SERENADE TO MOM—Mrs. Clara Sulkowski, at left, a tuberculosis patient at a Cleveland, O., hospital, listens to a popular song presented by her children, Betty Lou, 5; Richard, 14, and Arthur, 7. Her husband, Steve, holds the music. The troubadours have been regular week-end visitors to the hospital since their mother entered it almost a year ago. Their serenades not only cheered Mrs. Sulkowski, but became a special event for other patients in the tuberculosis pavilion. Soon Mrs. Sulkowski will be well enough to leave. The remaining patients will miss their Sulkowski serenades.

KRRR MAIL PULL STRONG. . . . During the past few weeks, our listener-letter response has tripled in strength, which we realize, is an inevitable result brought about by a complete staff and program reorganization. Thus far, we'll admit, the ratio of pleased listeners and unhappy listeners is split about 50-50. There is an unfounded rumor that listener-mail is either laughed-off or chucked into the circular file—especially when the contents therein is uncomplimentary. We'll confirm that rumor by reminding you that it holds true only when that particular type of letter is unsigned . . . when it's signed merely with "A steady listener" . . . "A Fan" . . . or the like the writer who sends us his letter unsigned may be assured that its contents will have about as much effect on us as Mother's Day in an orphanage. . . .

"To the Staff and Management of KRRR . . . I salute you! In the face of terrible enemy action you have shown courage above and beyond the call of the pay-check. Your new policy is wonderful, it's fresh, it's modern, it's a tonic! Thank you for the concert program, "Linger Awhile" with you-know-who, "Chicago Theater," etc. . . . "Dear Mr. Hiatt: I wish to express my sincere appreciation of the better class of music and entertainment you are giving your listeners. It is a great satisfaction to those who enjoy a higher standard of entertainment. . . . These were signed, you can bet! Only one of the many "orank" letters received up to now was graced with the all-important signature. It has taken its place of importance among the flowery letter treatments.
Drop us a line, won't you? Get it off your chest. Sign it.

Four Fined On Charges Of Disorderly Conduct

Four Douglas county men paid fines of \$10 apiece Monday, following pleas of guilty to charges of disorderly conduct entered in Municipal court, reported Judge Ira B. Riddle.
They were arrested Saturday night by city police. The men were listed as Alonzo Carl Myers, 18; John Clark Kookken, 22; Raymond Eugene Myers, 26, all of Roseburg; and Harlan Hale Myers, 22, Winston.
Bail of \$20 was forfeited by Melvin Eugene Thompson, 25, Canyonville, charged with being drunk on a public street. George Harrison Bowman, 54, Roseburg, paid a fine of \$20 upon entering a plea of guilty to being drunk on a public street, Judge Riddle reported.

Two Girls Fined On Charges Of Vagrancy

Fines of \$50 each were levied against Judy Carroll, 23, and Gayle Carter, 22, when they appeared in Justice court Monday morning on charges of vagrancy involving morals, Justice of the Peace A. J. Geddes reported.
The two women were arrested by sheriff's deputies Sunday night at a house two miles south of Sutherland, near the junction of highways 225 and 99, according to Sheriff O. T. "Bud" Carter. Deputies Ira Byrd, Dallas Bennett and "Red" Eckhardt conducted the raid.
The women were released upon payment of their fine.

AFTER 47 YEARS PHILADELPHIA

PHILADELPHIA—(AP)—Two brothers met here the other day for the first time in 47 years. Samuel and Leopold Austolker parted when Leopold left Latvia for South Africa in 1902. Later the rest of the family including Samuel came to Philadelphia.
Samuel changed his name to Stoiker and started an auto accessory business in Baltimore. Leopold changed his name to Austoker and started a timber business in Johannesburg. Both were successful.
At a family reunion here each brother said he lived in the country with the greatest opportunities.

The U. S. produced about 800 million tons of steel between 1949 and 1949.

POWERS WIND TUNNEL

LONDON—(AP)—The air-sucking snout of a jet engine has been hooked to a wind tunnel to speed progress of British research into the problems of faster-than-sound flight. Private manufacturers were unable to finance the elaborate machinery necessary for producing artificial air currents near the speed of sounds. And they couldn't test their new models without them.
An alert engineer at the English Electric Co. where the new "Canberra" jet bomber is built—watched a jet engine guipping great masses of air through its wide-open nose. Why not hook-up the jet to a wind tunnel? he asked. He tried it and it worked. Other British companies are adopting the "jet-powered" wind tunnel.

STRESS ANTARCTIC CLAIMS

"And," it adds, "they will not recognize as valid a single decision concerning the Antarctic taken behind the back of the Soviet Union."

Burglars Read Note Left For Son, Ransack House

BATAVIA, O.—(AP)—Mrs. Barbara Smith left a note on the door of her home telling her son where to find the key, police said. A few hours later she returned to find the house had been ransacked with money and jewels estimated at \$1,700 missing.
