Elkton Schools Ready, Teacher Roster Given

By PHYLLIS A. SMITH
News-Review Correspondent

Elkton grade school and high school will open Tuesday, Sept. 6. Students will be held until 11:30 a.m. that day to register. School will then be in full session, with the lunch program in operation, Sept. 7.

Teachers in the grade school are: Mrs. Colclasure, first grade; Mrs. McDonald, lower primary grades; Mrs. Ferguson, intermediate grades; Mrs. Huckins, intermediate grades; Mr. Anderson, upper grades and physical education; Mrs. Grimsrud, music and part-time teaching; Mr. Price, principal and eighth grade.

Mrs. Stewart will be cook and Warren Cook, custodian and school bus driver on Scottsburg route.

During the summer the school kitchen was completely remodeled and will be more conveniently arranged for serving meals. The grade school building has been repainted inside and out.

Teachers in the high school are: Howard Parks, principal and sciences; Ca. Grimsrud, social studies, boys physical education, and coach; Mrs. Manie Lavoy, commercial subjects, girls physical education, and coach; John Brown, mathematics and industrial arts; Miss Berger, English, dramatics, and librarian.

Mrs. Fred Riley will be cook for the high school and Fred Riley is custodian.

Bus drivers for the Kellogg, Henderer, and Drain routes have not yet been hired.

City Students To Have Hot Lunches Again

The hot lunch program for the city schools will again be in operation when school doors open Sept. 6, City School Superintendent Paul S. Elliott said today.

Elliott said the hot lunch system will be handled by Mrs. May Mathews, who begins her third year as coordinator for the program.

Organized on a national basis, the hot lunch program represents a sizeable portion of the money received and dispensed by the local school system. Elliott said last year Mrs. Mathews handled \$49,995—just \$3 short of \$50,000 taken in as nickels, dimes and quarters by the students who took advantage of the program.

Rural Schools Plan Own Opening Dates

Although many rural schools are following the lead set by the Roseburg schools, opening dates for some of the county's schools will be as late as Sept. 19, according to County Sup't. Barneburg.

Sept. 6 is the date set by the Roseburg school system, with some rural schools slated to open the same day. However, Barneburg said others will open Sept. 12 and still others plan their initial day for a week later.

He said this does not mean some schools offer less instruction time than others. Schools which begin later in September usually do not give students a spring vacation and other holiday periods are shortened.

Mt. Nebo Explosions Lead To "Whodunit?" Question

Roseburg was awakened Sunday morning by a series of explosions on Mt. Nebo. They were thought to be a salute, observing the fourth anniversary of the surrender of Japan. Veterans organizations contacted by the News-Review this morning disclaimed knowledge of the explosions.
