

T-H Act Repeal Urged By Tobin, Labor Secretary

ST. PAUL, Minn., Oct. 4.—(AP)—Secretary of Labor Maurice J. Tobin today called on organized labor to replace discord and cross-purposes with "the solidarity of cooperation" to secure such objectives as repeal of the Taft-Hartley act.

"It has already been proved that when an international crisis is being faced, or when the labor movement is being threatened within a state or in Washington, AFL and CIO can work together effectively and harmoniously," Tobin said in a speech to the National AFL convention.

"I am pleading merely for a logical projection of the spirit behind such activities," the Cabinet officer said, pointing out that he had no "program of unification" or "any scheme for making labor one and indivisible."

He urged cooperation on the political level "if we are to get rid of Taft-Hartley and realize other parts of President Truman's 'Fair Deal.'"

"Last November," Tobin said, "workers and farmers pulled together, not because there was any alliance, but because both groups had come to realize that the only real hope for a fair deal was the election of President Truman. We must keep alive and strengthen that community of interest which manifested itself last year."

Sunday the AFL executive committee rejected political cooperation with the CIO on a national scale, but left the way open for joint action locally.

Yesterday, Sen. Humphrey (D-Minn.) scolded the Taft-Hartley act, declaring "there will be no labor-management peace until this grossly unfair, anti-labor legislation is removed and the economic relationship between labor and management are settled around the conference table."

Offers Reward For Her Husband

SALEM, Oct. 5.—(AP)—A \$2,000 reward was offered Tuesday by the wife of Silverton man who has been missing for three weeks.

The woman is Mrs. Charles Fantz, whose husband left San Francisco on another Man's tuna boat. No trace has been found of the boat.

Mrs. Fantz asked the state board of Aeronautics yesterday to join the search, but the board said it was not permitted to hunt off the coast of California.

Mrs. Fantz said she would give the reward to anyone giving information which would lead to the finding of her husband. She hopes the reward will encourage private fliers to join the search, which now is being conducted by the Coast guard.

Fantz is a logger, and was a candidate for the State House of representatives last election.

Police, After Hunt, Find Their Man In Jail Cell

BALTIMORE, Oct. 5.—(AP)—After an eight-hour search, Baltimore police found their man Monday.

He had been in jail all the time.

Howard Mosby, 16, arrested on a disorderly conduct charge and released on bail, has asked to be kept in jail because he "didn't want to be late for the hearing next morning."

The police obliged, but failed to make a notation on the docket.

When Mosby didn't appear at the hearing, the search began. It wasn't until late afternoon that a red-faced turnkey remembered Mosby was in the lockup.

Said Magistrate A. A. Iozlovsky at the hearing:

"It looks like we owe you a little time now. Case dismissed."

"THIRTY" IS SYMBOL

NEW YORK.—(AP)—The term "thirty," which in newspaper parlance means the end of an item, originated back in the early days of the telegraph.

At that time operators, writing longhand, used the symbol "XXX" to designate the end of a dispatch filed by a newspaper correspondent. The "XXX" constituting the Roman numerals for "30." It quickly translated itself into the now familiar "thirty."

Power Shortage Threat Faced By Northwest, Bonneville Assertion

SEATTLE, Oct. 5.—(AP)—Threat of an early power shortage for the Pacific northwest loomed today with announcement by the Bonneville power administration of a possible 75,000 kilowatt cut of interruptible power now provided to aluminum reduction plants here.

The administration notified its Seattle office that power would be reduced next week unless the Columbia river flow improves substantially.

Bonneville made a similar cut a month later last year, heralding a power shortage which existed throughout the winter.

The private companies have

been notified that their firm power supplies, which totalled 370,000 kilowatts a year ago, will be reduced to a total of 295,000 kilowatts this year.

However, the cut will be somewhat offset by a new contract with the British Columbia Electric company for 30,000 kilowatts.

The peak capacity of the Grand Coulee dam plant should be about 360,000 kilowatts greater than last winter. But company officials have said that unless present rains increase the present river flow substantially, there will not be enough water in Lake Roosevelt, behind the dam, to operate the entire battery of generators throughout the winter.

Seattle city light officials said their power supplies are adequate for the present, with approximately 1,000,000 acre feet of usable storage behind Ross dam. The Skagit river flow is 10 per cent above normal for this time of year.

Wives Nos. 1 And 2 In Contest Over Children

LOS ANGELES, Oct. 5.—(AP)—The stepmother of two boys was charged here with child stealing in a custody dispute with their mother.

The boys are Ronald Rhoton, 14, and Robert, 12. Their father was killed in their burning home at Klamath Falls, Ore., Sept. 21.

Their stepmother, Mrs. Donna Lee Rhoton, 33, was jailed and then released to appear in court on an Arizona warrant.

Mrs. Rhoton told officers that after her husband's death, she and the boys accompanied the

body to Shumway, Ariz., for burial Sept. 27.

At the funeral, she said, they met her husband's first wife, Nova, mother of the boys, who immediately claimed them.

Mrs. Rhoton said that during the divorce hearing in 1938, her husband had been awarded custody of the boys.

She told police she brought them here.
