

Ann Carter Wins Beauty Honors On O. S. C. Campus

By ROD NEWLAND
CORVALLIS, Nov. 10 — When beauty is mentioned on the Oregon State campus, Roseburg is synonymous. The most recent additions in 1949 are Lorraine Losee, one of the five finalists competing for the title of "Sweetheart of Sigma Chi," and Ann Carter, who was chosen as "Paul's Pin-up For '49."

Ann Carter, representing Kappa Kappa Gamma sorority, was crowned during the intermission at the Forester's ball in the Memorial Union ballroom Saturday night.

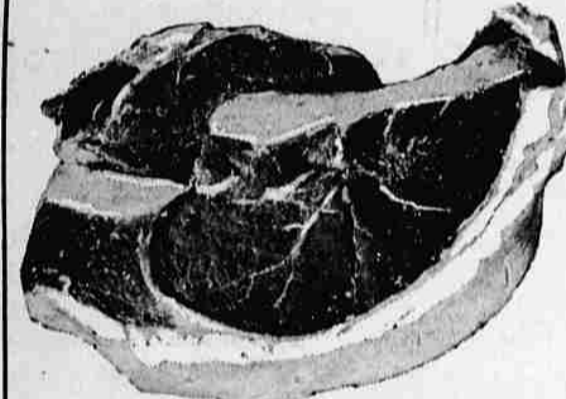

Queen Ann was chosen from a court of five that originally had 22 candidates. The candidates were chosen by their respective living organizations. Each member of the Forestry club then cast three choices for the queen. The top five candidates were then interviewed and entertained by a committee composed of three forestry students, one faculty member, and one secretary from the school of forestry office. The contest committee was headed by Tom Jacobsen, a member of the school of forestry from Roseburg.

Miss Carter and her court were presented by J. R. Dilworth, assistant professor of forest management. Her court consisted of Donna McVey, Alpha Chi Omega; Gloria Draxberger, Kappa Delta; Margie Scott, Sigma Kappa; and Patty McMillan, Sackett B. Ann received, in addition to the honor, an engraved gold compact and a bouquet of red roses from the forestry club.

at Sutherlin, Myrtle Creek, and Scottsburg.

Application Approved
Schofield said that the county court and the City of Roseburg each authorized the Douglas County Housing authority recently, to apply to the U. S. Public Housing administration for 100 rental units to be constructed here.

He said the applications had been approved by the field office at Seattle and by the chief economist for the Public Housing administration at San Francisco. Fifty of the houses in Roseburg would be built the first year, 50 the second year.

The City of Reedsport requested the Douglas County Housing authority to apply for 75 rental units in the Reedsport area. This application is being held up by the chief economist for more detailed information as to the probable future growth of Reedsport.

Schofield said he would go to Reedsport Monday and Tuesday of next week to obtain this information for the Public Housing administration.

Schofield explained that the proposed housing projects at Roseburg and Reedsport would be financed by bond issues floated by the local housing authority and guaranteed by the federal government. The bonds would be paid off from rentals. By law, the bonds could not become liens on any local government.

Vanderpool as "Sweetheart of Sigma Chi" was slightly different. Instead of having the women's organization pick the contestants, they picked five and the fraternity members chose one from this five to represent the house. Twenty-five girls were chosen to represent their houses. The number was then reduced through a series of dates until only five remained as the court. The "Sweetheart" was then chosen from the five, with the others being members of the court.

The Sweetheart was crowned at a dance at the Sigma Chi chapter house Saturday night. The setting of the coronation was an "emerald" backdrop as she was presented with a Sigma Chi sweetheart pin, a personal loving cup, a bouquet of white roses, and a rotating cup for her sorority. The court consisted of Miss Losee, Delta Delta Delta; Bee Jay Larsen, Sigma Kappa; Betty Bradshaw, Snell Hall, and Sandra Plasse, of Kappa Alpha Theta. Each member of the court received a small white cross.

John W. Green, Toledo, charged with "forgery" by endorsement, pertaining to a \$107.38 check, was sentenced to a year in the penitentiary, but placed on probation, provided he make restitution of the money within 60 days. He pleaded guilty to the district attorney's information.

Lawrence Edward Spittler of Lebanon, was sentenced to six months in the penitentiary but placed on probation, on a charge of "using an automobile without the consent of the owner, without the intent to steal." Probation was given upon provision the car in question be returned to the owner, Dennis Gibson, at Sutherlin.

Richard Charles Cunningham, who pleaded guilty Monday to a charge of "larceny of an automobile," was up for sentencing, but the judge again put over the time, until his alleged accomplice, whom, it is understood, is being held in Portland, could be questioned.

Armistice Program Readied For Roseburg

(Continued from Page One)

necessary, because of a conflict in scheduling.

The junior high team will be playing at Ashland on Saturday, and cannot take on another opponent on Friday. He said the only other alternative was to arrange an intramural game. But since this would not be a strong drawing card, it was considered best to cancel plans for a game.

