

YANKEES, DODGERS TIED, 1 TO 1, IN 6TH INNING

ACCUSED IN CHURCH THEFTS—William Lee de Forest, 54, runs his hands through coins which police said they found in his room when they arrested him in Hollywood on suspicion of burglarizing church collection boxes. Sgt. Conwell Keeler said the suspect told him the money was all that was left of \$1,200 he took from St. Thomas the Apostle church in San Francisco while serving as church sexton.—(AP Wirephoto).

WELFARE STATE FEARED Commander Of Legion Warns Against Demands For Government Service

ST. PAUL, Minn., Oct. 7.—(AP)—The national commander of the American Legion warned today there are too many demands for increased government services—demands which may lead to a "welfare state."

In the Day's News

By FRANK JENKINS

UP in Portland representatives of state governments are holding a western regional conference. They hear from a Chicago man (a Frank W. Bane) that federal taxes on gasoline should be earmarked for highways.

The federal gas tax, Bane says, totals up to nearly a half million dollars a year, and he thinks the great white father in Washington should either spend the money on roads or quit taxing gasoline.

OUT here in the West, where we want and NEED the roads, Bane's idea seems wholly reasonable. (Continued on Page Four)

Portland Tries New Type Meter To Boost Revenue

PORTLAND, Oct. 7.—(AP)—Portland hopes to double its parking meter revenue from its new meters. About 11,000 have been installed. Tests so far indicate the average daily take is 85 cents compared with 35 cents on the old type. The new ones cost 5 cents per half-hour, but up to four nickels can be put in at the same time. The old meters cost 5 cents an hour, but took only one nickel at a time.

TEACHERS TO ASSEMBLE

Program Announced For Workshop And Institute In Roseburg Next Week

A two-day workshop for all Douglas county elementary teachers Wednesday and Thursday, Oct. 12 and 13, and a one-day institute for elementary and high school teachers jointly on Friday, Oct. 14, is scheduled in Roseburg, announced County School Superintendent Kenneth Barneburg. A workshop program for all high school teachers of the county is scheduled at Springfield Nov. 3 and 4.

The elementary teachers will meet at Rose school from 9 a.m. until 4 p.m. Wednesday and Thursday. All county grade schools below the ninth grade will be dismissed for the three days, and high schools will be dismissed on Friday.

The workshop and institute will be put on under the auspices of the county school superintendent's office, in cooperation with the general extension division of Southern Oregon college. Speakers listed: Dr. Elmo Stevenson, the college's president, will be guest speaker of the first general session on Wednesday. His topic will be "Education in Roseburg in 1950."

The Weather
Fair this afternoon, tonight and Saturday afternoon, with local frost.

W. Roseburg Votes Sanitary District

Majority 16 Out Of Total Of 210 Ballots

Rudolph R. Ritzman,
Richard E. Pargeter,
A. M. Rowe, Directors

West Roseburg residents voted yesterday to create a sanitary district. Despite the downpour of rain through most of the day, 210 persons went to the Free Methodist church polling place to cast their ballots.

The vote was 113 yes, and 97 no. In addition to the vote creating the proposed district, three directors were also elected. Rudolph R. Ritzman, receiving 101 votes, will serve a three-year term; Richard E. Pargeter, 99 votes, a two-year term, and Albert M. Rowe, 93 votes, a one-year term.

Rowe said that Edward Murphy, attorney for the new district, would take a report of the election to the county clerk's office today, in order that the returns may be officially certified. Further plans for the West Roseburg district will be announced following a meeting of the newly-elected directors, Rowe said. He added that Ritzman will serve as chairman by virtue of his election to a three-year term.

N. Roseburg Link Proposed
Rowe has been serving as chairman of the unofficial West Roseburg Sanitary committee, which proposes the installation of sewerage lines to connect with a treatment plant to be constructed by the North Roseburg Sanitary district.

The North Roseburg district has a tentative agreement with the Roseburg Veterans hospital to construct a plant on the bridge crossing the South Umpqua river. How soon West Roseburg may secure sanitary improvements is (Continued on Page Two)

PRESS SERVICE LAUDED

Elks' Program Honors Newspaper; Certificate Given To News-Review

In recognition of National Newspaper week, Roseburg Elks lodge 326, conducted a program broadcast over Radio Station KRNR last night. The program, held at 8:30 in the lodge room, was recorded for broadcasting at 10 p. m.

Agreement To End Hawaii's Strike Reached

By DOUGLAS LOVELACE
HONOLULU, Oct. 7.—(AP)—Hawaii's docks, struck since May 1, may be humming again at a normal rate next week.

An agreement to settle the long and bitter dispute with a 14-cent hourly wage increase was reached orally yesterday—159th day of the strike. The dock workers immediately ratified it without a dissenting vote. The only hitch to an immediate back-to-work order was the settlement of non-stevordoring issues in ports other than Honolulu. That will delay the work order two or three days.

