

Rehabilitation Funds Offered To Help Veterans

Three service organizations—the American Legion, the Veterans of Foreign Wars and the Disabled American Veterans—are eligible for receipt of state funds authorized by the 1949 legislature to help such groups pay the cost of rehabilitation services to veterans.

This was the decision announced this week by Roland Davis, chairman of the advisory committee to the State Department of Veterans Affairs, the agency administering the funds.

Regulations just approved by the committee provide that only those organizations which have maintained department service offices during the past two years in the Portland regional office of the Veterans Administration to present compensation claims and other claims before the VA are qualified to receive funds under the new state law, chapter 364, Oregon Laws 1949.

Funds available in the Department of Veterans Affairs budget for the 1949-51 biennium to pay the organizations amount to \$33-

Canadian Ships Given Alaskan Service Right

WASHINGTON, Aug. 24—(AP)—President Truman has signed a bill permitting limited operation of Canadian ships in Alaskan service until next June 30.

The legislation allows Canadian vessels to operate between Skagway, Haines and other Alaskan ports and between Hyder, Alaska, and other Alaskan and United States ports.

Sponsors of the legislation said it is necessary because United States ships do not adequately serve some isolated Alaskan cities and may not be in a position to do so until next year.

According to the Encyclopedia Americana, the first old age pension plan in the U. S. or territories was adopted by the Alaska legislature in 1915.

529. Davis said the advisory committee interpreted chapter 364 to mean that these funds would be limited to organizations whose rehabilitation services to veterans include the maintenance of an office to handle Veterans Administration claims of veterans and their dependents. Of the organizations which applied for funds, only the Legion, the VFW and the DAV were found qualified, Davis said.

"Distribution of funds available for this purpose," according to regulation No. 7, adopted by the committee, "will be made by reimbursing monthly the participating organizations. Reimbursement will amount to 25 percent of the expense items on the monthly expense report after all such expense items have been reviewed and approved by the director (of veterans' affairs). Only those expense items will be approved by the director that are directly attributable to the maintenance of the state service office of the organization concerned."

The advisory committee, composed primarily of veterans' organization representatives, include Davis, Ray Dorris and Harry V. Reed, Portland; Robert Bryant, Grants Pass; William C. Dyer, Jr., Salem; and John Walker Jones and Carl F. Freilinger, Milwaukie.
