**Baptists Launch \$100,000 Building Fund Drive**

**BAPTIST FUND CAMPAIGN OPENS**—The Rev. T. D. King, of the American Baptist Home Mission society, at right, donned working clothes and joined members of the First Baptist church, who are helping build their new church edifice. The Rev. Mr. King came here to launch a \$100,000 building fund campaign.—(Staff photo).

The Rev. T. D. King, of the American Baptist Home Mission society, arrived in Roseburg from New York Friday, to direct the First Baptist church's \$100,000 building fund campaign.

The money will be used to complete the new building of the First Baptist church, which is rising on E. Lane street, adjacent to the old church building.

The Rev. H. P. Sconce, pastor, said Mr. King hopes to collect pledges to be payable within 20 months, with a third in cash where possible, so that a \$30,000 cash goal may be realized. The church initiated Mr. King almost on arrival, by putting him in working clothes with a saw in his hands, so that he could

help members working on the new building Saturday morning. "The members are entering the campaign with this challenging goal with great enthusiasm," Mr. King said. "There is going to be much sacrificial giving on the part of the members."

At all services Sunday there was "a fine spirit," Mr. King added. Mr. Sconce said he was also "happy about the fine response" of the church members to "his great challenge."

**Child Dies From Burns When Clothes Catch Fire**

COOS BAY, Sept. 21.—Susan Jane Colver, 3, daughter of Mr. and Mrs. Hurley Colver, died at a hospital Monday because she had played too close to the family fireplace. The child's nightgown caught fire Sunday morning as she played near the fireplace at her home near here. Her parents and ten brothers and sisters survive.

**Ousted Hospital Attendant Denied Another Hearing**

SALEM, Sept. 21.—(AP)—The state Civil Service commission refused Tuesday to grant a hearing to Earl R. Shelton, 31, State hospital attendant who was fired September 6 on charges of cruelty to patients.

The commission said it did not give Shelton his hearing because he is a conditional employee, instead of a regular employee. Conditional employees are those who hold their jobs without taking civil service examinations. They don't have the same hearing rights as employees who hold their jobs through examinations. Examinations never have been given for the hospital attendant jobs, but the commission hopes to begin them in November.

Robert Johnson, state civil service administrator, said the commission could grant a hearing to a conditional employee if there was evidence he was fired for political, racial or religious reasons. But the law doesn't compel the commission to do so. Johnson explained that Shelton submitted no evidence that political, racial or religious issues were involved. He said he got no evidence of any kind from Shelton. All Shelton sent the commission was a request for a hearing. Johnson said.

**Judge Rejects Telephone License With Parent Co.**

SALEM, Sept. 21.—(AP)—Circuit Judge George R. Duncan rejected Monday the Pacific Telephone and Telegraph company's license contract with the American Telephone and Telegraph.

His decision upheld Public Utilities Commissioner George H. Flagg, whom the Pacific company sued.

The Pacific company, under its contract, pays up to 2 1/2 per cent of its earnings to the parent company. This amounted to \$363,000 in 1948 and \$317,000 in 1949. Flagg rejected this, refusing to consider the payments in establishing the company's telephone rates.

Judge Duncan said the contract is in general terms and "provides no guide for determining in any detail the extent of the service or its value" to the Pac-

ific company. He ruled that the company failed to show that it needs the services of the parent company, and it did not show that those services were worth anything. The case probably will be appealed to the state supreme court.

**Miners Leave Mine They Themselves Own**

GLENRIDGE, Ill., Sept. 20.—(AP)—The miners own the mine here. So when they joined the cross-country United Mine Workers' walkout, they walked out on themselves.

Of the 145 UMW, 120 of them own \$200 worth of stock each—the limit allowed—in the Marion County Coal corporation. It's the sole industry in this southern Illinois village of 300.

The business of walking out on themselves is an old story to them because they have quit producing coal when the rest of the UMW has quit since their cooperative mine venture was born in 1940.