Two negotiating teams of the Parent union, the CIO International Longshoremen's and Warehousemen's union, set out today to build up these issues. The ILWU, in ratifying the agreement, insisted these issues must be settled before they again unload and load ships along the waterfront.

Accord Terms Listed
The settlement worked out by the union and representatives of the seven struck stevedoring firms was this:
An immediate 14-cent hourly wage boost to the current \$1.40. Eight cents of this to be retroactive from March 1 through June 28.

Another 7-cent increase next March 1, the contract to run through June 15, 1951. Employers demanded the longer contract. The union's 2,000 dock workers struck for an increase of 32 cents, the 14-cent figure was recommended June 28 by a special Hawaii factfinding committee. Employers reluctantly accepted it then. The union rejected it. Harry Bridges, president of the (Continued on Page Two)

GI Trio In Bad Shape After Long Stay In Russ Zone

VIENNA, Austria, Oct. 7.—(AP)—Three GIs were returned to the American zone of Austria today after spending more than four months in the Russian zone. One of them had scabies (the itch), another had malaria and was covered with bites, apparently from bedbugs.

The U. S. Army identified the men as Private Porter J. Pantillo, 34, of Cleveland; Recruit Carl Ruhnke, 30, of Miami, Ariz.; and Recruit Carl Pruester, 30, Newark, N. J.

Pantillo, the army said, was suffering from malaria and had received no medical attention. He also had a number of insect bites on his body. Pruester was reported to be suffering from scabies and had lost about 10 pounds. The Russians claimed they were tourists and had not been detained against their will.

Pantillo and Ruhnke entered the Soviet zone May 30 of this year. Pruester followed a week later. At the Allied Council meeting last Friday the Russian High Commissioner said "the men are not being detained. They are there of their own free will." The three men are being held in the army stockade pending investigation of charges against them of being absent from their unit without leave.

Timber Advisory Board Meeting Is Called

D. N. Busenbark, chairman of the Roseburg District Advisory Board, Bureau of Land Management, has called a meeting of the board for 7:30 p.m. Wednesday, Oct. 12. The meeting will be held in the Bureau of Land Management office, room 206, Postoffice building, Roseburg.

According to notices issued by J. A. Slattery, secretary, it is important that this meeting be held at the earliest possible date, in order that the schedule for the 1950 timber sale program may be forwarded to the regional office for their action. Members unable to attend are requested to advise the secretary well in advance.

Rifleman Sought For Killing 3 Choice Steers

PRINEVILLE, Oct. 7.—(AP)—A rifleman who killed three choice Angus steers was being sought in Central Oregon today. Ballistics tests were asked, after bullets were taken from the steers on Frank Holub's cattle ranch. They were shot last weekend. Edgar Albert, State Department of Agriculture investigator, said the shooting appeared deliberate, not that of a hunter who mistook the animals for deer.

Allies Getting Tough Toward Soviet Moves

**Berlin Zone's Addition
To West Germany Govt.
May Counter Red Plan**

WASHINGTON, Oct. 7.—(AP)—In a new tough-talking, tough-acting mood, the western powers may make Berlin the scene of their next move in the heated dispute with Russia over Germany.

Diplomatic officials said the United States, Britain and France are considering adding their zone of Berlin to the West German republic to counter the creation of a Communist-run government in eastern Germany. The three nations earlier had turned down an appeal for such a move from German officials in western Berlin, on grounds it might anger Russia and further complicate four-power relations in the former German capital.

They apparently feel now that relations have reached a point where such action wouldn't make any great difference. Stinging Note Sent
The United States yesterday blasted Russian conduct in eastern Germany in two of the sharpest statements ever aimed at the Soviets by the west.

First the State department sent the Russians an angry note, bitterly denouncing the "shocking mistreatment" received at Russian hands by Americans who wandered into eastern Germany by accident. Then Undersecretary of State (Continued on Page Two)

Traffic Mishaps Send 8 Persons To Hospitals

Four persons were hospitalized this morning for injuries in a head-on automobile collision on the Pacific highway, 28 miles south of here, shortly before 9 o'clock, State Police Sgt. Lyle H. Harrell reported.

James W. Brewer and his wife, Patricia, of Four Mile, Ore., were brought to Mercy hospital. Sgt. Harrell said Mrs. Brewer is suffering a broken jaw and fractured leg and her husband, bruises and shock.

The Brewers' car crashed head-on into an automobile operated by Morgan Hughes, 2800 Washington street, Seattle. Hughes and his wife were taken to Canyonville Medical center for treatment of bruises and shock.

The cars met on a curve of the highway, with both vehicles on the center line, Sgt. Harrell said. The automobiles were badly damaged.

Slippery pavement during a rain storm was blamed for another accident at 7 o'clock last night near Boswell Springs, which sent four persons to Sacred Heart hospital at Eugene, Sgt. Harrell also reported.

A car operated by Linwood Johnson of San Francisco was struck by an automobile driven by C. G. Baughman of Ashland, when the latter vehicle skidded crosswise on the highway, Sgt. Harrell said. Both cars were totally wrecked.

