PORTLAND LICENSE TAX UPHeld; TRIAL OF 1 Yr. ADVISED

PORTLAND, Aug. 22.—(P)—Portland's new revenue program, which increases business license fees and levies a tax on gross sales of merchandise, was declared legal Saturday by Circuit Judge James W. Crawford.

The judge recommended, however, that the city council limit the program to one year. "In its present form," he said, "it may and doubtless does contain many inequalities."

"This licensing program is unique (to use the least colorful of the adjectives applied to it), pestiferous, onerous, but probably inescapable by reason of the city's financial need," said Judge Crawford.

His ruling enables the city to begin collecting the fees, as of July 1. The program, voted effective on that date, was held up by a temporary injunction. The suit had been brought by the Retail Trade Bureau and other business organizations, who contended the fees and taxes would force some firms out of business.

City Commissioner O. R. Bean said the city expected, in any case, to limit the program to a year. A survey to set up a permanent financial program is now underway.

Stop Here—Mr. and Mrs. Manley C. Fuller of Cottage Grove stopped in Roseburg Saturday en route to the Shakespearean festival in Ashland. Mr. Fuller is stop foreman for the Cottage Grove Sentinel and was taken on a tour of the News-Review by his nephew, Warren Mack, staff reporter.

IMPROVEMENTS UP FACILITIES AT GLIDE SCHOOLS

Improvements to the Glide schools are nearing completion, according to John Orr, superintendent. Most noticeable transformation is the flourishing new lawn and freshly painted buildings.

However, returning students and teachers will find that exterior stairways on the high school building have been replaced and a five-foot concrete walk constructed between the grade and high schools. General clean-up crews are now hard at work making grounds and play areas safe and attractive.

Greatest interior improvement is the completion of large, modern dressing rooms in the gymnasium and boys' and girls' showers. Water and heat have been piped from the central heating plant to the gym and patrons as well as students may look forward to attending gym functions in comfort this winter.

Among interior improvements in the high school is the asphalt tile being laid in one basement classroom. New, large refrigeration units have been purchased for the home economics department.

Scheduled for delivery soon after school commences is a new piano for use in the grade building. One room in that building has been refurbished with the most advanced in school furniture.

In keeping with other improvements and acquisitions is the construction of blankets and sanitary bed covering for the health room by the Glide Parent-Teacher association.

Spurned Suitor Killed In Gun Battle With Cops

LOS ANGELES, Aug. 22.—(P)—A spurned suitor was slain Saturday in a gun battle with police who had stalked out for him after he had threatened to kill a blonde car hop.

Police said he was Ernest O. Bryant, 31, who once lived in Sycamore, Calif.

Det. Sgt. A. H. Buresse emptied his revolver into O'Bryant who refused to halt after a wild chase during which he fired a shot that struck the revolver of another detective.

Burgess and Det. Sgt. G. A. St. George were waiting near the cafe where Miss Dolores Pollock, 22, of nearby Inglewood, works.

During the stakeout, another police car drove by and asked identification of the plainclothesmen. At this point, O'Bryant drove by and sped away when he saw the officers who followed and curbed his car. O'Bryant leaped from the car and started shooting wildly, the detectives said.

Youth Confesses Giving False Fire Alarm In Theater

FORT WORTH, Tex., Aug. 22.—(P)—A 17-year-old youth voluntarily confessed Friday he was one of three who created panic among 1,200 movie patrons Thursday by shouting a false fire alarm.

The youth appeared before Frank Weatherford, Interstate Circuit Inc., Fort Worth manager. He said one of the three struck a match and all three yelled "Fire" and ran, the theater executive said.

Runaway Truck In Laramie Deals \$30,000 Damage

LARAMIE, Wyo., Aug. 22.—(P)—Rocketing out of a mountain canyon, a runaway semi-trailer truck laid waste to Laramie's main street Friday.

The grain-laden truck injured five persons, damaged nine automobiles and wrecked two buildings.

Driver Ernest Kirk, 26, of Beatrice, Neb., said the brakes failed on the Telephone canyon road. It drops 2,000 feet in three miles. He said the truck was going more than 100 miles an hour when it shot out of the canyon five miles east of here.

The speed had slowed only slightly, he said, when he reached the Laramie city limits. The truck sideswiped a highway patrolman's car first. In the next two blocks, the hurtling truck brushed two other cars.

The third collision lack-knifed the trailer. The cab went hurtling against four cars. The trailer wrecked two others before plowing into the Silverleaf Bar and the New Canton Cafe.

The brick fronts were torn loose from the bar and the cafe and the second-story Johnson hotel above them.

Kirk was treated for minor injuries. He was charged in justice court with reckless driving. Highway patrolman Neil Boyd estimated the damage to the automobiles and buildings would approximate \$30,000.

Logger Ed Chestine Bags Huge Cougar Tamed By Collie Dog

There's cougar in them thar hills! To prove it Ed Chestine, Rock Creek logger, toted one into the Douglas county courthouse Saturday morning.

The cougar, which will bring Chestine a handsome bounty, measured 6 feet, 9 inches from tip of nose to tip of tail. Chestine figured him to be a yearling.

The family dog barked something louder than usual Friday night, but Ed and Irene decided the big collie shepherd had a small varmint tread and went back to sleep.

About 5:30 a. m. Ed, awakened by the dog's persistent barks took his gun, walked a few rods from the cabin and looked up in a second growth fir tree where was guarding. Twenty feet up was the cougar. Ed shot and the cat fell.

As we were saying, there was cougar in them hills. Alcatraz, famous U. S. prison in San Francisco Bay, is on an island which is only 1,650 feet long and rises 130 feet above sea level. The state of Ohio is almost square, measuring virtually 200 miles on each side.
