Atomic Strength Of U. S. Mounting, Committee Says

WASHINGTON, Oct. 17.—(AP)—The Senate House Atomic committee said Thursday that America's atomic strength is mounting month-by-month and its stockpile of A-bombs is a "powerfully deterring" influence against any attack on this country.

The statement was made in a report to the Senate on the committee's investigation of charges that there has been "incredible mismanagement" of the atomic program by the atomic energy commission.

The Democratic majority of the committee said these charges were unfounded, and that there is no evidence Russia acquired information from the AEC which speeded soviet development of the bomb.

The "incredible mismanagement" charges were made by

Baldock Cites Huge Cost Of Highways' Maintenance

SAN ANTONIO, Tex., Oct. 15. —(AP)—Enforcement of load limits on the nation's highways for economy reasons was urged here by Oregon Highway Engineer R. H. Baldock.

Senator Hickenlooper (R-Iowa) already has called the majority report—opposed by six Republican members—an attempt to "whitewash" the commission.

A 9-6 committee vote Wednesday approved the majority report clearing chairman David E. Lilienthal and the other AEC members of the charges.

Hickenlooper said he would have a minority report "highlighting the proof" of his charges.
