

## New GI School Regulations Go In Effect Tuesday

WASHINGTON, Oct. 31—(AP)—Two important new regulations for war veterans studying under the GI bill go into effect next Tuesday, the Veterans administration said today.

They provide that from Nov. 1 on:

1. A veteran who has completed or discontinued a GI bill course, and who wants to take another course in a different field, must undergo "advisement and guidance."
2. A veteran applying for a GI bill training must specify the name of the course and school.

"These new procedures are made necessary by passage of

# KRNR DIAL-LOG

"LOVE that commercial!" That's what a listener had to say during Saturday's half-hour "Telephone Request" program. Amazing thing about it is—we get all kinds of phone calls at KRNR, but that's the first time anyone has ever taken the time and trouble to state that he (or she) actually ENJOYED a commercial portion of a program! (Proud copy-writer was Warren Ward, Com'l Mgr.)

High school students should pay close attention this week to five special broadcasts entitled "Voice of Democracy." (12:25-12:30 p. m., Mon. through Fri.) These model broadcasts are designed to provide guidance and background material for students who this week are writing their own broadcast scripts for the 1949 Voice of Democracy contest. The first in the series of five which begin today featured James Stewart speaking on "Platform for Democracy." The broadcasts are sponsored by the National Association of Broadcasters, the U. S. Junior Chamber of Commerce, and the Radio Manufacturer's association.

Tune in "Every Shot Counts," the "Let George Do It" mystery-shot tonight at 8. The "must" that a show go on is a mite easier in radio than it is in the theater—this Bob Bailey star of the "Let George Do It" program learned this past week when he was suddenly stricken with a virus infection on the day of broadcast. Thanks to tape-recording and the sincere efforts and cooperation of the rest of the large cast, producer Don Clark was able to short-cut and use a transcribed version of the show's dress-rehearsal. This enabled Bob to duck home to Malibu three hours earlier for the necessary rest cure—after sipping a carton of hot chicken soup which co-star Frances Robinson, kindly hustled in from an adjacent restaurant just before rehearsal, when she learned of Bob's condition.

Ordering turned the corner, his car collided with the bicycle ridden by Frank Patton, who in turn hit John Patton's vehicle. The two bicycle riders suffered only minor injuries and their vehicles were slightly damaged. No citations were issued, Baird said.

Although carbon dioxide makes up only a tiny fraction of the earth's atmosphere, a scientist estimates there are about 2,200,000,000 tons of it, equal to some 603,000,000,000 tons of pure carbon.

### Farmers Urged To Finish Conservation Practices

J. F. Bonebrake, chairman of the Douglas county PMA committee, today appealed to all farmers of Douglas county who are cooperating in the 1949 Agricultural Conservation program to complete conservation practices. Now that many crops are harvested and farmers can get on the land to carry out a number of dirt-moving practices, it is time to complete terraces, dams, and drains which are needed on farms, he suggests. Lime and phosphate can be put on the land. Winter cover can be seeded in some areas.

According to the chairman, the county has been allocated \$62,500 "to assist farmers in carrying out conservation practices under the Agricultural Conservation program this year. These funds have been provided to protect and conserve the soil and water resources in Douglas county. As farmers, we have an obligation to the country to do our part in carrying out the conservation practices that are needed. These funds have been provided for this purpose. As a committee we have a responsibility to get the job done but it is up to the individual farmers in the county to do the work. Only by full cooperation of all farmers can we do the conservation job."

### Suspended Jail Sentence Given Vagrancy Charge

Judge Ira B. Riddle reported disposition of the following cases which appeared Saturday in municipal court: Lewis Clarence Hazen, 22, Detroit, Mich. received a 10-day suspended sentence, following a plea of guilty to having surrendered himself voluntarily on a vagrancy charge. Chester Arthur Walling, arrested Friday night by city police on a disorderly conduct charge, pleaded guilty and paid a \$20 fine.

**LIQUOR DECISION**  
PORTLAND—(AP)—From now on the neighbors of a restaurant which wants to serve mixed drinks will be notified ahead of time.

The city council voted to notify residents of any area when an establishment there applies for a liquor license. A public hearing will then be held by the council, so that residents who object can be heard.

Carbon dioxide makes up only 0.03 percent of the earth's atmosphere near sea level.

Two can live as cheap as one and two can have a lot more fun

but he liked sweet and she liked swing and they couldn't decide on anything.

For the small amount of twelve ninety five they bought themselves a 45° and he bought sweet and she bought swing they found they could buy most anything.

Popular, western, classic or five they found them all on 45° They got a wonderful record collection

tops in their favorite music selection with some novelty tunes just for fillers . . .

public law 266 by the 81st Congress," a VA statement said. "That law bans avocational and recreational courses, and prohibits VA from permitting veterans to enroll in schools which have not been in existence at least one year prior to enrollment."

The veteran who wants an additional course of training in the

same general field as his original educational or job objective may enroll without special advisement and guidance, VA said.

The agency said the new type of eligibility certificate, to be issued starting Nov. 1, is good only for the course and school specified.

Certificates issued before Nov. 1 will be honored after that date even though they do not list the course and school, provided that the veteran is not changing into a new field of study or to a new school.

VA urged veterans with unused certificates to make certain that the school in which they wish to enroll is permitted by law to offer

GI bill training. They can check the status of a school—and find out whether a new course is in the same or a different general field—by writing to or calling at a VA office.

### Police Chief Reports Car, Bicycle Accident

Police Chief Calvin H. Baird Saturday reported an accident involving a car driven by William A. Oerding, Roseburg, and two bicycles ridden by Frank Patton and John Patton, also of Roseburg.

Chief Baird said the accident occurred at the intersection of Main and Mosher streets. When
