

Jacob Fisher Is Claimed By Death

Jacob Fisher, 72, life-long resident of this community died, Aug. 23, after a short illness. He was born Feb. 14, 1877, in Ollaia and was a resident of Roseburg at the time of his death.

Surviving are his wife, Annie Kent Fisher, Roseburg; two stepdaughters, Mrs. Catherine Higginbotham, Roseburg, and Mrs. June Oliver, Eagleview, Calif.; a stepson, Allen Kent, Ridge Crest, Calif.; a sister, Mrs. Rose Noah, Ft. Klamath, Oregon; two brothers, Logan Fisher, Cottage Grove, Oregon, and William Fisher, Roseburg.

Funeral services will be held in the Chapel of the Roses, Roseburg funeral home, Friday, August 26, at 11 a. m., with Rev. Kenneth Knox officiating. Interment will follow in Civil Bend cemetery.

campaign. But the credentials committee accused her of letting her name be used by "another political party."

Maybank jumped to his feet to remind the national committee that he was elected by the South Carolina state executive committee on condition that Mrs. Agnew be kept on as a committeewoman.

The retiring chairman, Senator McGrath, commented that the South Carolina committee could not direct the national committee and could merely suggest a line of action to it.

McGrath didn't even invite states' rights to the meeting. But he said they could argue their cases before the credential committee today.

The only chance they have for forgiving, if party officials have their way, is to promise never again to bolt the party and to give loyal support in the future to the party's regular candidates.

Larceny Charges Faced By Myrtle Creek Youths

Two youths turned themselves in to Chief of Police Albert J. Ward at Myrtle Creek Tuesday, and they have been booked at the Douglas County jail on larceny charges.

They have been identified by Justice of Peace A. J. Geddes, who fixed their bail at \$1,000 each, as Archie Will Briggs, 19, and Ernest Richard Crawford, 22, both of Myrtle Creek. Upon arraignment they asked to see an attorney.

They are accused of entering the United Petroleum Co. office on E. Second Ave. So., and stealing money over the value of \$35, reported Geddes. The exact amount was not specified. The alleged entry took place last May but the youths immediately left this vicinity and have just returned.

and Democratic Rep. Doyle of California, Rep. Sikes (D-Fla.), and others.

But Johnson also got support. Senator Ferguson (R-Mich.) said he agrees fully with the move.

"It is time," Ferguson added, "to call a halt in military spending."

Senator Hunt (R-Wyo.) and Rep. Boykin (D-Ala.) also expressed approval.

Navy Hardest Hit

Navy installations were the hardest hit in the civilian cut. They were ordered to reduce by 76,000, the army by 41,000 and air force 18,000.

This program, going into effect immediately, will result in an estimated saving of 200,000,000 in the current fiscal year ending next June 30. Then it is calculated to bring a saving of \$500,000,000 a year thereafter.

A total of 50 installations will be closed down, many will be cut severely.

These savings were worked out by the individuals services themselves, the army, navy and air force.

The navy shipyards at Long Beach, Calif., was ordered practically closed down to a custodial basis.

Its civilian employment was reduced from 5,800 on July 31, 1949 to a proposed 400.

Brooklyn naval shipyards' civilian employment—12,225 on July 31—was ordered cut by 3385.

Some of these reductions will go into effect immediately and others will start in about three months.

In addition to establishments in this country, military installations in Puerto Rico, Hawaii and Trinidad will feel the economy axe.

Reservists To Be Reduced

The number of reserve officers now on active duty also will be reduced. In the next two to three months, 12,073 will be returned to inactive status. Of these, 5,787 are in the army, 3,157 in the navy and 3,129 in the air force.

Army installations listed for civilian personnel cuts include the following (first figure is estimated strength November 1 second figure is estimated decrease from June 30):

Oregon (Total) 2,742—277; Umatilla ordnance depot 600—29; North Pacific engineer division office, Portland 216—14; Portland engineer district 1,926—234. Assistant industrial manager, Astoria, 7—19; naval station, Tongue Point, Astoria 318—17.

