

Federal Power Commission Nominee Denies Ever Being Communist

WASHINGTON, Oct. 4.—(P)—Leland Olds, nominated by President Truman for a third term on the Federal Power Commission, denied Monday that he is or ever has been a Communist.

"I believe and I have always believed in the American Democratic form of government," Olds told a Senate interstate commerce subcommittee, holding hearings on the nomination.

He returned to the witness chair to answer testimony given the senators last week by Rep. Lyle (D-Tex.).

"Mr. Lyle's charges impugn my character and question my loyalty," Olds said.

Lyle called the president's nomination of Olds an "unthinkable appointment." He also submitted copies of a series of articles that Olds wrote in the 1920s

for the Federated Press, a labor news service.

After hearing Olds, the committee closed the hearings.

Senator Edwin C. Johnson (D-Colo.) disclosed that the committee had asked the Justice department for information gathered by the FBI about Olds but the department had refused to turn it over.

Johnson made public a letter in which Peyton Ford, assistant to Attorney General McGrath, said the FBI data "is classified as confidential."

President Truman has ordered government departments and agencies not to let congressional committees have files on "loyalty" investigations. The issue has gone up several times in the past.

Critics of Olds have brought out that his 1920 articles were

Refugee Problem Holds Dangers, Warning Of Pope

CASTEL GANDOLFO, Italy, Oct. 4.—(P)—Pope Pius XII has warned the western world it faces grave dangers unless the agonizing refugee problem is swiftly solved.

"Political, economic and even social dangers are involved in a policy of further delay and exaggerated caution," he told a refugee fact-finding committee of American congressmen here.

The Pope appealed for "prompt and responsible community action" to end the "blight of peacetime detention camps . . . and the plight of millions who now must answer to the hideous appellation of 'expellees'."

He urged the congressmen and their collaborators of every nation to "deal vigorously with the last remaining obstacles to full human freedom for our beloved refugees."

The Pope's brief address was delivered in English at a special audience at his summer residence.

Attending the audience were Representatives Francis Walter (D-Pa.), chairman of the House Judiciary Subcommittee of Immigration; Frank Fellows (R-Me.); Chauncey W. Reed (R-Ill.); Michael A. Feighan (D-Ohio); William T. Byrne (D-N.Y.); and Kenneth B. Keating (R-N.Y.).

The group is ending a month-long survey of refugee and displaced persons problems in Germany, Austria and Italy. The legislators will sail next Wednesday from Naples for the United States.

DIAL-LOG

LET'S TALK WORLD SERIES: On the basis of what the teams showed at the beginning of the year, Boston was to finish first, Cleveland second, New York third and Philadelphia fourth. But the Yankees set the pace from the drop of the flag and won by a small but comfortable margin. This is the most astounding surprise of the 1949 campaign, for they were without DiMaggio's services for 65 games. Looking back, it seems that the fates decreed that the '49 Yankees must do it the hard way. No team in either league has had a longer casualty list. When Tommy Henrich was sidelined in early July it was injury number 39. The temptation was to say that the Yankees couldn't make it without him, but then that was what everybody was saying when it looked as though the great DiMaggio was through for all time. To win, all the Yankees had to do was to stay on top—and they've done it. Now with a well-balanced attack functioning on all cylinders the Yankees are ready for The Dodgers in the World Series of 1949.

In Spring training Branch Rickey said of his 1949 Brooklyn Dodgers—"This is the finest squad I ever put together," or words to that effect. Now that his "blowed bums" have clinched the National League pennant—it would appear that Mr. Rickey's crystal ball performed with extraordinary efficiency. Throughout the campaign the accent was on youth and speed, and when the St. Louis Cardinals made their serious July bid for the top—it was the bonus kids of Flatbush, steered by veterans Robinson, Reese and Hodges, who held the "gas-house" gang at bay in the fourth game of a crucial series. It was the speed and strength of a young confident team that seldom lost to a cellar club, and broke better than even with most of its top rivals.

In the 1949 World Series it's the Brooklyn Dodgers against the New York Yankees in a series of thrilling broadcasts over KRNR and Mutual exclusively beginning Wednesday, October 5 at 9:45 a. m. The World Series is sponsored by the Gillette Cavalcade of Sports.

Civil Rights Measures Off For This Session

WASHINGTON, Oct. 4.—(P)—Democratic congressional leaders and President Truman agreed Monday that Congress should put off consideration of civil rights measures until the session starting in January.

Senator Lucas of Illinois, democratic floor leader, said after a conference with the president that "it seems doubtful that a prolonged discussion of any civil

rights bill at this session would be helpful."

Lucas said a fair employment practices commission measure probably would be the first to be considered in January.

Lucas said he thought this session of congress would be wound up in two or three weeks.

Singer Sewing Machine Strike Finally Ended

BRIDGEPORT, Conn., Oct. 4.—(P)—Five hundred employees of the Singer Sewing Machine company went back to work today for the first time in five months. The company said the entire working force of 2,100, idled by a strike that began May 5, would be back on the job by the end of the week.

The United electrical, radio and machine workers (CIO) Sunday ratified a company-union strike ending agreement.

U.N. HONORED AT LIDICE LAKE SUCCESS—(P)—The reborn Czech village of Lidice, wiped out by the Nazis in 1942, has named its main street "United Nations Avenue."

The village is being rebuilt on modern lines with the help of voluntary brigades from other countries. Appreciation of their aid prompted the U.N. name for the main street.
