Calculations Of Life Insurance Dividends To Be Paid Veterans Explained By Vets Affairs Head

Carl R. Gray Jr., administrator of veterans affairs today made public the first Veterans administration calculations on amounts proposed to be paid nearly 15,000,000 veterans in the \$2.5 billion special National Service Life Insurance dividend.
Maximum possible amount that any veteran can receive will be \$528. Other payments, based on age groups will run to lesser sums. The dividend will be paid only for the period that the policy was in force prior to the policy anniversary in 1948. No payments will be made for periods of lapse, VA emphasized.
Gray said that the estimated rate of the dividend was arrived at after long actuarial studies, and that the rate of payment will be same for both term and converted policies, as the dividend is based on mortality savings since there are no excess interest earnings.
In arriving at the dividend scale, Gray said, standard insurance practices were followed, whereby dividends on a life insurance policy represent a return to the insured of the excess of premiums paid over the amounts received to pay claims and set up necessary reserves. This is not necessarily proportional to the premium paid.
While portions of the premium originally estimated as necessary to pay claims may turn out to have been too high and can return a dividend, the part of the premium that goes into building up reserves cannot return a profit unless the fund earns a rate of interest higher than that assumed in the premium calculation.

Douglas County Students Pledged At Oregon State

By ROD NEWLAND (Student at OSC)
The 28 national fraternities on the Oregon State college campus pledged 299 of the first week's "rushes" Monday night of last week. The first rush week ran from Sept. 22 to Sept. 25. Another rush week started Sept. 27 and continued through the 29th. The first week's total is a slight drop from the 314 record of 1948.
The following Douglas county students were pledged: To Delta Tau Delta, Neil S. Wissing, Roseburg; Kappa Delta Rho, Arthur E. Matthews, Roseburg; Kappa Sigma, Robert P. Beck, Roseburg; Phi Delta Theta, John R. Anderson, Oakland; Phi Kappa Psi, Norman Fred Weatherly, Elkton; Sigma Nu, Stanton C. Cornutt, Roseburg; and Edward E. Shurtliff, Myrtle Creek; Theta Xi, Robert L. Fullhart Jr., Reedsport. Cornutt and Wissing were graduates of Roseburg high school, class of 1949.
Men's Registration Drops
O. S. C. registration figures show a total of 6429 students as of Monday, Sept. 26, compared with 7095 at a comparable time a year ago. Veteran registration is off about 26 per cent, while the senior class registration has set a new record of nearly 1500 students and a 37 per cent increase over last year at this time. Junior, sophomore and freshman registration is off 33, 20 and 13 per cent, respectively.
All the registration loss is being taken by the men's side of the ledger, while the women are holding their own. The ratio is 3.15 men for every woman registered in school. That figure includes, however, the men students who live in Adair village with its 400-family capacity, on the Mall street development in Corvallis and various other family units.
The enormous new Gill pavilion, O. S. C.'s new basketball court, will be ready for the return engagement of the Vienna choir Nov. 18, although the building will not be completed until January 1950.
According to the Daily Barometer, school paper, the 12 riveted steel roof frames, which weigh 60 tons each and measure 222 feet in length, have set a record for postwar construction. Enclosed area of the playing floor, which measures 263 by 227 feet, approximates 1.35 acres.
The actual playing floor will be laid on a concrete base and will be maple boards laid over two-inch plank, which in turn, will be nailed to 4x4-inch "sleepers." The main floor is promised to be ready by Dec. 15, when Beaver basketball players meet Utah for the first pre-season home basketball game.

Soft Music Is Ordered For New Animal Shelter

LOS ANGELES.—(AP)—Now it's soft music for the inmates of the new animal shelter of the Los Angeles Society for the Prevention of Cruelty to Animals.
The shelter, opened to the public today, also includes bunk beds, a diet kitchen and germicidal lamps. And a drinking fountain which dispenses fresh water to dogs on the street outside is labeled a "dog bar."
"Organ music is best suited for the dogs," said Alex Tilley, general manager of the Society. "The selection must not hit high C or the dogs will begin howling. And be-bop—well, that's out too."

NO MORE LAXATIVES FEELS 100% BETTER

"Laxatives didn't help. I was a victim of constipation for 15 years. But eating KELLOGG'S ALL-BRAN every morning gives me regular, feel 100% better. Would like others to know!"
David Brownell, Center Ossipee, New Hamp. One of the many unsolicited letters from ALL-BRAN users. Constipated due to lack of bulk in the diet? Eat an ounce of toasty ALL-BRAN daily, drink plenty of water. You may never need another laxative! If not satisfied after 10 days, send empty box to Kellogg's, Battle Creek, Mich.
