# **Full Support Of Football Team Urged**

Fighting Spirit Born After Defeat By Medford, Active Club Is Advised

Residents of Roseburg must get behind the football team with their fullest support, if they ex-pect to have a winning ball club.

Lowell Atterbury made this statement speaking before the Roseburg Active club Thursday morning in the Shalimar. "The coacnes cannot do it all. Neither is it enough that the peo-

ple turn out at games. Their sup-port and encouragement is need-ed at all times," he declared.

Atterbury said he has made it a point to follow development of the team the last couple of weeks, since its defeat at the hands of Medford.

He said he was amazed to see the improvement and the fighting spirit the team now possesses and to learn of the way the team played in beating Coquille, which previously trounced Ashland.

Fighting Spirit Developed

He learned, he stated, that the team members were scared or-fore the Medford till. It was the first contest of the scason. Med-ford had always beaten Rose-burg, usually by big scores, and towns-people scoffed at the possi-bility of a Roseburg upset vic-tory.

But with that big game out of the way it's a different story out on Finlay field. The coaches are instilling in the players the will to win. They are learning their fundamentals, and, as amply demonstrated in the Coquille

Under the new program of teaching football fundamentals in the grades and junior high, vast improvements should be not-ed in future teams, he said. The players highly respect Coach Ce-cli Sherwood and his assistants. But it will take a little time to get the system working as it should be. of the entry age of Cub Scouts to 8, thousands of boys are now join-ing this great nationwide pro-gram who were not previously old enough. The Oregon Trail Area council program for the area-wide Liber-ity round-up includes a formal roll call in each unit, a uniform inspection and a series of lead-ership training conferences and roundtables. All of these activi-ties are geared to the 1949 theme of "Strengthen the Arm of Lib-erty," a nationwide crusade in-stituted by the Boy Scouts of Am-ertica last February. Established in 1910, the move-ment will celebrate its 40th an-niversary next year. A high point of this great celebration will be the second national jamboree to be held at Valley Forge Pa., from June 30 to July 7. Smoky skies and an emergence

Smoky skies and an emergency landing brought surprised visi-tors to the Glide Ranger station early Tuesday evening. Milton Andrews, ranger of the South Umpqua district at Tiller, had been flying over his district checking smoke, when he sighted a suspicious spot in the Big Cam-as area of Diamond Lake dis-trict. His pilot, Hattleid, of the Tri-City Flying service and own-er of the two-place Piper Cub in which they were flying, put down at Big Camas where the smoke was reported. siting here.

at Big Camaa where the smoke was reported. The plan was to take off and fly directly home, but heavy "smog" made flying dangerous and the plane again set down, this time an emergency landing on one of the vast fields of the Phil Strader ranch east of Glide. The two men showed up at the Glide Ranger station, where they visited for approximately an hour before flying conditions were again favorable. Hatfield, manager of the Tri-Clty Air service, claimed no re-lation to Glide's now famous "flying loggers" of that name. Henry A.
