

Seven Fined For Mountain Climb Without Permit

MOUNT RAINIER NATIONAL PARK, Aug. 18.—(P)—John C. Preston, Mount Rainier national park superintendent, said today that seven Oregon and Washington men had been fined, for attempting to scale Mount Rainier without complying with all park regulations.

He said one party, composed of Ted Hower, T. R. Hower, A. R. Case and Bill Woods, all of Portland, were warned Sunday not to attempt to climb above Camp Muir, located at 10,000 feet on the southern slope of the mountain. The prohibition, he said, came when park rangers ruled they were not experienced mountaineers and were not properly equipped.

The four reached an elevation approximately 2,500 feet below the 14,000-foot summit before exhaustion forced them to abandon the attempted ascent, he said. On

Woman in Year Bears Two Sets Of Twins

JASPER, Tenn., Aug. 18.—(P)—Mrs. Raynard Hix of Whitwell, Tenn., has given birth to her fourth child in less than a year.

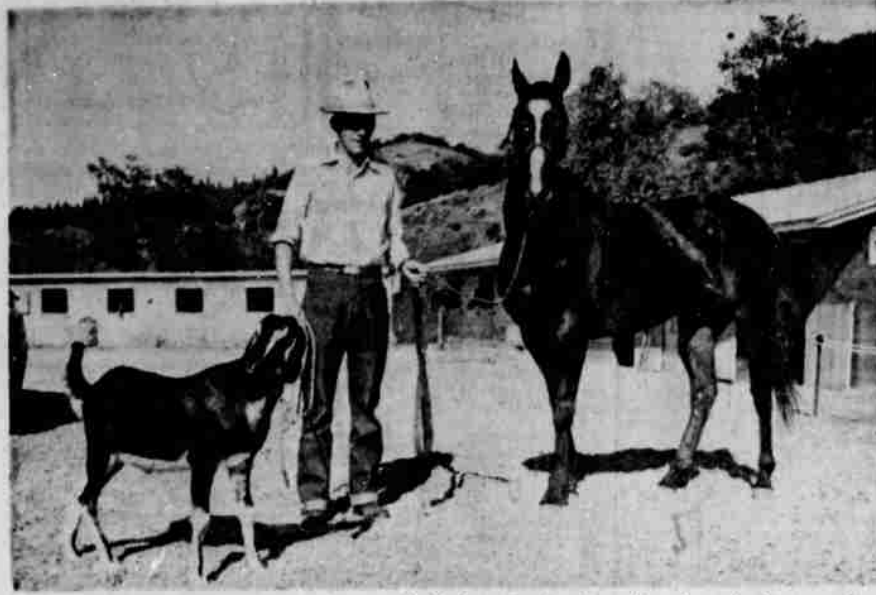

The stork made only two trips—twins each time.

A boy and a girl, both reported doing fine, were born Sunday. The first set, also a boy and a girl, was born Sept. 10, 1948.

Hix, a packing house employe, and his wife have two other children, one two years old and the other four.

their return they were taken before a U. S. Commissioner and fined.

The second party from Alder, Wash., composed of Ralph Wiegard, William Bottcher and Don Purdy, attempted an ascent via Burrough Mountain and the Emmons Glacier. Preston said they failed to register as required, were turned back by squalls at 13,000 feet, and were fined in the Commissioner's court on their return.

STRANGE BUDDIES—Wild Locks, shown with Trainer Gordon Bennett, refuses to be moved unless this stablemate, the goat, is close by. So everywhere Wild Locks goes the goat is not far behind. Both animals are owned by Jack Flacher of Portland. (Picture by Photo Lab)

Acheson Warns Germany Not To Abuse Freedom

WASHINGTON, Aug. 18.—(P)—Secretary of State Acheson warned the western German Wednesday against abusing the freedoms permitted them by the western occupation powers.

Acheson sounded the warning in a news conference discussion of Sunday's elections in western Germany. He hailed the results as a "victory for moderation and common sense."

He noted there had been sharp criticism of the occupation powers during the election campaign. He said he wasn't worried about that but:

"Abuse of such freedoms may alienate western sympathies

while failing to serve the best interests of the German people."

The Germans "may well be reminded," he added, "that they are exercising these freedoms only because they are privileged to live under the jurisdiction of freedom loving nations."

Acheson simultaneously expressed himself as favoring the acceptance of the new West German Republic in the council for Europe.

The United States, he said, believes this would be a constructive step in the integration of a peaceful, freedom loving Germany into the community of western Europe.

The secretary emphasized any such invitation to the Germans must come from the European governments themselves that he would not presume to advise them to issue such an invitation unless they wanted to.

Latourette Mum On Talks About Judgeship

OREGON CITY, Aug. 18.—(P)—Circuit Judge Earl C. Latourette has declined to talk about his conference in Washington with Democratic leaders the past week.

The Clackamas county judge is expected to be nominated by President Truman to a new federal judgeship created for Oregon.

He returned yesterday from the capitol. Latourette admitted that he had talked with President

State Again Urged To Buy Naval Hospital

ASTORIA, Aug. 18.—(P)—The state should reconsider its decision not to buy—for some \$30,000—the million-dollar Astoria naval hospital.

That was the opinion State Sen. R. D. Holmes of Gearhart expressed in a letter sent to Gov. Douglas McKay.

Holmes wrote that so far as he could learn, a legislature-authorized committee to investigate the site for possible use as a boys' camp had never been appointed. He added that the hospital facilities also offered possibilities as a junior college.

The board of control recently decided not to buy the property—declared surplus by the government.

"It seems a shame," Holmes wrote, "that this million dollar facility be dismantled when the state could acquire it for some \$30,000."

Truman, Vice-President Barkley, Chief Justice Fred Vinson, Supreme Court nominee Tom Clark and members of the Oregon congressional delegation. He said the subject of his possible appointment to the court had been discussed.
