LISTENED the other night to President Truman's St. Paul speech. Considering its purpose (of which I shall have more to say later on in this piece) I thought it was a MASTERLY job. In fact, I was lost in admiration all the way through it for the smartness of the strategy that was being disclosed back here in the half-agricultural, half industrial state of Minnesota.

WHAT the President was doing was PROMISING EVERYBODY SOMETHING.
Higher prices for the producer... lower prices for the consumer... higher wages for the worker... sound and satisfactory profits for business... retire and live happy when you get tired of working... fish and hunt and

Spotlight On N. Y. Race For Senate Seat

Labor Split In Two Contests; California Congress Seat At Stake

(By the Associated Press)
In a preview of the 1950 struggle for control of congress, voters scattered across the nation pick one senator, two house members, two governors and many local officials tomorrow.
A special senate race in New York overshadows all others in interest.
In that contest and in certain others, labor as well as the major political parties will have something at stake.
The AFL and CIO have put their chips down together on democratic former Gov. Herbert H. Leman in the New York election to round out the term—expiring in January, 1951—of Senator Wagner (D-NY), who resigned.
Republican Senator John Foster Dulles, an appointee of Gov.

Insane Mother Slashes Children

STERLING, Ill., Nov. 7.—(AP)—A 35-year-old mother slashed last night the throats of her four small children because a "saint kept telling her to do it."
The woman, Mrs. James Moughan, made the statement at a hearing in which she was adjudged insane within three hours after her husband found her hacking one of the children.
Hospital attendants said all the children are expected to recover. They are Mary Elen, age two months; Richard, 20 months; Michael, three years old next month, and James, four.
At the hearing before Judge Walter J. Stevens, she asked whether the children were still alive. Assured that they were, she said "it would be terrible—a disgrace—for them to go through life with scars."
Her husband, a steelworker, testified that Mrs. Moughan had not been well since the birth of their last baby.
Moughan said his wife also attempted to cut her own throat but inflicted only a minor scratch.

Oregon Tax Take Sets New High

SALEM, Nov. 7.—(AP)—The State of Oregon collected a record total of \$119,257,285 in taxes during the year ended July 1, the State Tax commission said.
That was \$10,000,000 more than the record set the previous year. And it's twice as much as was collected only four years ago.
Income tax collections were about half the total. They included \$35,863,474 in personal income taxes, and \$20,041,257 in corporation income taxes.
Gasoline taxes were the next biggest source of income, with \$20,644,980. Then come unemployment compensation payroll taxes, \$13,148,900.
Amounts collected from other taxes include:
Liquor taxes and permits, \$8,963,662; motor truck taxes \$5,743,268; motor vehicle license fees \$4,142,399; hunting and fishing licenses \$1,720,864; tax on insurance premiums, \$2,377,985; inheritance and gift taxes \$1,500,189.
All other taxes yielded less than \$1,000,000.
The total includes only those taxes levied by the State government. They don't include those levied by counties, cities, school districts, and other local governments.

Chest Drive Launched For \$26,000 Goal

Canvassers From Civic Clubs Urged By Speakers To Score 100 Pct. Success

One hundred and forty campaign workers for the Roseburg Community Chest were urged to "go on the offensive for youth," at the kick-off breakfast at the Hotel Umpqua this morning.
Opening a drive to raise almost \$26,000 for five local youth character-building agencies and the Oregon Chest, the breakfast was attended by soliciting teams from service clubs participating in this year.
Keynote speaker Paul E. Geddes reminded the campaign workers that "every one of the Community Chest agencies is connected in some way with the youth of our community."
He added that in "every country with an aggressive program, whether good or bad, youth forms the basis. In our country," he continued, "we are setting up the offensive in the democratic, in the Christian way."
"You should be thoroughly sold on the offensive for youth. You remember your own youth, when you formed your own organizations and performed your own devilsment, unless adults provided you with constructive activities. 'Let's put it over 100 per cent!'"

U. S. Supreme Court Splits 5-3 In Ruling

Goldsborough's Penalty For Contempt Involves Total Sum of \$1,420,000

WASHINGTON, Nov. 7.—(AP)—The supreme court today in effect upheld the \$1,420,000 contempt-of-court fines levied on John L. Lewis and the United Mine Workers during a 1948 walkout.
The fines were imposed by Judge T. Alan Goldsborough in U. S. district court here after Lewis ignored a court order to bring the strike to a prompt end. Lewis was fined \$20,000 and the union \$1,400,000.
Attorneys for Lewis and the union appealed to the supreme court to review Goldsborough's ruling and set aside the fines. But the court denied a review by a 5-3 vote, thus letting the ruling stand unchanged and in effect upholding it.
The court's decision was announced in a brief order which said Justices Black, Reed and Douglas dissented. Justice Clark took no part.
That meant that Chief Justice Vinson and Justices Frankfurter, Jackson, Burton and Minton voted to uphold the fines.

Outlook For Labor Peace Takes On Brighter Hue

There were reports that President Truman may intervene in the coal situation if it continues

Pope Rules For Catholic Judges

CASTEL GANDOLFO, Nov. 7.—(AP)—Pope Pius XII, in an apparent blow against Communism, has declared that Roman Catholic judges must never recognize unjust laws.
He ruled that Catholic judges bear grave responsibility for the application of laws contrary to Christian concepts.
The Pope laid down four fundamental rules for Catholic judges and lawyers in an address to members of an Italian Catholic lawyers' Congress here yesterday.
The rules appeared aimed at strengthening the will of Catholic jurists still active in communist-controlled eastern Europe. They may apply especially to Czechoslovakia, current focus of the communist regime recently imposed a new church control law.
The Pope also ruled that "the Catholic judge cannot pronounce, unless for motives of great moment, a decision of civil divorce (where it does exist) in a marriage valid before God and the church."

Half an hour later, the agents raided the Savoy club and arrested Howard L. Gentry, 22, on a similar charge. There were about 60 patrons there. It was the second raid on the Savoy in several months.

Mother Confesses Hoax, Baby Killed In Fall

UTICA, N. Y., Nov. 7.—(AP)—A remorse-stricken mother has confessed that her six-week-old son was killed in a fall from her arms and that her story of kidnapping was "made up" out of fear of what her husband would say.
"I dropped my baby," Mrs. Stella Komorek blurted out at a coroner's inquest last night.
The sobbing admission from the 23-year-old mill worker's wife came 11 hours after the body of her son, Stephen, was found in a mill-pond, 500 yards from the modest Komorek home in nearby Clayville.
Coroner Preston R. Clark gave a verdict of accidental death. Authorities said no charge would be placed against Mrs. Komorek.