Two passengers in the Johnson car were Elsie Wakeland, who suffered a fractured head and multiple lacerations, and Geraldine Wakeland, shock and abrasions. Both are of San Francisco. Johnson suffered lacerations and shock. Baughman received head lacerations.

Nine Perish In Plane Crash

ASHEVILLE, N. C., Oct. 7.—(AP)—Ranger Tom Huffman reported today that all nine men aboard an air force C-47 transport that crashed in the mountains near here were dead.

The wreckage of the plane was found six miles from the Blue Ridge parkway, three-quarters of a mile down on the east side of Mount Mitchell, highest mountain east of the Mississippi.

The plane was found as ground and air groups began their second day of searching. The plane, enroute from Washington to Brookley air base at Mobile, Ala., had been missing more than 42 hours.

**Youths Charged With
Taking Parts From Auto**
Two youths caught yesterday while allegedly taking parts from an automobile at the Doyle's Sales and Service, Pacific highway at the Garden Valley road junction, are in the county jail charged with larceny, State Police Sgt. Lyle H. Harrell reported. He named them as Jesse Franklin Heagy, 21, and Miles Clifford Heagy, 19, both of Roseburg.

Win For Dodgers

Yankees Post First Score In 3rd Frame

Reese Knots Count With
Home Run in 4th; Byrne
Yanked With Bases Full

(By The Associated Press)
At the end of the sixth inning of the third game of the world series, being played at Brooklyn today, the Dodgers and the Yankees were tied at one run apiece.

The Yankees scored first, in the third inning, when Mapes raced home from third on a sacrifice hit. Mapes had reached first base on four bad pitches after Dodger catcher Campanella failed to hold a foul tip that would have been a third strike.

The Dodgers, in their half of the fourth inning, knotted the score when Peewee Reese, first batter up, blasted a home run and started what looked like a rout. The next three batters filled the bases on two successive singles and a walk. Byrne was yanked from the Yankee mound and was succeeded by Page, who halted the uprising. Branca is pitching for the Dodgers.

By JOE REICHLER
EBBETS FIELD, Brooklyn, Oct. 7.—(AP)—The 1949 world series moved to Brooklyn for the third game today, with the Dodgers and New York Yankees deadlocked at one victory apiece. With Ebbets Field crowded to its 34,000 capacity, the Brooks banked on Ralph Branca, 23-year-old right-hander with a season's record of 13.5. Manager Casey Stengel of the Yankees, nominating Tommy Byrne, his erratic left-hander, who came through (Continued on Page Two)

Steel Strike May Spread To Plants Of Aluminum Co.

PITTSBURGH, Oct. 7.—(AP)—The threat of an aluminum strike today darkened a strike picture already made serious by walk-outs in coal and steel.

The CIO United Steelworkers filed a strike notice against the big Aluminum Company of America, declaring no progress has been made in continuing contract negotiations.

James G. Timmes said 20,000 workers in nine plants in eight states would strike Monday, Oct. 17, if no agreement is reached by that time.

The steel strike is just where it was when it started a week ago but the government is making an effort to settle the three-week old coal walkout.

The issues in the two strikes are virtually the same—pensions and insurance.

Nobody was lifting a hand in the work stoppage of nearly 500,000 CIO-United Steelworkers. No union-management conferences were scheduled and President Truman hinted he could see no immediate crisis.

In Washington, however, President John L. Lewis of the United Mine Workers and a representative of the coal operators entered a new conference with the Federal Mediation and Conciliation service.

What would come of the meeting, no one could foresee, but Wall Street responded to the situation with an optimistic buying spurge. Observers took this to mean that financial circles expect a quick end to both the coal and steel strikes.

About 380,000 miners are still idle. The walkout started Sept. 19 after the UMW fund trustees suspended pension payment.

Western Power Scribes Muzzled By Red China

SAN FRANCISCO, Oct. 7.—(AP)—The Chinese Communists yesterday muzzled all U. S. and other Western Power press representatives in Red China, at least temporarily. The Shanghai military control commission announced that henceforth only foreign correspondents from nations which recognize the new Red regime in China could send out news. Only Russia and her Eastern Europe satellites have recognized the "Chinese peoples republic," as the communist regime is called. Western Powers are taking a go-slow attitude.

Lovity Fact Rant
By L. F. Reizenstein
The big fuss over the "leak" in confidential navy papers is old considering how Russian spies were allowed to roam at will to get atomic energy secrets.

ACCIDENT DITCHES GREYHOUND BUS—This bus was nosed tightly into a ditch near Garden Valley road junction of the Pacific highway at 11:15 yesterday morning, following a collision involving a truck. The truck is seen alongside the bus. A witness said the bus apparently was about to overtake and pass the truck, when the bus driver apparently "saw he couldn't make it" and applied brakes instead. Truck had been about to enter parking lot. Both vehicles were headed south.—(Picture by Photo Lab.)