North Roseburg Votes For Sewer Bonds

It would pay a proportionate share of operational costs on the same basis as the hospital.

Landis said that if the West Roseburg area should be annexed to the city, the proposed plant location would still be ideal as the existing municipal plant is used to capacity now. Landis, however, has had no conversations with city officials regarding such a possibility.

Landis said sewer mains in the North Roseburg district will be of sufficient size for adjacent areas to hook into in the future. The treatment plant, also, will be designed to serve areas which eventually will install sewer systems.

Youthful Spotlighters Draw Fines Of \$250 Each

Fines of \$250 each, coupled with 30-day jail sentences, were handed down by Judge Justice of Peace A. J. Geddes reports.

One youth was identified by the court as Wendell Glen Simpson, 18, Dixonville, and his companion as aged 17 of Glide. Both pleaded guilty to the charge, Judge Geddes said.

State Police Sergeant Lyle Harrell reported that the youths were accused of killing a doe deer with a .22 calibre pistol the night of Aug. 17. They were arrested Monday following an investigation by State Police man Fred L. Perry of the policeman enforcement division.

Falls City Youth Dies During Visit With Kin

James B. Hunter, 17, of Falls City died about midnight Tuesday at a local sanitarium after a brief illness.

Hunter had come to Canyonville Sunday to visit his brother-in-law and sister, Mr. and Mrs. Max Morton. He went into the woods Monday and was stricken. He was brought to Canyonville and later to Roseburg, where he died.

Surviving are his parents of Falls City; two sisters, Janice Hunter of Lebanon and Mrs. Morton.

burned was estimated at approximately 2,500.

All other California fires were reported checked or completely controlled.

Rains have checked Yellowstone park's largest fire since 1931. Forestry officials estimated the fire covered 6,000 acres.

Lyle F. Watts, chief of the U. S. forest service, said in Washington that losses in timber, watershed, wildlife and recreational value have been tremendous. Sixteen men, most of them paratroopers, have died in the past three weeks while fighting the fires.

In Idaho Payette and Boise national forests and a portion of the Sawtooth forest have been closed to vacationers because of the hazardous conditions.

The Black hills fire swept over 2,000 acres in less than 12 hours. More than 500 men were fighting it. No injuries were reported but 15 men were caught in a gully by a sudden shift of the flames. All escaped.

War Veteran And Wife Freed Of "Dream House"

NEW YORK, Aug. 24. (AP)—Student war veteran and his wife today were rid of the \$15,000 "dream house" that turned into a nightmare for them.

Alfred and Edna Birnbaum won the house—on display in Manhattan—for a 50-cent raffle ticket. But the cost of land, moving the house and installation in a new location loomed too large for them. Meanwhile, they had to pay \$50 daily rentals on the parking lot where the house stood.

They sold the house for \$1,500 to Herbert Braasch, a lawyer, who plans to move it to Port Washington on Long Island.

European, Orient Pictures Will Be Shown Tonight

Paul W. Travis, above, will travel, photograph, and commentator will show his pictures of Greece and Italy at the First Methodist church tonight at 8 o'clock.

Travis has had two audiences with Pope Pius and holds a medal from him. He holds a medal from Truman and his party while they were in Key West, Fla.

On Aug. 1 he returned from a world-wide trip, including Greece, Italy, Japan and the Orient in his itinerary. His pictures of Japan were all taken this summer and of the Mediterranean last fall. He has been abroad some 26 months.

His talk and pictures will cover many pertinent questions, such as: "What is Communism Doing in the Far East?" and "What is the Status of Christianity and the Christian Church in Asia?" What Travis says will be backed up with actual pictures and scenes taken by him.

The pictures from the Mediterranean will include the Vatican City, the Colosseum, Appian Way, Works of Raphael and Michelangelo, etc. From Greece there are pictures of the Acropolis, Mars Hill, Temple to Zeus, Isle of Patmos, and the Dardanelles.

