New Enlistment Rules Set For Army, Air Force

New high standards have been set for enlistment in the army and the air force, according to Master Sergeant John F. Rose, Roseburg recruiter.
 Sgt. Rose said a more careful selection of applicants for the two services is in line with the new career guidance program, under which each soldier and airman has an opportunity for training in a highly skilled field of his choice.
 Applicants for the regular army, under the new regulation, must score 90 or higher in the army's general classification test. Previously the score required on the test was 80.
 New air force enlistment requirements call for a score of 100 or higher on the general classification test. Instead of 90, as well as longer tours of duty. Enlistments will be for 4, 5 and 6 years.
 Applicants for both services must be in excellent physical condition, since physical requirements too, have been raised.
 All airmen discharged in grade four (sergeant) or lower, with dependents, and having less than six years service, and all airmen discharged in one of the three lower grades, having dependents, will be reenlisted only with the prior approval of a wing commander.
 Sgt. Rose said army enlistment periods are for 3, 5 and 6 years.

A TYPING CLASS is busily engaged at the Grant Business school on Stephens street, under the supervision of Dean Ross, general instructor. The typewriters are equipped with blank keyboards; the keys must be memorized by a student, or else! Doomed Child Mindful That Jesus Suffered

OKLAHOMA CITY, Oct. 13.—(AP)—Janet Latscha lies in a hospital ward and a doll is by her side.
 Doctors say she is dying. "I know I'm sick and I hurt," Janet says. "But Jesus suffered. He had nails in his feet, and I don't have."
 Janet is just six and is an asthmatic. Doctors say her lungs can't survive many more severe attacks.
 Mrs. Wilma Latscha, her devoted mother, wants to take her to Albuquerque, where the hot, dry climate is favorable to respiratory diseases.
 They've been offered transportation, but Mrs. Latscha must have enough money to assure adequate care for her child until she finds work.
 And she doesn't know where to get it. She hopes the public will help.
 "My father and brothers have sold everything they had," Mrs. Latscha says. "It has completely wiped us out."
 Janet weighs only 35 pounds—far below normal—and her mother figures she has lived more than four of her years in hospitals. She's had asthma since she was 10 months old.

Community Club At Winston Meets

Winston's Community club Thursday night had its biggest membership turnout, when more than 100 members were present despite the bad weather.
 Club President Bill Shell, Winston, told members that a piano had been purchased and will be installed in the clubhouse for use by the community.
 Following the regular meeting, the club presented Mr. and Mrs. Charles White with some beautiful myrtlewood gifts in appreciation of their efforts toward the building and permanent formation of Winston's club. Mr. White presented the members of the club with a lot which may be sold and the proceeds used as the members see fit, or the property may be retained if so desired.
 Mrs. Frank True and Mrs. Calahan were hostesses for the evening. They presented a short program. Mrs. Kenneth Wight gave a Spanish dance and sang several numbers, accompanied on the piano by Mrs. Boyer. Mr. Mason played several accordion selections. The door prize given by the hostesses was won by Mona Hult of Dillard.
 Following group singing, refreshments of gingerbread with whipped cream, and coffee were served.
