

Operation Has Likely Saved Last Eye Of Family

PORTLAND (AP)—The Hodgson family likely will save its last eye.

An operation "apparently successful" has been completed on the right eye of Mary Hope Hodgson, 12.

Her left eye is sightless, both her parents are blind, and Mary Hope's right eye is the family's guide.

That eye was threatened with blindness through an unusual affliction known medically as "total disinsertion of the retina."

A spokesman at the Elk eye clinic of the University of Oregon medical school, where the operation was performed, said once the retina had become detached, there was no known way of restoring vision.

What has been done, in a two-part operation just completed, has been to cause a series of tiny irritations with a fine needle around the edges of the retina.

Early this year cysts were noted near the edges of the retina of Mary Hope's good eye.

Under the retina—the image-receiving film—becomes loosened, its edges curl back, and sight is gone.

A clinic spokesman said 20 minutes after the operation was completed, "It appears successful but we don't know for sure until about 10 days.

There were no immediate complications such as hemorrhage. The eye is banded and we don't dare look inside for some 10 days.

"But," he added, "we think her sight is saved."

TIE CROSS COUNTRY

PORTLAND, Nov. 19.—(AP)—Salem and Springfield tied to divide the first place in the state high school cross-country meet at Lewis and Clark college here yesterday.

Springfield won the Junior division, too. Salem placed sixth in that.

The county official also recommended constitutional amendments which would not include welfare budgets in the 6 percent tax limitation.

Oregon's county treasurers, which met here at the same time, demonstrated their feminine loyalty by electing all women officers.

Mrs. E. T. Fairchild, Deschutes county, was elected president; Mrs. T. H. Mosgrove, Umatilla county, vice-president; and Mrs. Alice Davidson, Josephine county, secretary-treasurer.

L. W. Oddy, Coos county clerk, Friday elected president of the Oregon Association of County Clerks and Recorders.

Churches To Televis Messages Of Religion

SYRACUSE, N. Y., Nov. 19.—(AP)—Now the churches are going in for television.

Twelve national leaders of Protestant churches put on a show yesterday. They produced, directed and acted in a 15-minute program on a Syracuse television station (WHEW).

News-Review To Begin Fourth Motor Route

(Continued from Page One)

operated by contract carriers who purchase their papers from The News-Review at a wholesale rate.

They handle all the business of the routes, including soliciting new customers, making collections, and erecting the red delivery boxes.

Frew will leave The News-Review daily between 12:30 and 1 p.m.

All subscribers along the route should receive their papers no later than 5:30, Johnson pointed out.

Persons who now receive the paper by mail may continue to do so, if they desire.

Subscribers who desire the new service may place their orders either with Frew or at The News-Review office.

Johnson also pointed out that by placing a year's subscription, they will also save almost two dollars in the cost of the paper.

Community Chest Drive Will Continue In City

(Continued from Page One)

It was determined to continue solicitations.

Marlen Yoder, one of the co-directors of the campaign, announced that prospect cards for persons or business firms that were contacted during the drive must be turned in by next Tuesday.

The cards are those issued to campaign solicitors, bearing the names of prospective donors.

Townpeople were reminded that the chest funds go for the support of Boy Scouts, Girl Scouts, Camp Fire Girls, YMCA, Salvation Army and six state agencies.

The donor has the privilege of making his contribution for all or any one of more agencies, under this one-package campaign.

"Invest in the youth of tomorrow" has been the slogan of the chest workers.

Busenark Is Elected At Officials Meeting

(Continued from Page One)

law authorizing the counties to license such establishments.

The county official also recommended constitutional amendments which would not include welfare budgets in the 6 percent tax limitation.

15 Pay Fines For Traffic Offenses

More than 15 traffic violators appeared in night court last night, to pay fines for speeding, violation of the basic rule, failure to stop, and other assorted violations.

The large number of persons to appear in the night court was accounted for by the fact that no court was held last week because of the Armistice day holiday, said Municipal Judge Ira B. Riddle.

Persons presenting their traffic tickets all pleaded guilty, the judge reported. They included:

Leslie R. Groat, violation of the basic rule, \$2; Jamie F. France, violation of the basic rule, \$15; Ross H. Crest, speeding, \$15; Alfred Boyer, no tail light and no rear vehicle license, \$2; Henry Karl Spielmann, non-stop (signal), no tail light, \$3.

Jack William Wilde, speeding, 35 miles in a 25-mile zone, \$10; C. Leo Pettit, non-stop, \$2; Darrell G. Hammerman, no tail light, \$2; William Struppe, violation of the basic rule, 45 miles in 25-mile zone, \$20, Alva J. Marshall, speeding, 35 miles in 25-mile zone, \$10.

