### Lady Teacher Of Jujitsu, Judo Tells How To Cope With Annoying Males

NEW YORK.—(AP)—Men fall head over heels for hazel-eyed Gale Vance. She really throws them.

One reason they find this attractive blonde so irresistible is that she teaches jujitsu and judo. Miss Vance is one of the few lady instructors in these bone-bending pastimes.

"Jujitsu is really just a sport," she said. "But judo is the science of dirty fighting—you use it when you're out for the kill."

"I like to teach dirty fighting. It's the quickest way of disposing of your opponent."

Some feminine athletes are built like telephone booths. This isn't true of Gale. Her muscles are well disposed. They never bulge. They ripple. Her physical charm as well as her physical strength have won her several offers to become a professional wrestler.

"I turned them down," she said. "It is too undignified."

During the war Gale was a member of a judo team that toured army camps and demonstrated deadly tricks to the troops. I saw her in Manila in 1945, and her 225-pound partner was wearing a broken wrist.

"I guess I put on a little too much pressure," said Gale, "but he should have told me I was hurting him."

Miss Vance at present is teaching jujitsu to vacationers at Ma Holder's Youngs Gap hotel, a resort in the Catskills.

"Many wives are eager to learn the holds," she said. "They want to be able to throw their hus-

bands over their heads. But I teach them to throw a person over their hips instead. It's much easier."

**Good Way To Reduce**

Jujitsu, incidentally, has a number of advantages for the forlorn female living in a man's world.

"It is a wonderful way to reduce," said Gale, "and a girl needs to learn only a few holds to be able to deal with masher and muggers."

What is the best way for a lady to cope with an annoying suitor?

"If you want to discourage him quietly without making a scene," said Gale, "one way is to put your heel on his shinbone and press down—hard."

"An elbow is a very handy article. You just give him the sharp end of it in his face. If he's a tall guy and you can't reach his face, jab the elbow fast into his solar plexus or his ribs. You'd be surprised how easy a rib breaks."

"Generally I try to teach the girls how to get away from a

### Churchill Raises Control Issue At Council Of Europe

By JOSEPH E. DYNAN STRASBOURG, France, Aug. 13.—(AP)—Led by Winston Churchill, the new council of Europe's first assembly Friday fought for greater independence from control by the 12 member governments.

Churchill, fiery advocate of a united Europe, called for the establishment of the consultative assembly of Europe as a free parliament.

In one of his first speeches to the 101-member assembly yesterday, Churchill rapped what he called "crippling limitation" on assembly debate imposed by the council's committee of foreign ministers.

The committee of ministers, representing the 12 governments which formed the council of Europe, is the guiding body of the new European organization. The committee has the power to decree what subjects shall be debated by the consultative assembly.

Churchill and other advocates of some form of European federation hope the assembly may be the forerunner of a genuine parliament of Europe, with legislative powers cutting across national boundaries. At present the council—divided into a consultative assembly and a committee of ministers—has only advisory powers to promote greater European unity.

Inspired by Churchill's oratory, the assembly delegates clearly indicated they will seek greater authority than the ministerial committee intend they shall have.

### Lumbermen Told How To Combat Market Slump

PORTLAND, Aug. 13.—(AP)—Lumbermen were advised Friday to convert the falling demand for lumber into an advantage by employing more efficient methods.

S. V. Fullaway Jr., Secretary-Manager of the Western Pine Association, declared that the end of the "seller's market" presents a challenge to develop more lumber uses, better forest management, and more customer service.

"The prolonged seller's market brought abuses and careless practices," Fullaway told the Western Pine association convention. "Prices soared, product quality and service standards deteriorated, and operating efficiency and economy in management were neglected."

W. E. Griffie, assistant to Fullaway, told the lumbermen that the demand for lumber hasn't dropped dangerously low.

The amount of new housing started during the first half of this year was only 5 percent below 1948, he reported. Demand for Western Pine products, he said, probably will be over 6,000,000 board feet this year—100 percent below last year, but still 20 percent above pre-war demand.

"I am frankly surprised," he said, "by the many encouraging angles there are to the way in which the recession has developed so far."

### Jealous Shooter Of His Sister Gets 35 Years

SPOKANE, Aug. 13.—(AP)—A man accused of shooting his sister because he objected to her marriage was sentenced Friday to serve a maximum of 35 years in prison.

Herschel C. Yates, 38, pleaded guilty in superior court to first degree assault with intent to kill. His sister, Mrs. Darrell Davis, 31, was shot and seriously wounded Aug. 2, the day after her marriage.

Deputy Prosecutor Dudley L. Wilson told the court that Yates "objected to her marriage and was insanely jealous."

man—rather than to kill the guy."

She gets some unusual pupils. Recently a gentle old white-haired lady came to her.

"My son won't do what I tell him anymore," she said. "I want to learn some kind of a trick so I can hold him still while I give him a good spanking."

"How old is your boy?" asked Gale.

"He's 45," said the old lady, "but he still needs spanking."

### Business Head Warns Against Talking Ourselves Into Depression

By BRUCE BLOSSAT

"As a nation we cannot afford to become economic hypochondriacs because a country, like an individual, can worry itself sick."