SPREE BAIL FORFEITED
Calvin Joseph Simmons, arrested by city police on a drunk charge, forfeited \$20 bail by his failure to appear in municipal court Wednesday, reported Judge Ira B. Riddle.

the last year, and has no desire to hear a fourth in so short a period.

Other Persons Pleaded
In all 11 persons appeared before Judge Wimberly Wednesday, some of them to plead to charges brought against them and some up for sentencing, after previously pleading guilty.

Edna Mae Benedetti, who had been booked under the name of Cretzer, pleaded innocent to a charge of forging a bill of sale. She was charged in District Attorney Robert G. Davis' information with forging the name of Ruth McPherson. Her bail was set at \$1000. The grand jury Tuesday returned a not true bill against her on a larceny charge. Ray B. Compton is her attorney.

Robert Orville Bartin, indicted by the grand jury with Harry Hilton Green on a larceny charge, entered an innocent plea, but Green pleaded guilty to the charge. Both, of Reedsport, are charged with the theft of a rifle and other articles from a cabin owned by Adolph Schuttpelz.

Bartin will be represented by D. D. Hall, retired attorney. No date was set for the trial.

Judge Wimberly postponed sentencing of Green until he could study the law referring to his case. Green admitted in court that he had been convicted at Klamath Falls and served a penitentiary term on a charge of "larceny not in a dwelling" several years ago. He stated he had made complete restitution for the articles he allegedly had stolen.

Kenwood Kenwood Chrisman, indicted by the grand jury on a charge of "obtaining money by false pretenses," asked to consult an attorney, and Judge Wimberly appointed Daniel Dimick. Dimick asked for one day as permitted by law for Chrisman to enter a plea. The time was set for 10 a. m. today. The indictment charges that he passed a \$15 worthless check on the D. C. Pitts service station at Myrtle Creek.

Prison Terms Meted
Gerald Martin, Oakland, pleaded guilty to an information charging "obtaining money by false pretenses" on two \$10 check counts, and was sentenced to six months in the state penitentiary. Arden E. Burrus was sentenced to six months in the penitentiary, upon a plea of guilty to an information charging "obtaining money by false pretenses," also involving a \$10 check charge. In January he was sentenced to six months in the penitentiary on a similar charge, but was released after serving three months, it was brought out.

Kenneth Lewis McFarland, who on Monday pleaded guilty to an information charging "contributing to the delinquency of a minor (female) children," was sentenced to a year in the state penitentiary.

John W. Green, Toledo, charged with "forgery" by endorsement, pertaining to a \$107.38 check, was sentenced to a year in the penitentiary, but placed on probation, provided he make restitution of the money within 60 days. He pleaded guilty to the district attorney's information.

Lawrence Edward Spittler of Lebanon, was sentenced to six months in the penitentiary but placed on probation, on a charge of "using an automobile without the consent of the owner, without the intent to steal." Probation was given upon provision the car in question be returned to the owner, Dennis Gibson, at Sutherlin.

Richard Charles Cunningham, who pleaded guilty Monday to a charge of "larceny of an automobile," was up for sentencing, but the judge again put over the time, until his alleged accomplice, whom, it is understood, is being held in Portland, could be questioned.

Operation Of Pinball Machines Hit By Court

(Continued from Page One)

as to whether the court might not also have ruled out slot machines "by indirection."

Such devices, like pinball machines, have never been legalized by the state but both are taxed. Pinballs pay a 20 percent tax on gross revenues and slot machines, permitted in private clubs, are assessed 40 percent of their return.

Revenue Problem Post
"Together they bring in about \$6 million a year" the official commented. "And if that money isn't going into state coffers it makes a special session of the legislature almost a certainty."

Various city governments also would be affected by a ban on the pinball machines. Seattle, for example, now collects an average of \$2.50 a year from each machine within the city limits. Pinball wholesalers are taxed \$250 each a year.

The supreme court's decision was handed down in an action brought by the city of Spokane which had been barred from enforcing an ordinance banning the pinball machines. The Spokane county superior court had given Gerald Miller and David Caudill, pinball machine operators, the injunction after a petition was filed seeking a referendum on the city ordinance.

Undesirable Phases Of CVA Hit By Speakers

(Continued from Page One)

the State Game commission. Existing Program Ample.

The speakers stressed that before Congress today is a comprehensive and coordinated plan of development created by the Corp. of Engineers of the U. S. Army and the Bureau of Reclamation. These plans which call for full and speedy development of the entire region and have been prepared over the years by career men familiar with the problems and resources of the region. The speakers contended that the proposed CVA could not speed up the program materially faster than the program proposed by these existing agencies. More important, they stressed that by the adoption of the comprehensive plan of the two agencies would retain control of the legislative and appropriate processes of government, which processes would be lost to a large degree if turned over to the three-man dictates of the CVA.

The meeting was called by Alton E. Clute, local realtor, and other interested citizens of the county who were seeking to learn more about the proposed measure.

Disabled Vets Advised On Pay For Dependents

Veterans with service connected disabilities of 50 percent should start immediately to gather vital records in order to establish eligibility for dependency allowance benefits authorized by recent congressional action, the Oregon Department of Veterans Affairs advises.

