Guernsey Sale Is Restricted To 4-H And Veterans

4-H and FFA members, and World War II veterans will be exclusive bidders at a combined auction sale of purebred registered Guernsey heifers, which will be held at 1 p.m., Saturday, Oct. 22, at the Oregon State fairgrounds.

This sale, sponsored by the Oregon Guernsey Breeders' association, is the fourth such sale to be held in the state in an effort to make available to the future breeders good foundation animals which they can add to their projects in order to build quality Guernsey herds.

A total of 32 head of heifers, ranging in age from 6 months to 2 year-olds, some of which are bred and some of which have already freshened, are to be consigned to the sale. Twenty-four of the heifers will be open to bidding by 4-H and FFA members only. Eight head will be open to bidding World War II veterans only. Lunch will be available at the sale pavilion at noon.

A catalog of the sale has been printed, copies of which, along with additional information regarding the sale, can be secured from county agents, 4-H agents, FFA instructors, or by writing to the American Guernsey Cattle club, 302 Corbett building, Portland, Ore.

The coconut palm is found almost everywhere in the tropics because its fruit floats and is carried to new locations by the sea.

Tens of thousands of crossings of plants are sometimes required to produce a distinctive new type.

Irony Added To "Mercy" Killing By Youth Of 15

LOS ANGELES, Oct. 20.—(AP)—A coroner's autopsy report added tragic irony Monday to a teenager's story to police that he fired a "mercy bullet" into the head of his ten-year-old brother who lay moaning in agony from an accidental shot suffered but a few minutes before.

Dr. Frederick Newbarr, county autopsy surgeon, disclosed that the first shot destroyed half the brain of Robert James Elliott, 10, and that he would have died in a few moments.

Richard Manning Elliott, 15, told police Sunday night that he could not bear to see his brother suffering so he fired a second bullet into his head "to put him out of his misery."

Dr. Newbarr's report said the second slug, in itself, could not have caused death.

The boys, sons of a physician, were home alone watching a western movie on television when the older boy told his brother that he wanted to show him "a gun like they used in the Old West."

In showing the .32 caliber revolver, Richard told detectives that it went off accidentally with the bullet piercing Robert's head.

Dr. Harold M. Elliott, former city health officer and father of the boys, said:

"I'm convinced both bullets were fired accidentally. Richard is a good boy who loved his brother. In his hysteria, Richard must have said he fired the second one deliberately."

Richard is held on suspicion of murder by juvenile authorities.

Supreme Court OKs Curfew Law

SALEM, Oct. 20.—(AP)—The State Supreme court ruled Mon-

Archbishop Cushing May Get Rank Of Cardinal

ROME, Oct. 20.—(AP)—At least one American is expected to be named to the Roman Catholic college of cardinals at a secret consistory to be held before Christmas.

day that it's o.k. for cities to have curfew laws to prevent persons from being on public streets unless they have lawful purposes.

The court specifically upheld the Portland curfew ordinance. It provides that no person can be on a public street or in a public place between the hours of 1 and 5 a.m. unless he has and discloses a lawful purpose.

The court, in its decision by Justice James T. Brand, said curfew laws are a reasonable police power which is necessary to keep

criminals off the streets.

The case was started by Mr. and Mrs. Calvin Goodwin. They were arrested and each fined \$25 under the ordinance because they refused to disclose a lawful purpose for being on the street during the curfew hours.

They appealed to circuit Judge Walter L. Tooez, who ruled in their favor and held that the ordinance violated the constitution. Monday's decision reversed Judge Tooez.