This and a lot more talk like it came recently from Charles Luckman, president of Lever Brothers company, the big soap and food products maker.

Always a dynamo, Luckman was whirring at his highest pitch as he outlined for Americans the key reasons they should stop quaking with fear over prospects of a depression.

He cited 59,000,000 workers on the job, \$200,000,000,000 in liquid savings and an estimated \$215,000,000,000 total personal income for 1949.

"It would seem preposterous that anyone could manipulate these figures and come up with an answer that equals disaster," he said. "Yet that is precisely what many Americans are doing."

It's true. And sad and a bit ironic, too. Not many months ago the big cry was: "Let's halt this dangerous rise in prices." Now we've done it and the resulting downturn has us scared stiff.

For a long time we'd been breaking more business records than we had any right to expect we could. Now, just because we've slacked off from that smashing pace, the attitude of many is that we're heading for ruin. Businessmen, politicians, commentators, citizens of every walk nervously await each August announcement from high places on where we stand.

Luckman will have done us a service if his talk at Los Angeles helps to shake us out of this silly frame of mind.

His advice, naturally, was directed most pointedly at businessmen who had grown accustomed to a push state of affairs and were shocked when those conditions vanished.

"Sales managers, vice presidents and presidents have shiny pants from hatching profits on cushioned chairs," he said. "Let's go out and sell goods."

A lot of us who aren't executives have had things pretty fat since the war ended and maybe

### Auction Set To Raise Funds For Girls Drum Corps

Financial aid to the Knights of Pythias Girls Drum corps will be provided through an auction of household furnishings and used clothing. The public is being asked to contribute.

Collection of articles to be auctioned will be made Monday, with members of the Knights of Pythias lodge going to any address in the city to pick up contributions. Articles may also be left at the Tipton-Permin insurance office on Cass street, next to the post office.

Howard Kluber, radio repairman, has offered to repair free of charge any radios turned in to the auction.

Persons who desire their contributions to be picked up, should call 1277-R.

Proceeds will go to the drum corps, whose director, Bill Black, says will have 40 girls enrolled this year.

The auction will be Friday evening at the Roseburg auction barn, north of the city.

### Horse Racing Assn. Sued On Horse Doping Charge

VANCOUVER, B. C. Aug. 13.—(AP)—The Vancouver Thoroughbred association and its three stewards have been sued for damages by trainer Harry Howe, given a 60-day suspension two weeks ago on a charge of doping a race horse.

In bringing his suit yesterday, Howe accused the association of libeling him and causing him a heavy loss in earnings. The amount of damages he asked was not disclosed.

His suspension followed a report by the Royal Canadian Mounted Police that a Howe-trained mare, Mabel II, had been given a stimulant before winning the second race at Exhibition park last July 26.

### MONEY SUITS FILED

### Truman Renews Plea For Approval Of Government Reorganization Plan

WASHINGTON, Aug. 13.—(AP)—President Truman Friday renewed his plea for Senate approval of reorganization plans creating a department of welfare and transferring the bureau of employment security from the Federal security to the Labor department.

In a letter to Vice-President Barkley, the President said: "If these plans fail, the whole great endeavor to reorganize the executive branch in accordance with modern principles of administration and management will be imperiled."

Mr. Truman's letter said that "a public campaign has been instigated against them, and a majority of the Senate committee on expenditures in the executive department has recommended that they be disapproved by the Senate."

### U. S. Considers Aiding Britain In Hongkong's Defense

WASHINGTON, Aug. 13.—(AP)—Secretary of State Acheson said Friday the United States has been discussing with Britain the problem of protection of the Crown Colony of Hongkong against possible Chinese communist pressure.

Acheson made the disclosure at a news conference when he was asked whether the U. S. had reached a decision to back up the British at Hongkong.

The defense of Hongkong has been a primary concern of the British government in development of its far eastern policies to deal with the new situation in China.

### Investigation Of Lobbying Ordered In House Vote

WASHINGTON, Aug. 13.—(AP)—The House voted Friday to investigate lobbying in Washington.

By voice vote, to which no dissent was heard, it adopted a resolution setting up a seven-man House committee to make the inquiry.

Rep. Sabath (D-Ill.) told the House he had heard that 158 lobbyists in the first three months of 1949 "spent or had spent on their own" over \$2,000,000.

The committee, to be named by Speaker Rayburn, will have power to subpoena.

During debate, Rep. Marcantonio (AL-NY) proposed an investigation of the operation of rent control under housing expert Tighe Woods.

The New Yorker said he did not care to discuss the "sinister influences" by which Woods got his job, but did want to tell the

### ACCIDENT AUTHENTIC

DUESSELDORF, Germany.—(AP) Two policemen from Hilden near here fell off their motorcycle. In the hospital they explained they had been driving at about 20 miles an hour when a bicyclist suddenly stopped in front of them and caused the accident.

The police chief didn't believe their story and asked two other policemen to demonstrate that the accident was avoidable. They are in the same hospital now, with the same sort of injury.
