Friendship Bait At Embassy Fete

WASHINGTON, Nov. 9.—(4P)— Soviet Foreign Minister Vishin-sky says Russia and the United States ought to be better friends. States ought to be better friends.

The honor guest at a glittering Soviet embassy reception Monday night, Vishinsky talked informally with newsmen on this general theme—but put his specific observation "off the record."

Assistant Secretary of the Interior C. Girard Davidson said this is the first time the department has proposed a budget program on a regional basis.

He said the program covers the years 1950 through 1955.

The other appropriations would be for related activities in Washington, Oregon, Idaho and western Montana of the Geological Survey, Bureau of Mines, Bureau of Land Management, Indian Bureau, National Park service and other integrated agencies.

Davidson told reporters the program has no relation to and is not a substitute for a Columbia Valley administration.

Davidson is one of the leading advocates of a CVA along lines urged by President Truman.

Davidson said the Northwest regional program deals only with newsmen on this specific observation "off the record."

His general line: The common friendship has fallen asleep but some day it will awaken and confound the enemies of freedom.

He had a private 14-minute talk with Secretary of State Acheson in the atternoon, shorting before Acheson left by plane for the Big Three western foreign ministers' meeting at Paris. Both he and the state department declared it was merely a social call.
