

**ANNUAL FLOWER SHOW TO BE HIGHLIGHT OF OCTOBER CALENDAR**

Woman's club committees are making arrangements for the annual fall "flower show" to be held Tuesday and Wednesday, Oct. 25 and 26 at the Methodist church. Mrs. P. E. Beaver is general chairman assisted by Mrs. J. J. Kester, Mrs. Foster Butner, Mrs. Vel Broadway, Mrs. Glenn Wimberly, Mrs. Jack West, Mrs. W. H. Carter, Mrs. L. G. Twoby and Mrs. Horace Berg.

Mrs. Beaver stated today that the two-day event will be called a "flower show" this year rather than the chrysanthemum show as in the past, owing to a scarcity of chrysanthemums.

Entries are requested from Douglas county residents who may contact the chairman of their special exhibit. It is asked that exhibitors index their display as to name and description of shrub or flower in order that spectators may learn the names of plants if they desire the same for their home.

In connection with the show a bulb, plant and shrub sale will be held and anyone having bulbs, shrubs or plants for sale are asked to contact Mrs. Carter, 746-J and tag these for sale. A candy sale also will be an added feature, in charge of Mrs. Twoby.

Mrs. Beaver requests that committee chairman be ready to report on the progress of their committee and the amount of space needed for their exhibits by the next club meeting, Tuesday, Oct. 18.

Chairmen include: Mrs. Foster Butner, who will have charge of decorative arrangement of fruits, flowers and foliage. All who will exhibit in this department may contact her at 51-F-11.

Mrs. Vel Broadway who will head the potted plant varieties such as begonias, African Violets, fuschia, geraniums, etc. Her telephone is 121.

Mrs. Jack West, who is chairman of the decorative dried arrangements. She may be contacted at 871-J.

Mrs. J. J. Kester, who will be in charge of cacti and miniature arrangements. There are a number of collections of cacti in the county and it is hoped that many will be displayed. Those interested may call Mrs. Kester at 111-J.

Mrs. Glenn Wimberly, who is chairman of the cut shrubbery, berries and autumn foliage. Residence telephone 566-J.

Mrs. Horace Berg will have charge of a special table arrangement.

Those interested in displaying chrysanthemums may contact Mrs. Beaver. The chairman asks all flower lovers to take part in this fall showing. The public is urged to attend the two-day flower exhibit and view the varieties of shrubs, plants and flowers popular to Douglas County residents.

These folks mean business for the West... Pacific Telephone people receive pay adding up to \$19,000,000 a month.

**Telephone paychecks also come to you**

1. Timber . . . paper . . . copper—we have to buy many things to build and run the telephone system. Last year Western Electric, our principal manufacturer and supplier, bought over 20 million dollars worth of materials in the West. More than half of each dollar we take in goes for employees. Most of it is spent and goes into circulation where they work and live.

2. More than 80,000 of those whose savings built the business . . . who own telephone stock . . . live in the West. In return for the use of their money, a few pennies of each telephone dollar go to them. And as they spend it, they also add to Western prosperity. It would probably be hard to find anyone who does not in some way benefit from the money we spend.

3. When you add it all up, you find the money you spend for service comes back, in large part, to you. And your telephone dollars are buying more service than ever. Today you can call more of the people you want to call . . . more can call you. And your telephone still does its jobs for only a few pennies a call.
