Surviving, besides Mrs. Richey, is another daughter, Mrs. Julia Meech, San Diego; a son, Capt. William White, USN, and four grandchildren.

pool. And in Portland another woman said her houseboat rocked in the Willamette river just as it did in the northwest's worst earthquake four months ago.

Then, April 13, the violent tremor caused eight deaths and damage of more than \$15,000,000 in Washington state.

### Temblors "Roll" Lakes, Tossing Fish On Banks, Jerk Boats From Docks

SPOKANE, Aug. 22.—(AP)—Inland Empire lakes "rolled and bubbled" during last night's earthquake, witnesses said today.

Bea lake, north of Newport near the Idaho state line, "started rocking violently," Mrs. William Wilson said. The resort owner's wife said the shock "rocked all our boats loose from our docks and took them out on the water."

"When we went out to get them we could hardly row because of the pull of the water. We pulled them high up on the beach where we thought they would be safe. Then the lake surface suddenly rose what seemed to be three or four feet and took all our boats out again."

At Clear lake, northwest of Cheney, Mrs. G. C. Holloman said a "young tidal wave" left dozens of fish on the shore.

"One big wave came in about six feet and then the whole shore line receded," she said. "It looked as though somebody had pulled a plug out of the lake bottom and the water was running out."

"After that a huge wave came in and washed way up on the shore, and the lake appeared to rise six or eight inches."

"That wave threw lots of small bass up on the shore. I threw about three dozen back into the lake myself and my husband threw lots more."

WASHINGTON, Aug. 22.—(AP)—Senator Hickenlooper (R-Iowa) today joined in a senate drive to trim the \$1,450,000,000 sought by the administration to finance a foreign arms aid program.

Hickenlooper, a member of the foreign relations committee, said he thought the European countries could "get along with substantially less money, than Secretary of State Acheson and military leaders have asked congress for."

He didn't say he would go as far as the House did last Friday. It slashed the \$1,160,000,000 tagged by the administration for North Atlantic pact partners to \$580,495,000, or just half the original amount.

There was speculation that the House's action would force the administration into some kind of compromise. This might take the form of accepting the House figure insofar as cash is concerned and trying for as much more as can be obtained in authority to enter contracts which would be paid for in later appropriations.

struck. Sparks told state police he didn't see the Yoncalla man because of headlights of an approaching car. Officers recovered more than \$300 in currency strung out along the highway, which apparently had fallen from the pocket of the injured man.

Housworth was taken to a Eugene hospital, reportedly suffering from a broken leg, contusions and lacerations.

Shoulder Broken

Fern H. Johnson, Roseburg, a passenger in the car driven by her husband, Chester Johnson, was admitted to Mercy hospital at 5 p. m. Sunday following a wreck four miles east on the N. Umpqua road, Sgt. Harrell said.

Mrs. Johnson's injuries included a broken shoulder and lacerations. Her husband received only minor cuts.

Sgt. Harrell said Johnson attempted to pass a lumber truck driven by Robert E. Goodwin, Roseburg, when the truck suddenly turned left. The Johnson car swung to the right side of the highway and went out of control in loose gravel, landing in a culvert.

Harrell said Goodwin was cited for an overwidth load.

Nap At Wheel Reported

Dale A. Lander, 20, Roseburg, was taken to Mercy hospital with facial lacerations and other cuts when he lost control of his car on Stephens street at 5:45 a. m. Monday, Police Chief Calvin H. Baird reported.

According to Chief Baird, Lander apparently fell asleep at the wheel shortly after passing the junior high school building. His car veered off to the right of Stephens street, knocking over a meter, shearing off a light pole, and rolling over at least once before stopping.

The accident occurred between Oak and Washington streets.

### Truman Urges Full Sum For Foreign Arms Aid

(Continued From Page One)

try is in course of study at the state department.

But, he said, the Philippines and Korea, the two young republics in the far east, "need military assistance if they are to maintain their national security."

While most of the aid sought in the arms program would go to the Atlantic treaty countries, he said the Philippines and Korea will share like others "whose security is important to world peace."

"We must continue our aid to Greece and Turkey," Mr. Truman said. "We should help Iran maintain its firm stand against Soviet pressure."

Mr. Truman said military aid "is part and parcel" of the policy of helping European economic recovery. He conceded it was costly, but said "it represents an investment in security that will be worth many times its cost." And he said it is "part of the cost of peace."

