Pre-War Limits Assured Austria, Acheson States

WASHINGTON, Oct. 13.—(AP) Secretary of State Acheson told the senate foreign relations committee Wednesday "a good deal of progress" has been made with Russia on an Austrian peace treaty. Talking with newsmen after a closed-door session, Senator Connally (D-Conn.), committee chairman, said Acheson advised the senators that the United States and Russia have agreed informally that Austria will have her prewar boundaries. "This will mean," Connally said, "that Austria will have the same boundaries she had before Hitler marched in." Connally said Acheson reported "substantial progress has been accomplished" toward the Austrian treaty, but he added that questions of Danube shipping, reparations, and ownership of German-controlled property in Austria remain to be settled. Connally also said Acheson gave a "complete report" on the entire Asiatic situation and discussed "the probable recognition" later of a Communist government in China. "There has been no recognition," Connally said, adding he did not wish to go into the question further. Connally said Ambassador-At-Large Philip Jessup is planning to go to China for an on-the-spot study of the China situation. Advance indications were that Acheson feels it is still too early for the United States to choose between the Communists and the Nationalists. The State department has taken the stand that there is no need for hurry and it has been sharply critical of the new Soviet-Peiping regime since a formal bid for recognition was received from it Oct. 1.

Burke to be deputy postmaster general, a new position authorized under one of the President's reorganization plans. Burke has been first assistant postmaster general.

Former Officer Accused Of Threat Against Tycoon

HOUSTON, Oct. 13.—(AP)—A former deputy sheriff was arrested and released under \$7500 bond Wednesday after being arraigned on a charge of threatening injury to oilman Glenn McCarthy if McCarthy did not pay \$50,000. Raymond Chambers, 42, who has been working as a janitor at McCarthy's \$18,000,000 Shamrock hotel, entered a plea of not guilty when arraigned before U. S. Commissioner W. F. Carothers. Joe Ed Winfree, attorney for Chambers, said his client had worked for former Sheriff Neal Polk as a deputy sheriff. Sheriff's office records showed Chambers worked there from June 1943 until March 1947. Chambers was arrested by FBI agents today as he was leaving his night shift work at the hotel. Galen N. Willis, agent in charge of the Houston FBI office, said the arrest culminated two weeks of intensive investigation and surveillance. During this time McCarthy's palatial home several blocks southwest of the Shamrock hotel had been under heavy guard. Specifically, Chambers was charged with placing in the mails on Sept. 29 a letter demanding \$50,000 from the oilman, hotel owner, rancher, newspaper publisher, and motion picture producer. The letter, the charge said, threatened to "kill or injure" McCarthy or a member of his family if the money was not paid. If there are juices left in the pan after baking a meat loaf, mix them with medium cream sauce and serve as a gravy. Season this gravy well with Worcestershire sauce, minced parsley, celery salt or finely grated onion.

Jobs Transfer Warning Given British Workers

LONDON, Oct. 13.—(AP)—Sir Stafford Cripps served notice on British workers Wednesday that some may have to give up their present jobs and go to work in dollar-earning industries. "We now have a greatly improved opportunity to get into the dollar markets, which we must seize," the chancellor of the exchequer told a news conference. "That will undoubtedly entail some change in our pattern of employment." During the war the government exercised the right to direct British working men and women into jobs where they were most needed. The government still has the right but has not been using it. Cripps did not say that it intends to use it again, but he did say: "Full employment does not and can never mean that every individual job is guaranteed for