Children are urged to come as the travelogue will interest them as well as their parents. Admission is free. An offering will be taken.

Comets got their name from their long wispy or hairy-looking tails since the Latin word for hair is "coma."

State Police Sergeant Lyle Harrell reported that the youths were accused of killing a doe deer with a .22 calibre pistol the night of Aug. 17. They were arrested Monday following an investigation by State Police man Fred L. Perry of the policeman enforcement division.

Reapportionment Plan Told By Rep. French

(Continued from Page One)

present method of apportionment is unfair in that some counties, especially those more sparsely settled, are unequally represented.

He cited his own area of five counties served by a single senator. Also, Klamath, Lake, Crook, Deschutes and Jefferson likewise have but one, whereas Josephine county, which had but 9,000 population when its district was set up, has a senator.

Better Representation

Counties, originally organized on geographical or political bases, still exist in that manner, each having its own problems and needs, said French. He believes a senator for each county could more accurately evaluate its needs. A senator would thus be representing his county, while the representatives, elected on a population basis, would represent the people.

Such a plan, he said, might not work in Texas, which has 254 counties, the smallest with 255 population, but Oregon would not have too many senators.

The general trend in government is for cities and counties to delegate more and more authority to the state, and the state to the federal government. His plan, he believes, would center more authority in local governing bodies, which can keep a closer finger on spending.

The plan is simple, he maintains, in that it is patterned after that of Congress. He believes it the fairest system he knows, as each county would be fairly represented by a senator and the people by representatives, based on population.

This reapportionment problem, he predicts, will be one of the most important in the 1951 legislature, overshadowing even the important highway and school support programs.

Nurse Revives Boy After He's Pulled From Creek

ALBANY, Ore., Aug. 24. (AP)—A two-year-old lad was pulled from a farm area creek by his father last evening, then revived by a neighbor woman.

Ralph de Vilhiss was called to the creek by his son, Larry, 3, who ran across a field to summon aid when his brother, Roy, tumbled into the creek and sank. De Vilhiss found the boy.

Mrs. Oscar Hoppen, a nurse, applied artificial respiration to revive the youngster who was recovering fully today in a hospital here.

The mishap occurred 10 miles north of here.

Gye T. Bennett Of Winston Dies

Gye Theron Bennett, 40, of Winston, died last night, August 23, after an illness of two hours when he suffered a heart attack. He was born October 10, 1908, in Oklahoma and came to Oregon ten years ago. He was a former resident of Springfield and came to this community a little over a year ago to make his home.

He was a member of the Seventh-Day Adventist church; of the Eagles Lodge of Eugene and president of the Oregon Truckers association of Medford at the time of his death.

Surviving are his wife, Dorotha Mae, a son, Truman, and two daughters, Gladys Jean and Linda Mae, all of Winston; his parents; Mr. and Mrs. Truman Bennett; two sisters, Mrs. Verna Schultz and Mrs. Ruby Carnahan, all of Caldwell, Idaho.

Funeral services will be held in the Chapel of the Roses, Roseburg funeral home, Friday, August 26, at 2 p. m., with Elder J. J. Robertson officiating. Interment will follow in Masonic cemetery.

North Pacific Quake To Boost Insurance Rate

SEATTLE, Aug. 24. (AP)—Sunday night's North Pacific earthquake shook a major firm temporarily out of the quake insurance business.

The General Insurance company of America, a major writer of that type of insurance in the Pacific Northwest, announced it had stopped issuing the policies. Kelly Waller, the firm's Seattle manager, said a new schedule of increased rates will be drafted shortly and presented to the Washington state insurance commission for approval.

He said the region's 199 earthquake had convinced the firm that the prevailing rates are too low for the risk involved. He said the rates are only about one-third as much as in California.

"The April 13 quake awakened us to the realization that we could have them as bad as they have been in California," Waller explained. "This latest one made us realize we can have as many as California, too."
