

Senate Votes Funds For Central Valley Power Lines

WASHINGTON, Aug. 25.—(AP)—The Senate voted money Thursday for construction of two public power lines in the Central Valley of California.

The unanimous voice vote was another in a series of victories for public power line advocates in overriding the Senate appropriations committee. It had rejected power line funds from the House-approved Interior Department bill.

The Senate also agreed to House-voted funds for a reclamation bureau power line at Ander-

son ranch dam in Idaho. It was with the understanding, however, that the bureau will first negotiate with the Idaho Power Co. for a contract to transmit government power over the company's lines.

The California lines were approved when the Senate adopted an amendment providing \$2,000,000 for two controversial west side lines from Shasta to Tracy. The House had voted \$3,000,000 and the Senate committee nothing.

The amendment also restored

Moscow's Prestige At Stake In Defiance Of Yugoslavia's Tito

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Yugoslavia's hard-boiled communist dictator, Marshall Tito, probably would be the first to admit that he isn't a good insurance risk in these perilous days of his political quarrel with Russia.

Tito's defiance has placed Moscow in the position of having to smash him—in one way or another—or suffer perhaps irreparable damage to its prestige abroad. It remains to be seen whether

the Muscovites will take the job over themselves or whether they will delegate it to Yugoslav Bolsheviks who remain loyal to the Kremlin. The Marshall's offer Thursday to negotiate "all disputed questions" between Yugoslavia and Russia is still unanswered.

Moscow's temper is made clear by its press, which continues to blast Tito and his regime. The Soviet army newspaper Red Star, for instance, published a cartoon generalizing the Yugoslav generalism as a Fascist dog, its paws dripping with blood, begging for dollars from a pot-bellied "Wall street."

That's a nasty dose of medicine to try to thrust down the throat of a man who not so long ago was hailed as a well-meaning among the powers that be in Moscow, and frequently conferred in the Kremlin. Tito has been one of the outstanding figures of communism.

Situation Curious
Since this Tito imbroglio is of world-importance, it's well that we understand its genesis. It isn't particularly complicated, but it does present a curious situation. It's like this:

The Moscow brand of communism is "international communism"—the opposite of nationalism. Communist states like Yugoslavia, Czechoslovakia and so on, must surrender their sovereignty to the Moscow Kremlin and follow the lines of policy laid down by the Kremlin.

To many of the satellite states this surrender of sovereignty has been abhorrent, but most of them have accepted it in the face of strong-arm methods. However, the independence and fiery people of Yugoslavia, under leadership of Tito, have refused to abandon

WILD LIFE IN CAPTIVITY—These baby deer have attracted attention at the Roseburg Rod and Gun club display. They have been in the care of Deputy Sheriff Red Eckhart and their use at the fair was authorized by the State Game commission. L. D. Bloom arranged this wildlife display. (Picture by Paul Jenkins.)

Defense Cash For Washington And Alaska Approved

WASHINGTON, Aug. 25.—(AP)—A bill authorizing defense construction totaling \$52,502,000 in Alaska and \$12,324,000 in Washington State was approved by the Senate Armed Services committee yesterday, Senator Cain (R-Wash.) announced.

He listed the following proposed expenditures:

WASHINGTON—Seattle, \$211,000; Whidbey Island, \$38,000 for enlarging naval air station; Tacoma, \$200,000 for purchase of General Petroleum company's terminal No. 2 for air force; Moses Lake air force base, \$5,230,000 for expansion; Spokane, \$6,645,000 for expansion of air force base.

ALASKA—Adak, \$22,616,000 for navy defense installations; Kodiak naval air station, \$2,548,000, runway extensions and additional quarters for personnel; Ladd field, Fairbanks, \$5,610,000, extension of fighter squadron facilities and establishment of a cold weather test detachment; Fierson air force base, Fairbanks, \$28,156,200, additional plane and personnel facilities; Fort Richardson, \$3,644,000.

Details of the approved Alaska projects were withheld for security reasons, Cain said.

Introduction Of Television Color At Last Devised

WASHINGTON, Aug. 26.—(AP) Radio Corporation of America said Thursday it has perfected a system for introducing color into present television operations.

RCA, of which National Broadcasting company is an affiliate, made its announcement in a statement filed with the Federal Communications commission.

The company reported that its color device, capable of being superimposed on black and white television, was the fruit of a decade of research.

The company said that through the use of its system, existing black and white television transmitters will be able to send in color with a small addition to present studio equipment.

The color transmission, said RCA, may be picked up in color on existing receiving sets with the addition of a converter. Or, it added, the color transmissions may be picked up in black and white by existing sets by owners who do not desire to use the converter.

RCA said it proposes to demonstrate the system in Washington next month, for the benefit of the commission's television hearings beginning Sept. 26.

Columbia Broadcasting System also has announced that it has made an adapter which will enable present sets to pick up color broadcasts in color.

The Radio Manufacturers association said earlier this week that the introduction of color into television should be on a basis designed to protect the investment of some 2,000,000 present set-owners.

mental to the best interests of the blind, and charged that neither firm had enough competent dogs or capable trainers.

The firms are Guide Dog Foundation for the Blind Inc. and the Northwest Guide Dog Foundation.

Carl E. Smith, administrator for the State Blind commission, seconded the bureau's proposal for stricter regulation of dog training schools.