Jim Oldfield, no operator's license, \$2; Gustave A. Koellman, no operator's license, \$3; William Lyle Holborow, non-stop and out-of-date operator's license, \$5; Earl A. Reed, violation of the basic rule, \$3; Leon C. Arney, reckless driving, \$20.

Navy Declares Case Of Crommelin Ended

(Continued from Page One)

his action in a court martial.

That was in a letter to Admiral Forrest P. Sherman, the new chief of naval operations, who gave Crommelin a public spanking Nov. 10.

In his letter to Sherman, Crommelin took a clout at a "small group of men" who, he said, have "complete and full control" of the defense establishment and a "carefully prepared plan" to take over its civilian operations.

Speaks to Reporters

And to reporters, the veteran navy flier explained he meant the top officers now running the army and air forces.

"Their plan," he said, "is very, very, close to a scheme drawn up by Heinz Guderian, the last chief of staff of Hitler. In fact, it's so close, this is it."

He said in the letter that these men have used "shrewd propaganda methods" and "sharp political maneuvers" to give an impression that "a small powerful military group, whose decisions are sacrosanct, is the only answer to inter-service disagreements."

"This is completely undemocratic and unsound."

And he said, they have laid a "propaganda smoke screen" to conceal "the real truth from the public."

Southern Pacific To Receive New Cars

(Continued from Page One)

all will be delivered by end of next March.

'Suicide' Circus Leap Ends In Actor's Death

KANSAS CITY, Nov. 19.—(AP)—"You will now witness the most desperate attempt at suicide ever made by man," shouted the circus announcer.

From a tiny platform 96 feet high, Jan Vogel, 37, billed as the "Great Stannely," leaped from a trapeze 10 feet away.

As always, he missed the trapeze and started to fall. And as always, he had a rope tied to his ankle to check his plunge.

But last night the rope broke. He fell to the floor as more than 9,000 persons in the audience gasped.

Attendants quickly rushed him from the arena of Municipal auditorium and the show went on. Many persons in the crowd thought the fall was part of the act.

Vogel died shortly afterward in a hospital.

Formerly of Amsterdam, Holland, he had been in this country about a year.

Idaho Youth Admits Killing Glenda Joyce

(Continued from Page One)

he was arraigned before Probate Judge Henry W. Tucker of Cassia county on a first degree murder charge.

He waived preliminary hearing and was remanded to custody of the Twin Falls county sheriff.

The open air courtroom was within the legal limits of the county where the crime was committed. Officers feared to take him into Burley because of high feeling among citizens of the town of 3,500.

Butterfield, a handsome, six-foot, 175-pound youth, was recently released from the Idaho State Industrial school at St. Anthony, where he was sent as a delinquent after a case involving forgery.

He was nabbed yesterday by state police 110 miles west of Burley as he drove west in his stripped-down "hot rod."

Weston Hunter Is Lost In Blue Mountain Range

PENDLETON, Nov. 19.—(AP)—A Umatilla county sheriff joined other searchers this morning looking for Russell Hall, Weston hunter, believed lost in the Tollgate area of the Blue mountains, 35 miles east of Pendleton.

Hall, a member of an Elk hunting party, failed to show up at the hunting camp Friday night.

A telephone call to the sheriff's office this morning said that the man was lost somewhere on the skyline road around Gabriel Springs.

Mall And Parkway Plan For State Buildings

(Continued from Page One)

A mall and parkway, to be completed next year, will be a central feature of the state capital at Salem, if a preliminary development plan is adopted.

Oil Riches Come To Farmer Living On Lulu Island

VANCOUVER, B. C., Nov. 19.—(CP)—Visions of oil-riches came to farmer Tom Brooke and his friends today on Lulu Island.

A natural gas well blew in on his 400-acre farm on Friday, and oil slicks in the pool may prove the presence of oil.

The well blew in at the 800-foot level, and it is estimated the capacity is 500,000 cubic feet. It is planned to drill deeper next week in a search for oil.

Lulu Island, with its rich garden lands, is 10 miles south of Vancouver.

The daily estimate of 500,000 cubic feet for the new well looks small when compared with the Alberta Leduc gas field capacity of 24,000,000. But, oil men said, "this is a start."

"The find is bigger than anything in the past," said Dr. Colin Hater Crickmay, geologist of Calgary, who acted as a consultant for Brooke.

"The depth where gas was found is shallower than in Alberta."

It is the end of a 13-year-old dream for 67-year-old Tom Brooke.

Sen. Anderson Predicts 1952 Truman Victory

(Continued from Page One)

WASHINGTON, Nov. 19.—(AP)—Senator Anderson (D-NM) expressed confidence today that the Democratic party will re-nominate President Truman in 1952 and that he will win another four-year term.

