

Educators Told To Teach More Of American Life

SEATTLE, Oct. 27.—(AP)—County school superintendents of Oregon and Washington were told here they "must teach American youngsters something besides square root and 'The Lady of the Lake'."

C. C. Trillingham, superintendent of Los Angeles county schools, one of the principal speakers at a three-day conference, said that schools must broaden their objectives to go into all phases of American life.

"We have seen what fearful ends European dictators have accomplished through education. We must work through our schools to teach the American way," he said.

To accomplish this, schools must go into many new fields such as family life, labor management problems, racial relations and international affairs, he urged.

Yugoslavs Will Resist Subjugation, Tito Says

BELGRADE, Oct. 28.—(AP)—Premier Marshal Tito said Wednesday "We shall fight and we shall fight enduringly" to prevent Yugoslavia's subjugation by Russia.

Tito spoke before a group of Italians who fought with this country's partisans during the war and who are now here on an inspection tour.

He made it clear that Yugoslavia will not unbend in the struggle that began 19 months ago when the soviet-led Cominform denounced him and his government for pursuing a nationalistic policy.

He said Yugoslavia was aware of the trend of its Eastern European neighbors—all communist states like Yugoslavia—before a campaign that included political and economic pressure was launched against this country.

tion of the Pacific coast states have complicated school problems, frequently making building projects inadequate before they are completed, he commented.

Amtorg Yields To Agents Law, But Charges Remain

NEW YORK, Oct. 28.—(AP)—Russia's Amtorg Trading corporation Wednesday announced that it will obey the law requiring it to register under the foreign agents registration act.

The corporation and six officials were indicted last Friday on charges of failure to register.

In Washington, a Justice department spokesman said the promise to obey the law "does not legally affect the indictment." He declined further comment.

Announcement that the Soviet purchasing agency will comply with the law was made at a hearing before U. S. Commissioner Edward W. McDonald on the question of removing five of the officials from New York to Washington, where the indictment was handed down.

The five are free in \$15,000 cash bail each. They were arrested in New York a few hours after the Washington grand jury indicted them. A sixth official is believed to have returned to Russia.

Land Grant Colleges Elect New President

KANSAS CITY, Oct. 28.—(AP)—Arthur S. Adams, president of the University of New Hampshire, was elected president of the Association of Land Grant Colleges and Universities at the closing session of its convention here.

He succeeds John A. Hannah, president of Michigan State college, who automatically becomes chairman of the association's executive committee.

Members of the executive board who will continue to serve include A. L. Strand, president of Oregon State college.

Boise Motorist Badly Hurt In Auto Accident

BAKER, Oct. 28.—(AP)—Frank Martin, Boise, Idaho, is in a critical condition here as the result of a car accident near Baker early Wednesday.

Martin was driving on the Pondsosa highway 10 miles north of Baker when his car overturned, throwing him out and leaving him with a skull fracture and possible back fracture.

State police said he is the son of F. D. Martin, prominent Boise attorney.
