Priest And Boys Sought After Boat Is Swamped
FAIRBANKS, Alaska, Sept. 9. (AP)—An Episcopal priest and two boys were being sought today along the Tanana river. They have been missing since Monday night.

Disappearance of the Rev. Robert H. Reid Jr., priest in charge of St. Mark's Episcopal mission at Nenana, and the two youths was reported yesterday by 17-year-old Thomas Tuzroyluk. The boy said he was the only survivor when a boat swamped in the river about 80 miles from Nenana. Tuzroyluk said he swam to shore and later searched the river bank for a mile below the scene. There was no sign of his companions.

After drying his clothes over a fire made from a can of salvaged gasoline, he hiked upstream until he found a cabin and canoe. Then he paddled 25 miles to report the accident.

Yugoslavia Receives Multi-Million Loan
WASHINGTON, Sept. 9. (AP)—Diplomatic officials said today they understood the export-import bank has approved a multi-million dollar loan to Yugoslavia. The amount was reported to be about \$20,000,000. The money would be used mainly to buy machinery and equipment needed by

Tonight at 7:15, petite Laura Leslie will sing that popular number from "Kiss Me Kate," "Always True to You Darling in My Fashion," on the "Sammy Kaye Showroom." Other numbers will include the Kayedets singing "Little Girl," Tony Alame in "Lovers' Gold," Don Cornell doing "Peg O' My Heart," and the "Notre Dame Victory March."

Tune in the adventures of "Straight Arrow" tonight at eight. Organist Milton Charles, who does the background and theme music for the "Straight Arrow" program is still a bit miffed over the prank played on him recently. He was taken back the other day when he saw a fiery-eyed Indian standing stiffly at his organ. A second look disclosed that the angry Indian was a mask mounted atop a clothes-rigged microphone stand. The engineer, sound man, and principals in the "Straight Arrow" cast all contributed parts for the "Indian's" awe-inspiring appearance.

Mystery dialers will run across "The Mysterious Traveller" in KRNR's ten o'clock mystery slot tonight. Replacing tonight's regular "Cues in Music" broadcast at 11 will be the "Marshall Plan Report" recorded direct from Paris and featuring administrators who will give reports on progress in their countries.

Yugoslavia copper, lead and zinc mines. The credit would be the first direct American loan to the Yugoslav government since Marshal Tito broke with Moscow about 15 months ago. Yugoslavia has been pressing an application for a loan for about three weeks.

Secretary of State Acheson is known to have strongly supported the application. He argued that it was a "calculated risk" necessary to bolster Yugoslavia's economy and strengthen Tito as a symbol of independence from Moscow's orders.

Jailed Mexicans Face Deportation Proceedings
PORTLAND, Sept. 9. (AP)—Thirty Mexican citizens were in jail here, faced with deportation proceedings for being in this country illegally.

They were arrested last week by U. S. immigration agents at different railroad jobs and logging camps in Klamath county. Twenty four were charged with crossing the border into the United States without permission, and the others with overstaying their contract to do agricultural work here.

R. J. Norene, U. S. immigration official, said some would probably return voluntarily to Mexico. The others will be given deportation hearings.

Insurance Company Must Pay Huge Death Claim
PORTLAND, Sept. 9. (AP)—An insurance company has been ordered by a federal court to pay \$96,132 to the beneficiary of four policies taken out on a business partner.

Judge Claude McCulloch ordered the Northwestern Mutual Life insurance company, Milwaukee, Wis., to pay the sum to Joseph L. Gilbert. The policies were taken out on Floyd Eaton, who died of coronary thrombosis, Jan. 29, 1948. The two men were partners in a Lebanon logging operation. The court ruled that Gilbert had not concealed facts of his partner's health when he took out the policies. The company contended he had.

Richard Strauss Dies; Genius Thrilled World
GARMISCH PARTENKIRCHEN, Germany, Sept. 9. (AP)—Richard Strauss, one of the world's greatest contemporary composers, died Thursday. He was 85.

His genius ran the gamut of musical expression from simple songs and chamber music to symphonic poems, symphonies and operas. "Der Rosenkavalier" and his impressionistic opera "Salome" are among his most popular works.

He was a musical prodigy at the age of four and began composing when he was six. At 12 his opus No. 1, a "Festmarsch" for orchestra was before the public.

Impressionistic expressions in tone form which Strauss composed in middle life were the subject of critical debate. He lived to see many of his innovations become a most commonplace musical devices.

His tone poems, "Till Eulenspiegel," "Don Quixote," and "Don Juan" are popular with symphonic audiences throughout the world. He composed "Salome" in 1904 and produced the opera "Elektra" three years later. Both works were widely known in America.

The answers to everyday insurance problems
By **KEN BAILEY**

QUESTION: My husband's golf club has offered all the members insurance policies which protect them from damage claims which result from someone being hit by a golf ball or from property damage claims—broken windows, etc. The premium is very small but I'm wondering if the Comprehensive Personal Liability policy which my husband already carries doesn't cover him in such accidents. I'll appreciate your telling me if this is so.

ANSWER: The Comprehensive Personal Liability policy covers your husband when he is playing golf or when he is engaged in any other activity within the limits of the policy. In all probability your husband's policy protects the whole family in the same way.

Inadequate Sewage Plant Said Cause of Pollution
PORTLAND, Sept. 9. (AP)—An inadequate sewage disposal plant at Forest Grove is the chief cause of fish-killing pollution in the Tualatin river, State Sanitary Authority engineers believe.

showed the Forest Grove system grossly over-taxed, resulting in excessive waste from the city and from two canneries going into the river. Oxygen content of the upper river is inadequate for fish life, engineers said. The lower part of the river is not affected.

office, repair and service garage. The service station will handle a full line of accessories. The business is operated by City Councilman Harvey Brown, and his brother-in-law Louis "Bud" Allen.
