Copco Net Income For Year Reveals Increase

MEDFORD, Oct. 20.—(AP)—According to a statement issued yesterday by A. S. Cummins, president, the California-Oregon Power company reports net income for the 12 months ending Sept. 30, 1949, of \$2,134,580, as compared with net income of \$1,918,712 for the corresponding period ending Sept. 1948, an increase of 11.25 percent.

Net income for the 12 months ending Sept. 30, 1949, was equivalent to 5.15 times preferred stock dividend requirements and, after deduction for such dividends, was equivalent to \$2.15 per share on the 800,000 shares of outstanding common stock.

Net income for the nine months ending September 30, 1949, amounted to \$1,574,222, an increase of 12.01 percent over that of the same period of 1948.

Net income for the month of September 1949 amounted to \$197,191 as compared to \$184,498 reported for September 1948, an increase of 6.88 percent.

**Continuance Of
Apprentice Course
Asked By Unions**

Letters from several Roseburg workmen's unions and trade councils urging the city school system to continue its program of apprentice training classes at the Senior High school were read at a meeting of the city school board Monday. School Sup't. Paul S. Elliott reported today.

Elliott said the board agreed to continue the program as it has been conducted in previous years. Another type of apprentice training was explained by Robert S. Borland, high school instructor in apprentice training on the farm.

Borland told the board he expected to have a full class by Nov. 1. Any person interested in the course is to contact him through the city school superintendent's office or Homer Grow at the Senior high school.

Ordering a new public address system to be installed at Rose school was also approved by the board. The move is a part of the improvements promised when voters approved the school bond issue during November, 1948, elections.

Other board action included consideration of a sawdust conveyor to be used at the central heating plant, a progress report on the Benson grade school gymnasium, explanation of certain installation costs of burners at the central heating plant and discussion of the present crowded conditions at the Senior high school and Fullerton grade school.

Two Bankers Accused Of Stealing Loan Assn. Funds

TACOMA, Oct. 20.—(AP)—Two Tacoma bankers were charged in federal court Wednesday with embezzling more than \$26,000 from the Pacific First Federal Savings and Loan association.

The pair, Louis E. Larson, former vice president and treasurer, and John H. Larsen, former assistant treasurer, resigned from the association last June 27. The federal complaint says Louis Larson manipulated dormant accounts by transferring them to other accounts, upon which he drew \$13,065.48.

John Larsen, Larson's brother-in-law, was charged with failing to deposit to the account of a downtown church \$15,023.45 intended for the church's building fund account.

Louis Larson had been with Pacific First Federal since 1923 and John Larsen since 1925.
