Certificates Of **Eligibility Must Specify Course**

Certificates of eligibility issued World War II veterans plan to World War II veterans plan-ning to train under the GI bill from now on will include (1) the name of the course a veteran wants to take and 2) the name of the approved school at which be wants to make the school at which he wants to pursue the course, Vernon I. Basler, chief of Vocational Rehabilitation and Educa-tion division of the Portland V.A. regional office, said today.

The new type certificate will be good for only the listed course in the specific school named.

owner and manager of the Style Shop. "This seems to be the theme song of fall fashions, as suits, coat: and dresses break out in a rash of buttons. The slim suit sil-houette especially lends itself to button trimming, with skirts slit and buttoned at front side or back. Some of the new suits but-ton all the way up the front other. The additional information on certificates of eligibility. Basler explained, will aid VA in its ef-forts to help veterans get train-ing that will be of direct use to

ing that will be of direct use 10 their readjustment to civilian ife, rather than seek training that might serve no other than recreational or avocational pur-poses. Also, Basler added, a veteran asked to select a school and course before he even obtains a give serious thought to his edu-cational objectives and to the in stitution in which he wishes to pursue those objectives. In the past, veterans were not

In the past, veterans were not asked to list the course or school terns." The taupe tones are tops, rang-ing from deep slate gray to light coffee brown. These rich new neutrals may be worn with prac-tically any color accessories, and are destined for long and useful lives for that reason. She also said that shoulders are lightly madded as a mile schlar. terns asked to list the course or school on applications for GI bill train-ing. Certificates of eligibility, therefore, could be used for nearly any course n any institution that had appropriate GI bill ap-

first step of cooking or immedi-ately after. At the clean-up center you will Mr. and Mrs. George A. Buttler Marie, to Dalton Noel Conklin. of Winston announce the engage-ment of their daughter, Betty I y set for next June.

She also said that shoulders are lightly padded as a rule, achiev-ing a rounded, natural line. Waist-lines are slim but not excessively nipped-in, and the silhouette as a whole is slim and natural. "You'll be seeing small checks, stripes and shadow plaids in tweeds that have distinct texture interest. The owner all offset wave want cabinets to hold towels and cleansing materials, kettle, wa-ter pitcher, potatoes, dried fruits and vegetables, etc., any con-tainer of food that requires water as a first step. A good example of this distri-button is presention of emparts

A good example of this distri-bution is preparation of prunes, since they require the addition of water before being cooked, it saves steps to store them near the sink. For your cutlery and small pleces of equipment, you will want a cutlery drawer a section.

Step-Saving, casier work roours Kitchen planning calls for careful consideration, not only of the basic equipment, sink, range and refrigerator, that go into but also of pans, storage and work surfaces.

For instance, in baking a cake most of the work is done at the preparation center. It is started and finished in the same spot.

and there should probably be an-

cabinet.

It is worth your while to inspect them closely. Look at the con-struction to see if it feels flimsy: try the doors and drawers to see if they open and close easily and stay in the position in which you place them. Find out how many cabinet accessories are available. Scrutinize the finish for a fine gloss without any flaws (check with the dealer to see if the cabi-net is bonderized, for this process of the finish). Also keep in mind that in the future you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the turns you may be needing more cabinets and will want them to the source are probably many other that will ocease, a place for the wacuum cleaner, brooms, mops, cabinets So, inquire if the manu-
