

Riverside School Bids Held Up For Further Study

Bids for the construction of a basement and first-story addition to the gymnasium and auditorium building at Riverside schools are being held in abeyance until the school board determines what funds are available for other school construction projects.

Superintendent Paul S. Elliott said bids were opened Friday and taken under advisement by the board. Basic bids were for a shell-type structure. Three alternatives were included which would allow for a complete building.

The following bids, listing the basic and the total with alternatives included, were: Todd Building Co., Roseburg, \$62,500—\$116,436; Industrial Building, Eugene, \$62,800; Settergren-Wiley, Ashland, \$69,716—\$116,230; H. J. Settergren, Portland, \$70,200—\$117,000; H. Barnhard, Medford, \$89,322—\$138,534.

Plans for the work were prepared by Portland Architects Freeman, Hayslip & Tuft.

Plans called for a basement of concrete construction to house girls' and boys' locker rooms and showers, storage room, kitchen and teachers' lunch and cafeteria rooms.

The gym playing floor, stage and dressing rooms would be located on the ground level. The floor was to have a plywood finish and the roof will be of bow string truss construction. Pipe columns and beams were planned in the floor.

Interior construction generally was to be plastered walls and fiberboard ceilings. Unit heaters were specified, also glass block windows.

There are about 651,000 steel workers in the United States.

Defense Lesson Slated For Class At Armory

"Defense of the United States against an attack employing atomic weapons and guided missiles" will be the topic of a two-hour class, to be conducted tonight at the Roseburg Armory for all reserve personnel and national guardsmen.

The class will be conducted by the Army's Organized Reserve Corps augmentation group J. L. Col. David J. McFadden, who recently returned from 35 months duty in China, will conduct the course. Sgt. Wallace D. Bosley will assist him.

Retirement credits will be awarded for attendance, according to Major Jack P. Bathrick, commander of 6664 Base General Training depot, O. R. C., Roseburg.

"Roof Fire" Just Optical Illusion

The fire alarm which sounded shortly after six o'clock Tuesday night proved to be a false alarm—despite the lengthy blasts of both sirens.

City firemen reported an alert Roseburg woman phoned in the information a house roof was on fire at Flag street in the east part of town and would firemen please hurry.

Firemen did. But when they arrived at the scene of the supposedly blazing house, they found an optical illusion had fooled their informant. Instead of a house fire, the firemen found rubbish burning behind a house—everything perfectly in order.

The illusion occurred when the woman, standing below the hill on which the house is located, looked up and saw flames shooting up from what looked to be the house top.

Lady's Stomach Was Like Gas Factory; Meals Turned to Gas

"Your medicine can't be beat" says this Newford lady. "Acid and gas in my stomach made me suffer awfully, and my husband was terribly constipated. We use a bottle of it a week, and it can't be beat." Folks who know the misery of gas and acid in their stomachs will burst for every meal and who often hate to eat because of the misery that follows often find that irregular bowel action by the action of KAL-O-DEX taken shortly before meals mixes with the food and helps to eliminate poisonous waste matter through its laxative action.

KAL-O-DEX is an herbal formula containing medicinal juices from 3 Great Herbs: these herbs cleanse bowels, clear gas from stomach, get on sluggish intestines and soothe. Miserable people soon feel different. Get KAL-O-DEX today at all drug stores.

Store At Yoncalla Changes Owners

By MRS. GEORGE EDES News-Review Correspondent

Mr. and Mrs. Eric Stenseth, who for the past 21 years have successfully operated the Yoncalla Red and White store, have sold their business to Mr. and Mrs. Russell Wamsley of Neskwom, Ore.

Mr. Stenseth came to Yoncalla 33 years ago, from Minnesota, and for a number of years ran a cream filling station in connection with the R. W. Davis Feed store. In April, 1928, he bought what was known as the W. F. Rupprecht grocery store.

Mrs. Stenseth has been on the job every day with her husband, and now they have earned a much needed rest. They will retire from active business for the present. Mr. and Mrs. Stenseth will make their home in Yoncalla. Next summer, they expect to take a trip to Norway, where Mr. Stenseth has sisters and brothers whom he has not seen for 25 years.

Mr. and Mrs. Wamsley ran a general store at Neskwom. They took over the Red and White store Monday, Oct. 3. They have also rented the Stenseth home, two blocks south of the store.

Yoncalla welcomes the Wamsley family into its midst, and hopes as friendship grows, it will feel the same warm feeling for the Wamsleys it has felt for the Stenseth family.
