

Western Douglas County Fair Will Be Held Two Days

Western Douglas County fair enthusiasm is rapidly gaining momentum with final arrangements for the two day program becoming realities, the Port Umpqua Courier reports.

Events will be presented on an outdoor stage at the Winchester Grange hall grounds on Saturday and Sunday, Aug. 13 and 14, with Bill Hedges and his loud speaker system on hand so all can hear what goes on.

"Miss Winchester Bay" and her court, consisting of princesses selected from each of the surrounding communities, will preside throughout the fair.

The program opens Saturday night with a big wrestling match starting at 7:45, featuring outstanding events. Immediately following the tussle there will be a dance under auspices of Winchester Bay's volunteer fire department, which benefits from proceeds for equipment.

From indications booths and exhibits to be displayed Sunday will be many and well worth inspection. Premium lists of prizes have been mailed to all boxholders in the vicinity.

A huge balloon ascension will take place Sunday afternoon, the line to be cut by "Miss Winchester Bay" and her court. Prizes will be given to those finding the most balloons with lucky numbers.

One of the most popular events of the day's activities, square dance competition, has brought entries from Smith River, Winchester Bay, Reedsport, Gardiner and Scottsburg. Rumors are circulating that there is to be some fancy old time cutting a wicked dance. Those wishing to enter should contact Bill Cookson.

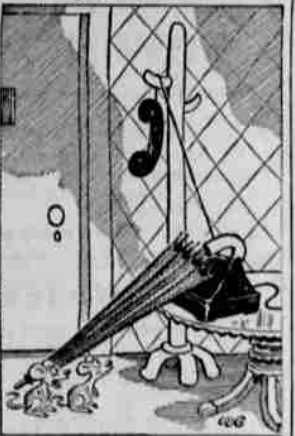

Prizes will be given as follows: 1st and 2nd prizes for the best dance; 1st and 2nd for the best couple.

The Umpqua River Coast Guard is scheduled for a rescue display act. A fire apparatus exhibition of a spectacular nature will also be presented during the day's program.

Contests for the children will be under jurisdiction of the Boy Scouts with Duffy Lewis and Vern Norman supervising.

July Farm Prices Under Those In Month Of June

PORTLAND—(AP)—Oregon farm commodities brought generally lower prices in July than in June.

The Federal Crop Reporting service said grains, meat animals and hay declined. Butterfat prices were unchanged but whole milk averaged slightly lower.

Eggs, up an average of 6 cents a dozen higher, were the lone exception to the general trend.

Turkey marketings started on a small scale at about 11 cents below last year's starting level.

Wheat averaged 8 cents lower at \$1.95 a bushel; cattle were down \$1.30 at \$17.50; veal was off \$2 at \$22.50; lambs dropped \$1.90 to \$23.90. Hogs were up, however, an average \$1 at \$22.

Pear Picking To Begin This Week

Harvesting of the local Bartlett pear crop will start early this week in most orchards, according to J. Roland Parker, County Agricultural agent. Growers have set a rate of 10 to 12 cents a box for picking, depending upon conditions in the orchard and the size of boxes used.

The local Bartlett pear crop is estimated at 2,500 tons. Quality and size of fruit are reported good. Prices, however, received by growers will be considerably less than last year and the war period.

Orchards are located largely in the Winston, Melrose, Curry estate, Garden Valley and Sutherland areas. Individuals desiring to pick pears should contact growers or the local Oregon State employment Service office.

U. S. To Defer Buying Of Northwest Tree Fruits

PORTLAND—(AP)—The Department of Agriculture doesn't expect to buy any northwest tree fruit to bolster the market until the shipping season is further along.

W. J. Broadhead, field agent for the Federal Fruit and Vegetable branch of the department, indicated this in answering a request of northwest fruit men for prompt government purchases.

Broadhead said the department has begun buying Bartlett pears and Gravenstein apples in California. But he said the shipping season has just started in Yakima, Wenatchee and southern Oregon.

The growers are concerned over the expected low price offers by canners. They noted an Oregon State college cost survey which reported \$40-a-ton pear prices would be below growers' costs. Packers last year paid between \$120 and \$135 a ton.
