TEACHERS HONORED AT CHARMING RECEPTION BY GLIDE P.T.A.

The Friday evening reception, sponsored by the Glide P.T.A. for the teaching staff, was considered by many the most pleasant ever attended. The School auditorium was beautifully and informally decorated with fall flowers in soft shades of rose and lavender. Under the direction of Adrian Sias, principal, the elementary school presented a program of music. A piano solo and a patriotic reading, the latter contributed by third graders, was followed by group singing by the upper grades. Mrs. Sias accompanied each group.

Of interest to all and read with much feeling by his pupils was a fine composition which Sias wrote during the war for soldiers on the Aleutians. P.T.A. president, Mrs. G. E. Magnus, presented John Orr, superintendent of schools, who in return introduced his staff. Exquisite corsages, designed to match each woman's costume, and for the men tiny boutonnières were presented to the staff. These were created and contributed by Mrs. William Magnus.

Orr, in a brief message outlined school improvements, discussed school growth trends and long range planning. The entire assemblage was directed to the school cafeteria where refreshments were served. At the time were Mrs. Sid Comfort, wife of the newest member of the Glide school board, and Mrs. G. W. McClure, retiring P.T.A. president. Cakes were served by Mrs. C. R. Clumppner, and Mrs. J. A. Harvey, P.T.A. vice-president. Mrs. G. H. Turner was in charge of hospitality. 'ROMEO' HAS BUSY DAY—In spite of having to appear in four courts in one day, Sigmund Engel, aged love pirate accused of swindling love-sick women, finds time to pitch a little woo with Mrs. Pauline Langston of New York, who is said to be his one and only wife. Engel appeared in Chicago Federal Court on a habeas corpus hearing seeking his release from county jail; in Felony Court where a bail reduction from \$34,000 to \$13,000 is sought; in Superior Court for a ruling on what to do with \$7400 found on the "Romeo" after he was jailed, and in Criminal Court for a decision as to whether the state of Illinois can give him a sanity test.

Business, Industry Steer Around Unfavorable Tide

NEW YORK —(AP)—Business and industry steered around a rising tide of unfavorable developments at home and abroad last week to maintain a strong forward stride. In some lines activity was at the highest point since early last spring before the mild summer recession set in.

Taking notice of the deepening labor crisis except where forced to do so, industrial production made favorable comparison with the best weeks of the budding fall upswing. The so-called strong lines of activity—automobiles, steel and construction—again paved the way for the overall performance.

Trade Spotty Retail trade was a bit spotty because of a let down in consumer spending in areas having special problems such as the widespread idleness in the coal fields. But heavy forward buying for inventory accumulation more than made up for the slack at the corner grocery store.

Prices in a long line of consumer goods duplicated the firmness that has been apparent in recent weeks.

Devaluation of currencies around the world sent shivers up the spine of textile markets. Trading slumped down to a quiet routine turnover, a far cry from the large volume of business that has marked this industry since it was discovered early in the summer that too many firms had let inventories drop too far and re-entered the market on the buying side.

May Feel Foreign Pinch All types of textile goods are likely to feel the pinch of foreign competition now that goods have been cheapened in such big texture.

RECORD MAKERS Several members of the Brooklyn baseball team have become record makers. PeeWee Reese and Jackie Robinson, the Brooks' fine key stone combination, have teamed in a two-record album for youngsters on baseball, and a tune called "Did You See Jackie Robinson Hit That Ball?" is gaining favor among the swing set here.

P.T.A. SCHOOL OF INSTRUCTION TO BE HELD ON FRIDAY

For the past month, schools of instruction have been held throughout the state by the Oregon Congress of Parents and Teachers for the benefit of the local units in the respective counties to develop leadership and a better understanding of the aims and ideals of parent-teacher work. The Douglas county school is scheduled from 10 a.m. to 4 p.m. on Friday of this week at the Episcopal parish hall, with state officers arriving to conduct the school. Representatives of all parent-teacher units in Douglas county are planning to take advantage of this opportunity for assistance in improving their programs and solving the problems that arise in their own schools and communities.

An abundance of information and sources of material available, including films and speakers, for P.T.A. programs and parent education groups will be presented for the benefit of program planners. Assistance, inspiration and new ideas for all committee chairmen and officers will be packed into this five-hour workshop. A question and answer period is also a highlight of this course which has been designed to annually meet the needs of each parent-teacher unit in Oregon.

FULLERTON P.T.A. PLANS CLOTHING EXCHANGE

School children's outgrown but still useful clothing will be displayed and sold at each Fullerton P.T.A. meeting throughout the school year, according to Mrs. Charles Collins, chairman of the Ways and Means committee.

Coats, sweaters, dresses and outgrown rain-wear will be especially welcome, said Mrs. Collins. Proceeds from the sales will go towards the annual P.T.A. gift of equipment for the school.
