Navy Culprit Who Revealed Letter That Caused Wrangle Reprimanded, Back On Duty

WASHINGTON, Nov. 9.—(AP)—Capt. John G. Crommelin, whose release of confidential Navy correspondence touched off the congressional investigation of military policy, got off Monday with only a sharp reprimand. He was restored to active duty.

Admiral Forrest P. Sherman, the new naval chief of operations, disposed of Crommelin's case by writing him a letter of reprimand. The letter said Crommelin had violated Navy regulations.

CAPT. JOHN CROMMELIN His penalty: reprimand.

Crommelin, 48-year-old aviation hero of World War II, had been under suspension while the navy considered whether to court-martial him. On Oct. 3, Crommelin slipped to newspapermen copies of a letter from Vice Admiral Gerald F. Bogan to Secretary of the Navy Francis P. Matthews. Bogan's letter spoke of dissatisfaction among Navy men over military policies that cut down on the Navy and built up the Air Force. Bogan said that morale, particularly among younger officers, was being hurt.

AN interesting and, in its way, significant dispatch from Los Angeles informs us that Hollywood's former child stars are having "nothing but trouble in the divorce courts." The dispatch adds: "Jackie Cooper, 27, who tugged heartstrings 20 years ago in 'Skiwy' and 'The Champ,' is the latest marital breakup victim. His wife of five years, Actress June Horne, 30, won an uncontested decree yesterday, charging Cooper with cruelty. She said he came back changed from the war, thinking only of his career and not of his family." Cooper's split-up, the dispatch goes on, follows divorce court experience by Jackie Coogan, Shirley Temple and Deanna Durbin.

WELL, what can you expect? A career as a child star is about as poor preparation for family life as could be imagined. Any kind of "celebrity" is not (Continued on Page Four)

Chest Funds Upped To \$8,300; Many Pledges Still Awaited

"Very encouraging" was the way in which Art Lamka, secretary of the Roseburg Community Chest, described the unaudited total of \$8,300, which had been received in pledges and gifts during the first two days of the annual drive. He said that pledge cards, which were left at many business establishments Monday by the volunteer campaign workers, were to be picked up today or later in the week. Also, returns from lumber mills in the area are expected to boost the total. Goal of the Roseburg Community Chest this year is \$25,350, which will be spent for youth and charitable organizations. Local agencies of the chest include the Boy Scouts, Girls Scouts, Camp Fire Girls, Young Men's Christian association, Salvation Army and the Oregon Chest. Lamka said reports from the drive are "encouraging," because so many pledges and donations are expected later in the week, after businessmen and their employees have had an opportunity to consider the amount of their gifts to the chest this year. The drive is being concentrated in the downtown district this year. An effort is being made to contact all citizens through their places of business. Persons who may not be contacted and who wish to give voluntarily may do so by mailing their gifts to P. O. Box 191. Clubs taking part in the fund solicitations include the Rotary, (Continued on Page Two)

CHICAGO, Nov. 9.—(AP)—John L. Lewis told ordered his striking soft coal miners back to work. A resolution was adopted by the 200-man policy committee of the strikers to go back to work until midnight Nov. 30, under the terms of the UMW's contract which expired July 1, 1949. Lewis told reporters the 380,000 bituminous workers east of the Mississippi river who have been idle 51 days were ordered to go back into the pits immediately. Lewis also said: "The United Mine Workers will again make another contribution of major magnitude to enhance the remote possibility of agreement being reached." Lewis said that between now and November 30 officers and scale representatives of the union "will participate in such wage conferences as may eventuate in conformity with recognized policy." He urged that private householders and public institutions "provide themselves in the interim with necessary coal supplies to tide them over a further suspension period in the event the contemptuous arrogance of the coal operators remains undiminished." This announcement was made (Continued on Page Two)

Judge Wimberly also suspended imposition of sentence for further study. Richard Charles Cunningham, pleaded guilty to a charge of larceny of an automobile. Supposed Gold Strike Turns Out To Be Brass

CASTAIC, Calif., Nov. 9.—(AP)—California's latest gold strike was a little too strong on brass. A rash of gold fever spread through this little community when Charley Allen discovered shiny metal in a well behind his cafe. Prospectors converged on the town, only 10 miles from the site of California's first gold discovery in 1842. They thought Allen had the real thing. Claims were filed and samples of the golden stuff were sent to the assayers. The assayer's report quickly cured the fever. It said there was a little gold all right, but that the shiny stuff was brass.

