

Russia-Allied Tug-Of-War Over Control Of Germany Increases

By DeWITT MacKENZIE
(AP Foreign Affairs Analyst)

Russia shows signs of being about to create a new, communist-dominated German state out of her eastern zone of occupation, with Berlin as its capital.

This will be calculated to offset the German republic recently established at Bonn by the three western zones under guidance of America, Britain and France.

When these two Germanys are functioning there will ensue a tug-of-war between Russia and the three democracies to achieve a united Germany—communist if the Soviet wins and democratic if the western trio are successful. The future history of continental Europe will be heavily influenced by the outcome of this struggle, for ultimately Germany may well resume her old position as the keystone of central Europe.

That is, she will resume it if she is reunited. And on that score there can be small doubt unless events take a wholly unforeseen turn. It isn't the nature of the Germans to be separated. By hook or by crook the two divisions will unite to re-establish the fatherland as soon as they see an opening.

Naturally Moscow's hope is to draw western Germany into the Soviet eastern zone, thereby consolidating the reich into a communist state which would be a satellite of Russia. By the same token the three western allies are aiming to attract eastern Germany into the Bonn government.

Teen-Age Deaths In Auto Mishaps On The Decrease

By JANE EADS

WASHINGTON—“Teen-a-cides”—deaths from traffic accidents involving drivers under 25 years of age—are on the decrease, the Inter-Industry Highway Safety Committee reports. This may be due partly to the committee's new safety program, which urges parents to encourage their sons and daughters to sign agreements with them to live up to eight good driving practices in return for permission to use the family car.

The idea is to get young drivers in this age group, who are involved in nearly one-third of all highway accidents, to become members of the “Man-to-Man” and “Dad-to-Daughter” clubs now being formed throughout the country. Assisting the committee in carrying on the project are the National Automobile Dealers Association and the National Committee for Traffic Safety.

School Training Aids

The group lists as its Number One safety project support of the high school driver education and training programs. It urges that dealers loan cars to those schools with qualified instructors. “High school-trained teen-age drivers are involved in only 50 percent as many accidents as the untrained,” the committee says. “Approximately 2,000,000 boys and girls of high school age be-

come eligible to drive each year.”

Since the start of the program in May the committee says it has received requests for nearly a million copies of the agreements and approximately 750,000 club cards. Each youthful driver who signs the agreement is given a membership card in the National Good Driving Club. Conditions of the parent-youth agreement include a promise not to try to show-off while driving, not to allow the car to be driven by anyone who has been drinking, not to drive in excess of the speed limits specified on any city street or over 50 miles per hour on open highways, to slow down and look both ways at all intersections, not to race with other cars, not

to drive if he feels sleepy, to obey all signs and traffic regulations. And, this one may put father on the spot: “That, knowing insofar as the law is concerned, my acts in using the car are the acts of my father, I will try to drive it as carefully and cautiously as he does.”

Add a special cheese mixture to steak just before it is done. Prepare it this way: Mash a little blue cheese with some French dressing and flavor it with a little Worcestershire sauce. When the steak is almost done season it with salt and freshly ground pepper and spread the cheese mixture over the top. Return to the broiler until the mixture bubbles and serve immediately.

if and when the Russian military grip is relaxed.

Economically the Soviet and the western zones not only complement each other but are essential to each other. The west has the greater portion of the industries, while the east is rich agriculturally.

The west, of course, is much larger, having an area of some 95,000 square miles and a population of about 45,000,000. The Soviet zone contains 46,000 square miles and has a population of 17,000,000.

However, the eastern zone has a tremendous drawing card — Berlin, former proud capital of the reich, one of the world's great cities and hub of European transportation. The fact that Berlin is now divided into four zones which are occupied by Russia, Britain, France and America won't preclude the projected eastern German government from claiming it as the capital.

Ideologically the advantage in the battle for unity will lie with the three western zones.

Pacific U. Freshmen Relieved Of Paddles

FOREST GROVE, Oct. 6.—(AP)

Pacific university, abandoning tradition, has tossed away all its paddles today.

The freshmen, who have always had to tote paddles just in case a letterman might decide they needed punishment, stacked the clubs up in the dean's office.

The letterman's club voted to abandon physical punishment as part of fresh training. The freshmen must still build the home-coping bonfire and answer twice-weekly rollcalls, however.

Dr. Dave Darland, dean of students, congratulated the lettermen on their decision. He called it “evidence of progress toward maturity.”

Bag Of Deer In Eastern Oregon Shows Increase

LA GRANDE, Oct. 6.—(AP)—Hunters are having better luck than last season. If the number of animals turned in to cold storage lockers here is a fair indication.

Locker companies reported receiving three times as many deer as last year. In addition, they got one bear and one bull; shot by mistake.

BAKER, Oct. — (AP)—George Van Arnhem of Newport bagged a nine-point buck here and said he is going to take the horns home for a hatrack.

Arnhem, hunting in the Greenhorn district, shot the 250-pound deer Monday from 100 yards. He brought the animal here.

The state flower of Alabama is the goldenrod.

Long distance helped me close the sale

A fast way to do business is by Long Distance. Most calls speed through while you hold the line...three times as fast if you know the number. And you can say as much in three minutes as in a letter, getting your answer at the same time. Even if the number doesn't answer, the Operator will be glad to keep working on your call...at no extra cost. Long Distance is one of today's best bargains...the rate for a Coast-to-Coast call is now less than half what it was ten years ago.