Efforts of Senate leaders to restore the \$580,495,000 House slashed last week from the \$1,160,000,000 set aside for western Europe in the arms program were underway meanwhile in Washington. They faced opposition from a determined economy bloc and others who urged against voting the full sum until they are satisfied the nations to be helped will work together.

WASHINGTON, Aug. 22.—(AP)—Senator Hickenlooper (R-Iowa) today joined in a senate drive to trim the \$1,450,000,000 sought by the administration to finance a foreign arms aid program.

### Oregon Legislature's Reapportionment Asked

PORTLAND, Aug. 22.—(AP)—Labor and two political organizations are backing a move to reapportion Oregon's legislative seats. Two farm organizations may join.

At a meeting sponsored by the AFL State Federation of Labor the groups decided to sponsor an initiative measure to go on the ballot in November, 1950. The federation had voted at this summer's convention to promote the reapportionment.

Represented at the meeting here Saturday were the state CIO; Young Democrats and Young Republicans of the state; the state grange and the Farmers' union. The grange and Farmers' union have not yet formally endorsed the idea.

A committee to study procedures was named.

### German Reds Back Tito In Clash With Russia

(Continued From Page One)

that Tito must bend a knee and admit his "mistakes."

Dictatorship Unwanted

Titoism now has taken root in Germany. German communists who hate Russia formed a new splinter party today and promptly sent the Yugoslav leader a message of support.

The new organization described itself as a "free Communist party." It claimed 4,000 active members in the Russian zone of Germany and another 600 in the western sectors of Berlin.

Karl-Heinz Scholz, veteran German Communist underground campaigner, told a reporter in Berlin:

"We have formed to fight imperialistic bolshevism. The so-called internationalism of Soviet Russia is a fraud. We reject any plans for a dictatorship over the people."

Russian-Yugoslav relations worsened last June when Russia ceased backing Yugoslav claims to Austrian territory at the Paris meeting of the Big Four foreign ministers. Yugoslavia says Russia double crossed her in order to get the western powers to agree to Soviet claims to German assets in Austria. Russia contended Tito's government had long ago given up on the idea of getting Austrian territory to settle war claims, but had wished to place the responsibility for the decision in Moscow's lap.

Damage was estimated by Fire Chief Homer Grable at \$25,000.

Unofficial sources claim the outstanding softball player of the day was Carl E. Wimberly, circuit court judge.

by plane from Portland, Ore., and by bus and plane from eastern Oregon cities to fight Payette National forest fires.

Major fire was a 7,000-acre blaze in Hell's canyon in the Payette forest. It was there that wind-swept flames caught a crew, causing injury to several men. Three were hospitalized and the condition of Jim Knudsen of Gem, Kas., was termed critical. The gorge is 7,400 feet deep, adding to the difficulty in establishing a fire line.

Another fire near Riggins, Idaho, had covered 3,200 acres.

In Yellowstone park nine timber and grass fires kept more than 300 men on the fire lines, although no park roads were closed. Largest fire is a 1,000-acre blaze about five miles southeast of Mammoth.

### One Fire Follows Another

A fire on Mirrow plateau north of Yellowstone lake flared out of control yesterday and forest service officials were too busy to send crews to a third blaze that broke out yesterday on the Madison plateau near Summit lake, 15 miles west of Old Faithful. Flames roared over 200 acres or the upper Gallatin river in the northwest corner of the park.

In California, Donald Rhoades of Klamath Falls was hospitalized with chest injuries when he was struck by a falling tree in the Shasta National forest. The blaze flared up from a previous 3,000-acre fire, spreading from a sheep herder's camp, officials said.

Lightning started several small fires on the northern Idaho and eastern Washington border and disrupted communication lines in the Coeur d'Alene, Idaho fire station.

Other fires were burning in western Montana and Oregon.

and California fourth with 5,555. Michigan was just under the 1,000 mark on Aug. 18 with 997 cases.

A death rate of 10 per cent or higher was reported in only three states—Indiana, Kentucky and Maryland.

The American Medical association said that for the nation as a whole, about 50 per cent of those stricken can be expected to recover entirely and without any permanent crippling. About 15 per cent will be severely crippled, and about 25 per cent mildly crippled. The death rate is expected to be between five and 10 per cent.
