## Russia Doesn't Know How To Stockpile Atom Bombs, Says Solon, Disputing "Leak" Idea

WASHINGTON, Sept. 28.—(AP)—Senator O'Mahoney (D-Wyo.) said Tuesday every sign indicates Russia doesn't have the industrial know-how or facilities to stockpile atomic bombs.

O'Mahoney, who led one congressional group in the drive to tighten the secrecy around American atomic developments, told a reporter he doesn't agree with Senator Hickenlooper (R-Iowa) that information leaks may have speeded Soviet efforts to fire an A-bomb.

"The basic scientific information has been no secret," the Wyoming Senator said. "It's the industrial know-how of making the bombs that is important."

"The Russians just don't have the technical abilities nor the facilities to stockpile bombs. Just look at their attempts to produce automobiles. They are far behind and this certainly is a much more complicated matter than producing automobiles."

Hickenlooper told the Senate Monday that "loose security policies" by the Atomic Energy commission had "permitted vital information to filter out of this country."

"I have no doubt that they have helped step up Russia's timetable for the production of an atom-

ic explosion by a very substantial period of time," he declared.

Chairman McMahon (D-Conn.) of the Senate-Atomic Energy committee took sharp issue with Hickenlooper.

McMahon said an investigation by the committee of Hickenlooper's charges of "incredible mismanagement" against the AEC and chairman David E. Lilienthal hadn't produced a single bit of evidence that loose security policies helped the Russians get atomic knowledge.

"On the contrary," he said, "the evidence showed a profound and constant concern for security on the part of the commission."

### IWA Wants No Court Action In Labor Disputes

VANCOUVER, B. C., Sept. 28.—(AP)—The CIO-International Woodworkers of America want the courts to keep "hands off" labor disputes.

Delegates to the union's 13th annual convention here pledged themselves yesterday to a continuing fight for legislation "which will put an end forever to the intervention of the judicial branch of governments in labor disputes."

The convention indicated it would spread its political action program into the election of judges. The resolution against labor injunctions urged members to guard against election of judges "who would subvert their power in the interest of big business."

Delegates commended CIO secretary-treasurer James B. Carey for recommending that the CIO sever its connections with the leftist world federation of trade unions.

Expulsions Slated  
Three left-wing unions will be ousted from the CIO at the union's national convention in Cleveland, a Canadian labor lead-

COOL RECEPTION—Mrs. Julia Koka St. Clair and her son, Dolphy, 7, rest on the wheelchair which they pushed 1400 miles from Jacksonville, Fla., to Detroit, only to be refused a room in a fashionable hotel. The "Miss Hungary of 1918" complained that Detroit is inhospitable and also that there was no official reception committee to greet her at the end of her three-month journey.

er said last night.  
William Mahoney, western director of the CIO-affiliated Canadian Congress of Labor, said he had learned on "unimpeachable authority" that the United Electrical Workers, the International Union of Mine, Mill and Smelter Workers, and the International Longshoremen's and Warehousemen's Union will be expelled.  
Diced cooked carrots and white turnips may be served together in a cream sauce; a small amount of cooked peas (leftover) may also be added for color.

### New Effective Cure For Common Cold Discovered

NEW YORK, Sept. 28.—(AP)—A common cold cure which worked 90 per cent of the time, if you detected the cold within the first hour, is reported by Captain John M. Brewster, U. S. Navy medical corps.

The cure is not one drug, but at least five, all antihistamines. That is the drug you take for allergic sneezing.

Capt. Brewster reported his experiments in the U. S. naval medical bulletin of last January-February. The drugs he used are peribenzamine, thienylene, non-antergan, histadyl and benadryl.

For every hour's delay in taking the allergy drugs there was a drop in cures. Waiting six hours gave only 75 per cent.

### Eastern Oregon Hospital Adds \$208,000 Wing

PENDLETON, Sept. 28.—(AP)—Fifty patients have inaugurated a \$208,000, 114-bed, admissions and treatment hospital building at the Eastern Oregon State hospital in Pendleton.

A \$208,000 wing was added to the employees building, making a total addition to the hospital valued at \$1,193,000. The wing provides 24 two-room apartments.
