

Britain's Steel Industry Heading For Socialism

LONDON, Nov. 2—(P)—The labor government paved the way Monday to nationalize Britain's steel industry, even should it lose the general election next year.

The labor-dominated House of Commons for the third time approved the bill reducing the time by which the conservative house of Lords can delay a bill; under the new measure the Lords can hold up legislation for only one year.

After a formal third reading on Nov. 11, the Lords reform bill will become law in December.

The measure has a retroactive clause, covering bills pending at the time of passage. The most important of these is the steel nationalization bill, which has been passed once by commons and amended by the Lords to delay its operation until July, 1951.

The vote on the Lords reform bill was 333 to 196 on vital second reading. The curb on the Lords is the biggest change in Britain's Parliamentary system since women were given the vote 31 years ago.

Burglars Steal Market Safe But Fail To Open It

SPOKANE, Nov. 2—(P)—Sheriff's deputies Monday searched the northern part of Spokane county for the brass burglars who towed away a supermarket safe behind a car.

The safe containing an undisclosed amount of money was found unopened nine miles northwest of Spokane.

Fourteen deputies were searching a wooded section near Springdale for a man who fled through the timber after abandoning a car.

A farmer had earlier reported seeing four men in a car near the spot where the safe was found. He told deputies three of the men had driven off and a fourth had fled across a field.

Detective Captain Paul Sanders said the safe had been towed from the store at the end of a chain or rope after the door to the building had been ripped off.

He said the roadway had been gouged and curbing chipped by the heavy safe as it was dragged 12 blocks to a vacant lot.

There, the safe was transferred to another car or truck, Sanders said. He estimated the safe was stolen some time after 3 a.m.

John Boettiger Weds Widow From Holland

THE HAGUE, The Netherlands, Nov. 2—(P)—John Boettiger married Mrs. Virginia Daly Lunn of Phoenix, Ariz., Tuesday at a civil ceremony at The Hague townhall. He was divorced last August from Mrs. Anna Roosevelt Boettiger, daughter of the late president.

Mrs. Lunn arrived yesterday on a Holland America liner with her seven-year-old daughter.

Boettiger resigned as publisher of the Seattle Post-Intelligencer in 1945. Later he and Anna Roosevelt published and edited for a period the Arizona Times, a Phoenix paper.

Boettiger is connected with the Theodor Swanson associates, public relations consultants, in an advisory capacity to the Dutch government on the Indonesian question.

Mrs. Lunn was the former wife of Richard Lunn, stepson of former Senator Wallace H. White of Maine.

Injured Man Cuts Off His Own Right Hand

NEW CASTLE, Ind., Nov. 2—(P)—Charles Rothrock, 65-year-old farmer, amputated his own right hand with a pocket knife after it became caught in a corn picking machine yesterday. Rothrock's wife lost both her legs in the same corn picker in 1942.

Rothrock, after freeing himself, ran a quarter of a mile to the home of a neighbor and was taken to a hospital. His condition was reported fair.

Rothrock's wife, Clara, was pulled into the machine seven years ago when her slacks caught in its blades. Both her legs were amputated.

HUNTER'S BODY FOUND

PORTLAND, Nov. 2—(P)—The body of a duck hunter, missing since early Monday, was taken from the Columbia river today.

He was Jack M. Russell, 40, a railway express driver. His lunch pail and a duck he had shot were found in a duck blind at the river's edge.

Hole In His Pocket Leads To Capture Of Thief

SAN FRANCISCO, Nov. 2—(P)—Robert Moreland is in jail today because of a hole in his pocket.

Yesterday two men held up Tutomu Nakamotsu's cleaning shop, banged him over the head and departed with the contents of his cash register (mostly small change) and his clothes.

Police Patrolman Ralph McKinley answered the cleaner's call and followed a trail of dimes and nickels (\$45 in all) to a nearby dwelling where, he said, he found the 18-year-old Moreland—and Nakamotsu's overcoat.

The second man wasn't around and had left no trail to be followed.

Moreland faces trial on a robbery charge.

Two Men Shot In Hunting Mishaps In Umatilla Area

PENDLETON, Nov. 2—(P)—In hunting accidents in Umatilla county Sunday, one man was shot in both legs and another in the upper arm. Both are here at St. Anthony's hospital.

A 30-06 bullet, fired by Frederick John Coombe, 28, Portland, pierced both lower thighs of Colonel Thompson, 28, Ukiah, in an Elk hunting accident, said Sheriff Bob Goad.

Coombe, a Marine Corps Sergeant stationed at San Island, was charged with firing into the brush without seeing his target. Goad placed Coombe under arrest and in the county jail, pending further developments.

Robert Leon Price, 20, Hermiston, in handling his shotgun out a car window was shot in the upper arm when the hammer caught on the running board. His arm will recover.

Building Permits Up

SEATTLE—(P)—Despite a three-quarter million dollar drop in Seattle, building permits in Washington and Oregon for September were almost \$2,000,000 above the same month last year.

The September, 1949, total was \$20,274,531 as compared with \$18,340,708 last September, according to construction news bulletin.

Portland's \$4,368,225 total gave it top-ranking among the cities for total and amount of gain. The figure was \$839,000 over that of a year ago.

Oregon's Levy On Bridge Protested

SALEM, Ore., Nov. 2—(P)—Washington officials told Oregon taxing authorities Monday the Longview bridge over the Columbia should not be taxed by Oregon.

Lyle Iverson, assistant attorney general of Washington, said taxes on the toll bridge in 1946 were \$6,549 and had been increased to \$36,783 this year.

"We are not going to pay that tax without a fight. Washington is paying for the bridge and Oregon is getting a free ride," he asserted.

The Columbia county court, the Oregon State commission and the Oregon highway commission, all represented at the meeting, did not take action. The Oregon legislature already has approved a measure freeing the bridge from taxation beginning in January, 1954.

Webb Hoover, secretary of the toll bridge authority, and T. S. Hodges, a member of the Washington Tax commission, also protested the Oregon levies.

Village Mailman Upped

WASHINGTON, Nov. 2—(P)—President Truman signed into law Saturday a bill converting the village mailman into a city fellow and giving him up to \$1,000 a year increase in salary.

The measure would abolish village letter carrier service and put employees in that branch in a city letter carrier classification. Instead of a top salary of \$2,550 a year, the village carriers would receive pay up to \$3,550 a year.

Kidnaper Again Pleads For Transfer From Alcatraz

SEATTLE, NOV. 2—(P)—Kidnaper William Dainard is making another effort to be moved from Alcatraz prison—a request denied several times in the past.

Dainard, alias William Mahan, was sentenced in 1936 to 60 years in prison for his part in kidnaping George Weyerhaeuser in Tacoma.

The convict wrote Charles O. Carroll, King county prosecutor, saying a transfer might be possible if an old charge of robbing a North Bend, Wash., bank was removed from his record. Carroll referred the matter to Federal authorities.

Dainard had a new reason this time for seeking a transfer. He said the fog and cold weather on Alcatraz gave him neuritis.

Vladimir K. Zworykin, who has played an important part in development of electronic television, applied for his first patent in 1923.