Child's Profanity No Indication Of Problem

LOS ANGELES, Nov. 9.—(AP)—If your youngster indulges in a little mild profanity, don't become alarmed and think you're rearing a problem child. So advises Dr. Benjamin Spock, author of the best seller "Baby and Child Care," and an associate professor of psychiatry at the Mayo foundation. Dr. Spock said a purple passage or two is natural behavior in children over six years of age. It shows they are trying their wings in a bid for independence.

Two separate counts were brought against Kiel in the indictment. The first count alleges that he "purposely and of deliberate and premeditated malice, did kill, Stanley James Tucker by strangling him."

The second count charges that, as part of the same act and transaction alleged in the first count, Kiel is further accused of the crime of murder while "engaged in the commission of robbery." He is accused of "feloniously taking a silver Elgin watch, a cigar lighter, a billfold containing American currency and a 1940 Ford sedan." Public Urged To Visit Schools Current Week

National Education week can be observed locally only by becoming acquainted with Roseburg schools. Superintendent Paul Elliott announced that all the schools have extended an invitation to the public to visit them this week, especially the junior high school today. The junior high principal, R. R. Brand, is conducting school for two hours tonight at 7:30 for parents. This special program is on and beyond the teachers' regular classroom duty. No parents of junior high school should miss this evening, said Elliott. With an enrollment of 732 in a building constructed for a maximum of 900, parents should take this opportunity to observe personally the kind of educational opportunity afforded their children in this school, he said. Storage rooms have been pressed into service as classrooms, and with these rooms, which are too small to meet state standards, the building is 94 percent occupied. Research sets 70 percent continuous use of standard room for efficient education.

The democrats gave up years ago.

BIG GAME ON INCREASE

Population In Oregon At Record, Lockwood Says; Larger Elk Kill Needed

Big game—elk, deer and antelope—in Oregon "is in better shape than ever before," Charles A. Lockwood, state game director, told members of the Roseburg Rod and Gun club Tuesday night. Speaking before a well attended club meeting, Lockwood spoke optimistically of improvements in fish and game conditions, but listed problems of increasing complexity in budget and policies, destruction of resources by federal agencies, need for passage of the vetoed Dingell bill, and pressure against wildlife and conservation from various groups. He urges sportsmen to organize their strength to promote conservation, pointing out that "only 10 percent of men and women holding angling and hunting licenses are members of organized sportsmen's clubs." "Big game population in Oregon is at an all-time high," Lockwood asserted. Cards returned by deer hunters, he said, indicated more than 40,000 deer killed—a smaller number killed than the population permits. Elk kill also has been high. Lockwood said, although only a comparatively few cards have been returned to date. "I hope more are killed because we have too many elk in some areas," he said. Fish Propagation Upped Speaking of the fishery program, Lockwood reported that the game department is holding three times as many fish to legal size as ever before. In addition to enlargement of existing hatcheries and construction of new plants, the game department, he said, has contracted with the (Continued on Page Two)

Victors

TUESDAY'S ELECTIONS saw Ex-Gov. H. H. Lehman defeat John F. Dulles for the latter's seat in the U. S. Senate. Mayor William O'Dwyer of New York City defeated two opponents to retain his job. Al. Driscoll, Republican, of New Jersey, who won over his Democratic rival, backed by the Hague machine.

Communist Voted Out Of N. Y. City's Council

NEW YORK, Nov. 9.—(AP)—The Communist party has lost its only major public office in the United States. Benjamin J. Davis, Jr., Negro member of the New York City council, lost his reelection fight yesterday to Earl Brown, Negro magazine writer. Brown was backed by a Democratic-Republican-Liberal coalition. He polled 63,030 votes to Davis' 21,962. Davis is one of the 11 Communist leaders convicted of conspiracy to advocate overthrow of the U. S. Government in the recent conspiracy trial. Sentenced to five years in prison, he is free on bail pending appeal.

