Hoover Going To Capital To Press Economy Plans

By JACK BELL
WASHINGTON—(AP)—Herbert Hoover is coming back to Washington to push along a new drive to reorganize the government as a step toward economy.

The Republican former president will speak next Monday night before the National Reorganization conference. His theme will be one that some GOP party members are voicing as a rallying cry for the 1950 Congressional campaigns—a contention that excess spending and high taxes are threatening the existence of the republic.

Speaking at a non-partisan forum, Hoover is expected to stick to his main topic that widespread savings can be made by reorganization of the government.

In a preview of his speech in New York last week, however, he covered a broader field. He said that the principal danger to the republic lies in the attitude of many groups in the country who think they ought to be fed by the taxpayers instead of making a living for themselves.

This is the sort of thing Senator Taft (R-Ohio) has been talking about in attacks on the "hand out state" which he says is the Truman administration's aim. Guy G. Gabrielson, the GOP national chairman, varied the phrase by calling it a "poor-house state."

Hoover said economy in government is a practice, not a theory. He is likely to find a difference of opinion in Washington over how much economy is practical.

Senator O'Mahoney (D-Wyo.), who agrees that wasteful spending ought to be eliminated, said it's a lot easier to talk about cutting the budget than to do it. The Wyoming Senator heads the Senate-house Economic committee. He told a reporter he thinks that any effort to cut outlays for such items as highway building and fighting stream pollution would merely reduce the opportunities for business and "cast a wet blanket upon our economy."

He noted that money for national defense, international payments, Veterans benefits and interest on the public debt now accounts for about 75 percent of the budget.

Tax Boast "Impossible" "The only substantial way of reducing expenditures beyond what the president has attempted is by further curtailing necessary outlays to contain Communism, to prepare for national defense and to meet obligations arising from past wars," he said. At the same time, O'Mahoney said that any increase in taxes, such as President Truman hinted at recently, not only would be a mistake but "a practical impossibility."

MOUNTAIN SHEEP FOUND IN YUKON—The scene pictured above is one made in Yukon Territory by James H. Bond, Portland, former Roseburg resident, while hunting mountain sheep near the Arctic Circle. Bond's motion picture, "Yukon Wilderness Wonderland" will be shown for the last time tonight, starting at 8 o'clock, at Roseburg Junior high school auditorium.

Soviet Factories Vie In Output To Honor Joe Stalin

MOSCOW—(AP)—All Moscow papers report factories throughout Russia are holding competitions to increase production in honor of Prime Minister Stalin's 70th birthday, Dec. 21.

Special articles listed resolutions by workers groups in various industries promising to increase output before the birthday celebration.

The papers also carried reports from the peoples (communist) democracies of preparations for celebrations there to honor the Soviet leader's anniversary.

Leading papers also carried portraits of Stalin in honor of the Soviet constitution day, celebrated throughout Russia Monday. The papers described at length the importance of the document, which they called the Stalin constitution.

In Prague the Czech government put on exhibit a whole building of birthday gifts to be sent to Stalin. Ranging from gingerbread to an airplane and enough to fill a long freight train, the gifts also included a

custom-built auto and a motorcycle, built by workers on "voluntary" overtime "Stalin shifts." (Berlin's Soviet-licensed press said the Zeiss Lens works at Jena had started work on a planetarium to be given Stalin as a birthday present. The Red press said the instruments would be the most modern in the world.) (Swedish communists also announced they were sending Stalin a birthday present but the party secretary would not say what it would be.)

WORK OR PAY TAX
BUCHAREST, Romania—(AP)—A government decree has ordered millions of Romanians—most of the nation's population—to work from two to 20 days a year on road building. Women were included in the order. Local councils may grant exemptions but persons who are exempted will be obliged to pay an equivalent road tax.