Anderson, formerly Mr. Truman's secretary of agriculture, is now chairman of the Democratic Senatorial Campaign committee. He recently returned to the capitol from the west to map a campaign for retaining Democratic control of the Senate in next year's election, when 36 seats will be at stake.

Talking to a reporter, Anderson said he is optimistic about Democratic chances in both the 1950 and 1952 elections. As for Mr. Truman, he commented:

"I think he'll be the nominee and will be elected," he added. "I also am confident that the party will retain its majority in the Senate and increase it. I have been talking with a lot of farmers and businessmen in California, Arizona, New Mexico, Texas, Oklahoma and Colorado and I'm very much encouraged."

Umpqua River Jetty Job Bid Exceeds Estimate

(Continued from Page One)

PORTLAND, Nov. 19.—(AP)—Low bid of \$1,141,667 was submitted yesterday for a training jetty at the mouth of the Umpqua river.

Col. Donald S. Burns, Portland district engineer, said the offer by Kern & Kibbee, Portland, and McKinnon Construction Co., Sandy, was low of six. The Government estimate of cost was \$1,000,000.

Col. Burns said there has been difficulty in maintaining the approved depth of 26 feet at the channel entrance, and the new jetty, running inside and north of the existing south jetty, would narrow the entrance and change current sufficiently to maintain the channel depth.

It is to extend about 3500 feet seaward from the shoreline and will approximately parallel the north jetty.

Famed Newlyweds Off On Honeymoon Trip

ST. LOUIS, Nov. 19.—(AP)—Those famous newlyweds, Alben and Jane Barkley, were headed south on their honeymoon today, but their whereabouts was not definitely known.

A report from Paducah, Ky., said a car believed to be the one the vice president gave his bride shortly before their wedding was seen turning into "The Angles," Barkley's home near there. However, the couple's presence at the home was not confirmed.

The Barkleys, who were married here yesterday at St. John's Methodist church, left early in the afternoon in the new convertible coupe for an unannounced destination. They were seen to cross the MacArthur bridge into Illinois, but there was no further word of them.

Forming Of Union High Will Get Consideration

(Continued from Page One)

The meeting of residents of Green, Tenmile, Lookingglass, Reston, Olalla, Dillard and Camas Valley to consider forming a union high school district, will be held Tuesday, Nov. 22, at 8 p.m. in the New Dillard school.

(A typographical error in Friday's paper said Nov. 2.)

Camas Valley is the only district of the group having a high school at present. The other communities are in non-high school districts and send their students to Roseburg. Approximately 300 high school students live in this area, which has an assessed valuation of \$6,600,285, according to C. J. Rockwood, principal of Camas Valley school.

Donald A. Emerson, assistant state superintendent of public instruction, will be present to aid the discussion and answer questions. All residents of the affected area are invited to attend.

B-29 Bomber Fleet Is Grounded In Air Probe

(Continued from Page One)

of the directive does not apply to SAC and 19th group planes.

That is because any B-29 used by those operating forces customarily takes off heavily loaded, flies at high altitudes and high speed and otherwise undergoes "maximum operating stresses."

Strict application of that order would have grounded the whole combat fleet of B-29s.

Therefore, the second part of the order apparently applied only to a relatively few B-29s used in rescue search or weather reconnaissance missions. And Vandenberg specifically exempted from both orders B-29s currently engaged in the search for the missing Superfortress.

Motorist Stops To Aid Dog; Struck By Auto

(Continued from Page One)

ALTOONA, Pa., Nov. 19.—(AP)—Traffic streamed unhesitatingly past the huddled form of a little white dog on a highway last night.

Finally a sympathetic motorist—21-year-old Reno W. Russ—stopped to see if he could aid the pup.

As Russ bent over the animal

Miss Frances Berg Dies After Brief Illness

Miss Frances C. Berg of Washington, D. C., died at a local hospital this morning, after having been here five days visiting at the home of her sister, Mrs. George Anderson. She suffered a short illness.

Miss Berg was born at Fargo, N. D., Jan. 22, 1908. She was a secretary in St. Paul, Minn., for several years and during the recent war went to Washington, D. C., to serve in the U. S. Weather Bureau office.

Surviving are her father, Andrew W. Berg, Black Duck, Minn.; two brothers, Robert A. Berg and Norman K. Berg, both of Black Duck; four sisters, Mrs. Anderson, and Miss Harriett E. Berg, Juneau, Alaska; Mrs. W. H. Keyser, Sacramento, Calif., and Mrs. Arlie Aaron, Los Angeles.

Funeral arrangements will be announced later by the Roseburg Funeral home.

another vehicle struck him.

The bodies of the young man and the dog lay side by side on the road. Both were dead.
