

Ex-President Hoover Opposes CVA Project

PORTLAND, Ore., Sept. 1.—(AP)—A friend of Herbert Hoover said Wednesday that the former president did not support the idea of a Columbia Valley administration in his report on government reorganization.

F. R. Schanck, Portland engineer, wrote to Hoover after hearing numerous reports that the Hoover reorganization plan favored valley authorities.

The ex-president replied: "I think if you will get the report of the reorganization commission, you will find that we did not recommend valley authorities in the sense of the TVA. We recommended for each basin a coordinating committee to be representative of the various departments involved and with representatives of the governors of the states who were concerned in the matter, the sole purpose being a coordinating committee—not an administrative committee with the coordination of power."

Billboard-Toting Jap Certain Of New Spouse

TOKYO, Sept. 1.—(AP)—Yasuo Kobayashi, 27, got the only job he could find—walking around town carrying a billboard.

That upset his wife, Katsuko, 28. This was no job for the son of a former Japanese army lieutenant general, she said—and left him.

Yasuo added to his sign this advertisement of his own: "Bright and cheerful wife wanted. Would-be groom 27 years old."

Eight candidates applied. Trudging his rounds, Yasuo said if Katsuko did not return by the end of October he would marry one of the eight.
