texan told an interviewer. "When you're undressed and everyone around is the same way, why, you don't even notice the different physiques about you," he insisted. Serious convention business has been intermingled with vol-

leyball, horseshoe pitching and ping pong tournaments for the bareskin competitors.

President Margaret Pullis, Oakland, N. J., led a discussion yesterday on plans for affiliation of independent clubs around the world with the A.S.A.

The big event today is crowning of a "king" and "queen" for the convention. Judging will be on the barest essentials. The best sun tan wins.

Wolves of the United States include the gray wolf of the North and West, and the red wolf of the South Central states.
