School Boy Gets Study Spur From Gen. Eisenhower

TARRYTOWN, N. Y., Oct. 6. (AP)—School? Just a waste of time, complained Glenn Schmidt, 11. He wants to be a soldier, and he thought the sixth grade routine was getting in his way. Glenn's parents disagreed, so the boy appealed to a well-known military man he'd read about. "Do you like going back to school as much as being the army?" he wrote.

Back came the answer: "Dear Glenn:

"I like Columbia very much, although when I was attending school myself there were many times when I would have much rather stayed home.

"I appreciate how you feel, too, but most certainly you must make every effort to excel in your school work, to be quick in your obedience and to be neat—if you ever hope to amount to anything in any field. Does that answer your question?"

Sincerely,

Dwight D. Eisenhower"

Glenn's parents said he plunged into his studies yesterday with more zeal than ever before.