Public Law 339 of the 81st Congress gives added payments to such veterans if they have wives, children or dependent parents. The new benefit, which starts Dec. 1, was previously limited to those 60 percent or more disabled as a result of military service.

The state board of health will furnish such records to the VA or the state veterans' department without cost if they are to be used in connection with benefits paid by the VA. While the veteran may apply direct to the health board, he is advised to consult an agency or organization which offers veterans' services for more expeditious handling of the application.

These organizations include county service officers, the American Legion, Veterans of Foreign Wars, the Disabled American Veterans, the Red Cross, the Portland VA regional office, and the state veterans' department, with offices in the State Library building, Salem, and 415 S. W. 11th Avenue, Portland.

When that has been done and his own actions as a trustee have been reviewed, he asked the U.S. district court here to let him get off the board.

Audit Of Miners' Fund Demanded By Sen. Bridges

WASHINGTON, Nov. 10 — (AP) — Senator Bridges (R-NH) asked today for a court audit of operations of the coal miners' welfare fund since he has been one of its trustees.

When that has been done and his own actions as a trustee have been reviewed, he asked the U.S. district court here to let him get off the board.

Bridges' petition to the court was in some degree his response to a plea by Ezra Van Horn, former coal operator member of the board, to be absolved of any responsibility for the way the multi-million dollar welfare fund has been administered.

Van Horn, separately answering a mine pensioner's suit for an accounting of the fund, accused Bridges and the third trustee, John L. Lewis, of "dissipating" the money. Van Horn told the court Bridges and Lewis had in effect frozen him out in the making of decisions and contended he had even been denied information about what had been done with money from the fund.

The fund is financed by a 20 cents per ton royalty on soft coal, paid by the operators. Lewis represents the United Mine Workers on the board.

Van Horn, until he resigned and was replaced by Charles I. Dawson, Louisville, Ky., lawyer, spoke for the operators. Bridges was the "neutral" trustee.

Fresh pears make a delicious salad. Peel them just before serving, halve and core; fill the cavity in each half with a generous spoonful of thick commercially-prepared sour cream and dust lightly with paprika. Serve on a bed of watercress.

Lewis Snubs Federal Bid To Cool Peace Huddle

(Continued from Page One)

attitude toward the invitation to peace talks this morning.

Ching, Operators Furious
It amounted to a sharp slap in the face to Cyrus Ching, federal mediator chief. It left him, too, pretty much in the position of the parson when the bride-to-be doesn't show up for the wedding.

Ching was there, fuming. The soft coal operators were there, fuming. But no Lewis.

In fact, it was something of a mystery where Lewis was. Aides of the union leader said they did not know.

Ching was plainly burned up. First, he fired a telegram to United Mine Workers headquarters asking Lewis for "clarification." But he didn't even know whether Lewis would see it.

Then Ching delivered a report to the White House that Lewis had coolly turned down a bid to a peace conference.

Ching called for his car and sped to the White House himself to make the report.

Instead of a comment, the president said of Lewis: "His picture is there on the front page of the Washington Post. Take a look at it."

The Post picture was an AP wirephoto of a glowering Lewis in Chicago.

Mr. Truman was asked if he thought the steel settlements would have been reached and the coal strike called off—at least temporarily—if the Taft-Hartley act had not been hanging over the unions.

The president, who wants the Taft-Hartley law repealed, said he couldn't say. He suggested that the question be put up to management and labor negotiators.

Ching told reporters he had received this reply to his wire to Lewis: "Ching, Department Labor, Washington, D. C. Your wire. Mine workers' representation will be your office 2:30 o'clock Monday."

"Lewis, Chicago, Illinois."

Ching said he had asked Lewis for a "clarification" because he said Lewis' message "appears not to be responsive" to the federal invitation.

The conciliation service said that the Lewis telegram, although signed Chicago, had been sent from the Washington office of the United Mine Workers.

Lewis and his 200-man policy committee had been in Chicago all week. It was there that he suddenly called off the 52-day coal strike yesterday, ordering his miners back to work until Nov. 30.

Lewis, presumably left Chicago yesterday. Newsmen there saw him leave his hotel, engage a taxi and heard him direct the driver to take him to a railroad station.

There was speculation that he may have gone to Springfield, Ill., where his 91-year-old mother is seriously ill.

Some of Ching's associates were frankly dumfounded by Lewis' cavalier treatment of Ching's invitation to the conference this morning.

Statewide Closure On Armistice Day Asked

Copies of a resolution urging statewide observance of Armistice day were telegraphed to Governor Douglas McKay and Samuel Bove, Oregon department commander of the American Legion, today by Roseburg's Vaiture 1221 of the 40 et 8.

Frank Hammerschmith, commander of the vaiture, said the telegram read as follows: "Be it resolved that Vaiture 1221 asks for your support in bringing pressure to bear for statewide closure on Armistice day. This is a national holiday to pay tribute to all veterans. Help us to observe and preserve this day."
