Gasoline Taxes in Oregon Set New Oregon Mark

Oregon motorists paid taxes on nearly 30,000,000 gallons of gasoline during August to establish the highest monthly sales figure ever reported to his office, Secretary of State Newby says.

The August peak followed a decrease in July. Aided by the one cent per gallon tax added by the last legislature, the month jumped \$501,373.34 over last August and accounted for nearly half the revenue increase for the year.

The month of record travel was paid for in lives as well, the secretary pointed out. The 45 fatalities reported was high for the year.

Canned sweet potatoes that have been baked with sugar syrup in the oven are delicious and different topped with whole cranberry sauce. After you have added the topping allow to remain in the oven only for about 10 to 15 minutes if you want to preserve the lovely red color of the cranberries.

Latest registration figures list 627,002 licensed motor vehicles in the state, nearly ten percent over a year ago, the secretary said. Total August gas sales were 49,183,653 gallons with gross taxes of \$2,951,417.91. Approximately 14 percent of gross taxes are normally returned to non-highway users in the form of refunds.
