

Competitive Exhibits Here Win Trips To State Fair For Douglas 4-H Boys And Girls

For winning demonstrations in last week's county fair, a number of 4-H boys and girls have earned themselves trips to the state fair at Salem, said Frank von Borstel, county club agent.

Joan Phillips will enter the state fair cake baking contest as Douglas county's representative, while Barbara Snyder of Days Creek and Patricia Roark will be in the bread baking contest.

Competing in the dollar dinner contest will be Mary Lee Rust of Azalea and Patricia Tubhill of Oakland, said Von Borstel.

Larry Oatney and Loretta Oleson of Curtin will provide a rabbit judging demonstration at the state fair.

Von Borstel announced that a special award of a New Zealand rabbit, donated by the Umpqua Valley Rabbit Breeders' association, went to Herbert Young of Tenmile. He was judged on the

basis of his project and record book.

In the canning contest at the state fair, Carol Ann Burgin, Days Creek, and Ann Roth, Brookway, will be this county's representatives.

oil refinery was the work of Soviet agents.

It's true that Marshal Tito's troops stretched around Yugoslavia's uneasy borders are on the alert.

That's nothing new. They've been that way since the Cominform (Communist International Information Bureau) blacklisted Tito 15 months ago on charges of pursuing "nationalistic" policies and began to campaign to oust him from power.

There was not one solid fact to back up any of the rumors of sabotage, troop movements and spying that flew from table to table in coffee shops and were whispered in diplomatic corridors.

BERLIN, Aug. 29. — (AP) — Allied intelligence officers in Berlin received fresh reports today that Soviet Russia will attempt to liquidate Premier Marshal Tito of Yugoslavia within six months.

They said these reports, which have circulated among Germans friendly with Soviet officialdom in eastern Germany, stressed that Tito's assassination or a Russian-inspired national revolt are the most likely prospects.

The reports cast doubt on speculation that Moscow would lead Soviet satellites in southeastern Europe in a direct military attack against Yugoslavia.

WASHINGTON, Aug. 29. — (AP) — Stalin's grip on the communist satellite states has been reported sharply shaken by his row with Marshal Tito of Yugoslavia.

That information comes in highly responsible reports reaching Washington from eastern Europe.

These reports are expected to play an important part in the meetings being scheduled for next month among Secretary of State Acheson, British Foreign Minister Bevin and French Foreign Minister Schuman.

Western diplomats foresee in these meetings a three-power review of the grand strategy of the cold war with Russia followed by a determined effort to devise new moves against the Kremlin.

stances of plans to delay school openings because of polio. Milwaukee, Wis., set back its school opening date one week, to Sept. 13, after three years of polio postponements. Some rural Iowa schools were advised to delay opening.

In Oklahoma, a few schools planned late opening despite a state health department recommendation that schools open on schedule.

There were still unusual precautions against the disease in some areas: Snohomish county, around Everett, Wash., banned children from theaters and city beaches and ordered those under 14 to stay at home. There were cancellations of children's outings in North Dakota where swimming pools at Fargo and Valley City were closed. But Springfield, Ill., lifted its quarantine on youngsters 16 and under.

The survey showed 19,591 cases reported in the nation to Aug. 27, compared to 11,493 cases at the same time in 1948.

MORE THAN MEETS THE EYE—The plant held by Bride McSweeney, assistant to the horticulturist at the New York Botanical Garden, is known as the strophanthus preussii. This may mean little to you at first glance, but it could mean very much to sufferers from arthritis and rheumatic fever. Blooms from plants of this family, scientists have discovered, can be used to produce cortisone, a synthesized hormone found to be very useful in the treatment of those diseases.

Former Vice-President Daves Observes Birthday

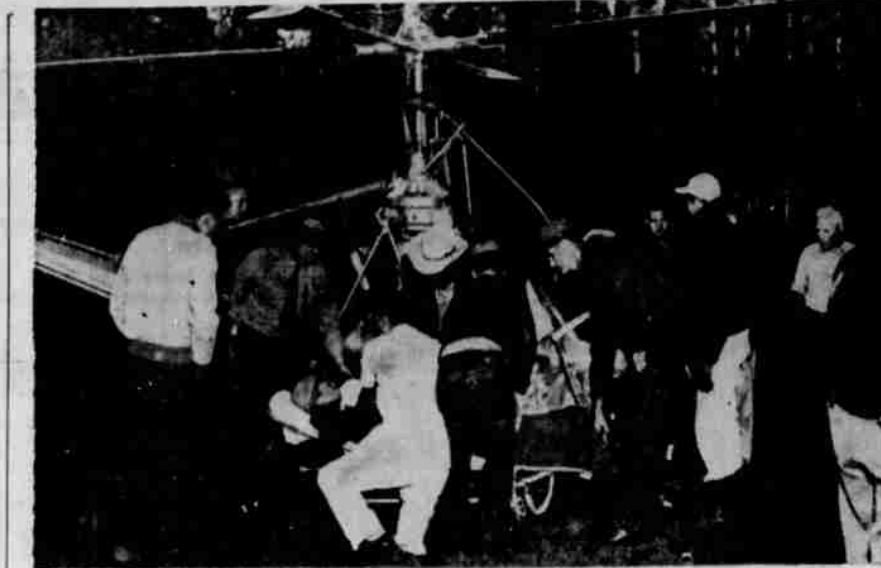

CHICAGO, Aug. 29. — (AP) — General Charles G. Daves, former vice-president of the United States—and the man who made the phrase "Hell n' Maria" famous—was 84 years old Saturday.

The blunt-speaking soldier, financier, and public official ran true to form. He refused, as usual, to give a birthday interview.

YOSEMITE 'COPTER RESCUE SUCCESSFUL—Dr. Verlin Baysinger (white uniform) and Yosemite National Park rangers place injured Terence Hallinan on gurney at White Wolf, Calif., after helicopter rescue flight from the rugged Benson Lake area, 22 miles away. The 12-year-old boy suffered a skull fracture when he was thrown from his horse while on a pack trip. The helicopter used in the rescue, a standard Hiler 360, was removed from the company's assembly line and offered for the rescue when they heard of the youth's plight.

Truman Pledges Aid In British Plight

because "world prosperity is necessary to our own prosperity in the United States." American leaders resolved before the end of world war II that "the international chaos which had led to war should not occur again."

"Shortly after the war ended," he said, "it became apparent that the economic life of the world was more badly disrupted than anyone had expected."

"Still further difficulties were created when it became clear that the Soviet Union would not join in working for world economic recovery."

One of the main problems now, Mr. Truman said, is that foreign countries need more things from the United States than they can pay for. "As a result, world trade is now seriously out of balance."

"The special and urgent problems" arising from that situation, he said, will especially concern this country and its friends in the month ahead.

Mutual Adjustment Needed
The president, a veteran poker player, declared:

"There are times, no doubt, when we shall become impatient or annoyed by delays and obstacles. But we cannot throw it our hand and walk out of the game. Nor can any other nation afford to do so."

"The path of mutual adjustment and combined economic effort is not an easy one. The economic interests of nations are not easily reconciled. No group can get all its wants."

"But there is no other way to the solution of our difficulties than the way of mutual concession and co-operation."

inates against the veteran of World War II."

Brown told the committee the legion's finances were in a precarious condition" and urged convention passage of a dues increase.

Meantime, some 4,000 members of the 40 and 8—the legion's fun and honor group—are holding their own convention. They show off in parade fashion—at their annual "promenade nationale"—tonight.