Brazil Cup Of Coffee 40 Centavos (2 Cts. In U. S.)

Houston, Tex., Nov. 9.—(AP)—Do you sit down to breakfast all upset over the leaping coffee prices? Calm yourself, friend. We're all in the same boat, or cup. For instance, there's normally an awful lot of coffee in Brazil. That's the place from which you probably get yours. And in Brazil the price of a cup has jumped from 30 centavos to 40. So says Claude W. Courand, first secretary of the U. S. embassy in Rio de Janeiro. He is visiting here. Cafe owners even went on a two-day strike to force the government to let them raise the price. Forty centavos is two cents U. S.

Lehman First Jew To Senate By Popular Vote

NEW YORK, Nov. 9.—(AP)—Herbert H. Lehman is the first Jew ever elected to the U. S. Senate by popular vote. Several men of the Jewish faith have been appointed to the senate since 1914, when direct election of senators began under the 17th amendment. Prior to that, senators were chosen by state legislatures.

Democrats Triumph In Many Cities

Also Gain Congress Seats; Jersey GOP Governor Beats Hague's Candidate

By The Associated Press Smashing Democratic victories in New York's U. S. Senate race and in widespread city elections set President Truman and the party high command chortling today over the outlook for 1950. Republicans didn't time much to crow about in yesterday's off-year elections. They held on to the New Jersey governorship they already had and tossed out a Democratic mayor here and there. But they took a mauling in the day's feature political bout, in New York State. Democrat Herbert H. Lehman, ex-governor, easily knocked Republican John Foster Dulles out of the U. S. Senate seat Dulles has held down since last July by appointment from Governor Thomas E. Dewey.

There was one, big, clear-cut issue: Lehman campaigned hard for the Truman Home-front program; Dulles campaigned hard against it. The president himself, gleefully calling out returns at a dinner in his honor by the women's Democratic club of Washington, interpreted the result as a vote of confidence in his "fair deal."

Mr. Truman said it would have a very decided effect on the election in 1950 when control of Congress is at stake. So did the Democratic National Chairman, William M. Boyle Jr. Furthermore, Boyle said, Lehman's victory "was only the highlight of a national trend" that won out again over Republican "generalities" and "scare attacks." Part of that "trend" was a repeat win for Democratic Mayor William O'Dwyer of New York City. Republicans Talk Back The G.O.P. National chairman, Guy George Gareisole, said in a statement that "the principles which Senator Dulles expounded in his campaign are those which ultimately will prevail, because they are right." And Senator Brewster (R-Me.), chairman of the Senate Republican campaign committee, beat back Democratic rejoicing over keeping a Senate seat they have held 22 years. "Their precarious control of the Senate," he said at his home at Dexter, Me., "depends upon six seats far more doubtful than the one they have retained in New York. Good professional has beaten a good amateur." Boss Hague Given Setback In New Jersey, Gabrielson (Continued on Page Two)

Quirino Leads In Bloody Election

MANILA, Nov. 9.—(AP)—Late official returns tonight gave President Epido Quirino a scant 16,000-vote lead over former Japanese puppet Jose P. Laurel in yesterday's bitter Philippines presidential election. Jose Avellano, third candidate, appeared defeated. From all sides came charges of murder, mayhem and vote fraud in the election. Laurel's showing was amazing because of his war record, being served as puppet president under the Japanese. Four years ago he was in a jail cell, and said he expected to be shot. He was freed by amnesty. His political comeback from that cell at the hands of an embittered people who even yet viciously kick cans labeled "made in Japan" was surprising. Laurel has been an outspoken critic of Philippine cooperation with the United States. Quirino, on the other hand, favored America. On the basis of wires from the provinces his supporters tonight claimed the election for him. Sporadic shootings accounted for 26 dead and 40 wounded in the election. There was an unconfirmed report 78 men members of Laurel's Nacionalista party on Mindanao had been slain by Quirino's civilian guard.

Lovly Fact Row

By L. F. Releaseth Oregon's big game increase to a record number is a top selling point for future tourist revenue. It should be accompanied by a decrease in the number of hunters who look like big game to fellow nimrods too hasty on the trigger.
