it recommended cuts from the amounts approved by the House for transmission line construc-tion, the Senate committee rec-ommended that the Interior De-

was concerned, however, it sugwas concerned, however, if sug-gested that before construction be undertaken, further study be given to the question of whether it should be built by the govern-ment or a private utility.

This recommendation touched off debate over the project. Senator Cordon (R-Ore) said the committee's action was sound. He estimated the line, along with an Anaconda substation, would cost \$10,000,000 and that the committee was just trying to save government money. The line is essential, he said, but should not be undertaken until it is determined if the covern.
