

### War Refugee Commoner Weds Earl Of Harewood

LONDON, Sept. 30. — (AP) — The Earl of Harewood, 26-year old nephew of King George VI, took a pretty little Viennese commoner for his bride Thursday.

The tall young Earl, eleven in line for the throne, and slim 22-year-old Marion Stein were married at St. Mark's church in the heart of Mayfair.

Among the 300 guests who saw the climax to this romance born of music were the royal family, and some of the most distinguished folk in Britain.

It was the first wedding in the royal family since that of Princess Elizabeth and Prince Philip in November, 1947. Miss Stein is the first commoner to marry into the royal line since the Duke of Windsor took Mrs. Wallis Warfield Simpson as his bride 12 years ago.

As the service came to an end the Earl led his new countess to the vestry to sign the register. Among those who signed at witnesses were King George, Queen Elizabeth and Princess Elizabeth.

Then, as the Earl led his Countess from the church, he beamed happily on a crowd of 4,000, among them some 200 employees of his Yorkshire estates and many of the middle class friends of the Stein family.

The wedding anthem was a special work by Benjamin Britten, the brilliant young British composer. Britten first introduced Harewood and his bride, who is a concert pianist.

The Earl is president of the London Opera club and a working music critic for a weekly magazine.

Only 11 years ago Miss Stein and her family were stateless refugees from the Nazis. Her father, Erwin, worked for a music publishing house here after reaching the sanctuary of Britain.

Among those who attended the wedding were American film star Douglas Fairbanks and his wife.

WASHINGTON, Sept. 29. — (AP) — After many defeats, Senator Byrd (D-Va.) has won the Senate to the idea of lumping its appropriation bills into one big measure.

For four years, Byrd has been arguing that this would help to appropriate money more efficiently and would guard against the government spending more than it took in.

The Senate approved his plan Tuesday. In the House, chairman Cannon (D-Mo.) of the appropriations committee has said his committee will put the idea into effect next year.

Under the plan, all appropriation measures would be grouped together, along with the government's revenue estimates, at the start of each session of Congress.
